Monday, October 19, 2020

Pursuant to the Blueprint for a Safer Economy issued by the Governor's office on August 28, 2020, and other applicable authority, schools within a county are permitted to reopen for in-person instruction 14 days after the state transitions the county from Tier 1 to Tier 2.

On behalf of Lakeside Union School District, this document shall serve as official notice of the District's intention to begin the process of reopening its public schools, in a phased manner, on October 28, 2020. Lakeside Union School District will implement the reopening of its schools pursuant to its Reopening Schools Plans prepared by the District in consultation with current health and safety guidance from the California Department of Public Health. The District's current updated Reopening Schools Plans are posted to its school and District websites. The schedule for reopening each school within the District will be maintained on the District's website and each school website.
