School Accountability Report Card

Reported Using Data from the 2012-13 School Year

Published During 2013-14

Every school in California is required by state law to publish a School Accountability Report Card (SARC), by February 1 of each year. The SARC contains information about the condition and performance of each California public school.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC webpage at <http://www.cde.ca.gov/ta/ac/sa/>.
- For additional information about the school, parents and community members should contact the school principal or the district office.

I. Data and Access

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., state Academic Performance Index [API], federal Adequate Yearly Progress [AYP]), test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Additional Information

For further information regarding the data elements and terms used in the SARC see the 2012–13 Academic Performance Index Reports Information Guide located on the CDE API Web page at <http://www.cde.ca.gov/ta/ac/ap/>.

School Description and Mission Statement (School Year 2012-13)

This section provides information about the school, its programs and its goals.

Principal's Message

Dear Parents,

I would like to welcome you to Lakeside School's Annual School Accountability Report Card. Information about our school is presented in the form of compliance with Proposition 98, which identifies the school accountability report card as a required component that every school in California must issue.

Our top two priorities at Lakeside School are safety and academic achievement. Lakeside School's commitment to excellence is characterized by a school community that values education and works together to serve the needs of all the students. We strive to maintain high expectations and a positive safe school climate with frequent home-school communication.

Our Lakeside community is a team of dedicated teachers, support staff, students and parents that are committed to preparing students for the 21st century. We welcome you to join us in our sharing of an outstanding academic climate for all students. We take great pride in our tradition of service to our school community.

...Learning Today, Leading Tomorrow

District Mission

The Lakeside Union School District is committed to a quality educational program, responsive to the needs of its students within a safe nurturing environment. The staff, students, parents, and community assume responsibility for each student's academic and personal success. Recognizing the worth and dignity of each student, the Lakeside Union School District prepares all students to achieve to their fullest potential. Our goal is to produce students who make informed decisions, as they become responsible citizens and productive members of society.

Lakeside School Profile

Lakeside School was built in the 1940's and currently services over 562 students in kindergarten through eighth grade; the student body includes approximately 10% receiving special education services, 12% qualifying for English learner support, and 55% receiving free or reduced-price lunch. K-5 instruction is provided in self-contained classrooms; students in sixth, seventh, and eighth grade receive instruction in a departmentalized format.

Opportunities for Parental Involvement (School Year 2012-13)

This section provides information on how parents can become involved in school activities, including contact information pertaining to organized opportunities for parent involvement.

Parents are encouraged to be involved in their child's learning environment by attending school events, serving on a school committee, and volunteering at the school. Staff welcome parents' assistance in the classroom or library, chaperoning field trips, and organizing fund-raisers.

Back to School Night, Open House, the Harvest Carnival, Camp Keep, Eighth Grade Graduation, parent conferences, and Bulldog Days provide wonderful experiences for parents to interact with the school community while supporting their child's efforts. As a member of the School Site Council, English Learner Advisory Council, or one of the booster clubs, parents have the opportunity to provide input on school activities, programs, and financial planning. The School Site Council, an elected group of parents and school staff, is a major governing body that provides guidance for and approves the school site plan, school budget, and school safety plan.

Lakeside School supports parent involvement in all school activities and programs by emphasizing communication (in both English and Spanish) between the school and home. Newsletters, telephone calls, letters, flyers, parent conferences, the school website, the automated telephone message system, and monthly bulletins are used to keep parents up to date on school information and student progress. The school's web site is a valuable resource for general information about the school and its programs, schedules, staff, and educational resources. School staff encourage parents to present ideas and suggestions at meetings on an individual basis or by written communication. Parents may contact their child's teacher or school office staff at (661) 831-3503 for more information about Lakeside School or to volunteer their talents.

III. Student Performance

The Standardized Testing and Reporting (STAR) Program consists of several key components, including:

- **California Standards Tests (CSTs)**, which include English-language arts (ELA) and mathematics in grades two through eleven; science in grades five, eight, and nine through eleven; and history-social science in grades eight, and nine through eleven.
- **California Modified Assessment (CMA)**, an alternate assessment that is based on modified achievement standards in ELA for grades three through eleven; mathematics for grades three through seven, Algebra I, and Geometry; and science in grades five and eight, and Life Science in grade ten. The CMA is designed to assess those students whose disabilities preclude them from achieving grade-level proficiency on an assessment of the California content standards with or without accommodations.
- **California Alternate Performance Assessment (CAPA)**, includes ELA and mathematics in grades two through eleven, and science for grades five, eight, and ten. The CAPA is given to those students with significant cognitive disabilities whose disabilities prevent them from taking either the CSTs with accommodations or modifications or the CMA with accommodations.

