RE: COVID-19 Update
DATE: Friday, March 24, 2023

Since the start of the COVID-19 pandemic, the Lakeside Union School District has followed state and local public health guidance, as well as all state regulations and laws related to the pandemic. The District will continue to do so moving forward. The COVID-19 state of emergency has now come to an end in the state of California. Our District will no longer maintain separate, stand-alone, COVID-19 plans. Going forward, the District will align with and follow the state level plans. Those recently updated plans can be located at the locations linked below:

[CDPH Schools Guidance \(updated March 20, 2023\)](#)

[CDPH Isolation and Quarantine Guidance \(effective March 13, 2023\)](#)

[Cal/OSHA COVID-19 Prevention Non-Emergency Regulations Frequently Asked Questions \(updated March 13, 2023\)](#)

[Testing Framework](#)

If you have specific questions relative to our District policies and procedures, please feel free to contact our District Nurse, Heather Sarti, RN at hsarti@lakesideusd.org. You have our sincere thanks for all of your efforts to keep our Lakeside Community safe during these past three years. Without your effort and cooperation, things would have been much worse for our tight knit community. We could not be more grateful to you.

It is critically important, for us to remain vigilant in our hand washing practices and COVID-19 testing for everyone who may be having symptoms of COVID-19. We will continue to maintain personal protective equipment & supplies on hand. COVID-19 testing kits will be available for those who may need them.

Take care,

Ty Bryson
Superintendent