The assessments under the STAR Program show how well students are doing in relation to the state content standards. On each of these assessments, student scores are reported as performance levels.

For detailed information regarding the STAR Program results for each grade and performance level, including the percent of students not tested, see the CDE STAR Results Web site at <http://star.cde.ca.gov>.

Standardized Testing and Reporting Results for All Students - Three-Year Comparison

California Physical Fitness Test Results (School Year 2012-13)

The California Physical Fitness Test (PFT) is administered to students in grades five, seven, and nine only. This table displays by grade level the percent of students meeting the fitness standards for the most recent testing period. For detailed information regarding this test, and comparisons of a school's test results to the district and state, see the CDE PFT Web page at <http://www.cde.ca.gov/ta/tg/pf/>.

Grade Level	Percent of Students Meeting Fitness Standards		
	Four of Six Standards	Five of Six Standards	Six of Six Standards
5	18.2	18.2	12.1
7	18.4	23.0	19.1

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

IV. Accountability

Academic Performance Index

The Academic Performance Index (API) is an annual measure of state academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. For detailed information about the API, see the CDE API Web page at <http://www.cde.ca.gov/ta/ac/ap/>.

Academic Performance Index Ranks - Three-Year Comparison

This table displays the school's statewide and similar schools' API ranks. The statewide API rank ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest ten percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest ten percent of all schools in the state.

The **similar schools API rank** reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing ten schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

API Rank	2010	2011	2012
Statewide	3	4	5
Similar Schools	5	5	6

Academic Performance Index Growth by Student Group – Three-Year Comparison

Group	Actual API Change

English Learners	1	21	-2
Students with Disabilities			

Note: "N/D" means that no data were available to the CDE or LEA to report. "B" means the school did not have a valid API Base and there is no Growth or target information. "C" means the school had significant demographic changes and there is no Growth or target information.

Academic Performance Index Growth by Student Group - 2013 Growth API Comparison

This table displays, by student group, the number of students included in the API and the 2013 Growth API at the school, LEA, and state level.

Adequate Yearly Progress

The federal ESEA requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in ELA and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

For detailed information about AYP, including participation rates and percent proficient results by student group, see the CDE AYP Web page at <http://www.cde.ca.gov/ta/ac/ay/>.

Adequate Yearly Progress Overall and by Criteria (School Year 2012-13)

AYP Criteria	School	District
Made AYP Overall	No	No
Met Participation Rate: English-Language Arts	Yes	Yes
Met Participation Rate: Mathematics	Yes	Yes
Met Percent Proficient: English-Language Arts	No	No
Met Percent Proficient: Mathematics	No	No
Met API Criteria	Yes	Yes
Met Graduation Rate (if applicable)	N/A	N/A

Federal Intervention Program (School Year 2013-14)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (ELA or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. For detailed information about PI identification, see the CDE PI Status Determinations Web page: <http://www.cde.ca.gov/ta/ac/ay/tidetermine.asp>.

School Safety Plan (School Year 2012-13)

This section provides information about the school's comprehensive safety plan, including the dates on which the safety plan was last reviewed, updated, and discussed with faculty; as well as a brief description of the key elements of the plan.

The Comprehensive School Site Safety Plan was originally developed for Lakeside School in collaboration with local agencies and district administration to fulfill Senate Bill 187 requirements. Components of this plan include child abuse reporting procedures, teacher notification of dangerous pupil procedures, disaster response procedures, procedures for safe arrival and departure from school, sexual harassment policy, and dress code policy. Lakeside School's most recent school safety plan was reviewed, updated, and shared with school staff in October 2012.

Suspensions and Expulsions

Rate	School			District		
	2010-11	2011-12	2012-13	2010-11	2011-12	2012-13
Suspensions	.45	.69	.20	.66	.80	.14
Expulsions	0	0	0	0	0	0

Note: The rate of suspensions and expulsions is calculated by dividing the total number of incidents by the total enrollment x 100.

VI. School Facilities

School Facility Conditions and Planned Improvements (School Year 2013-14)

This section provides information from the most recent Facility Inspection Tool (FIT) data (or equivalent), including:

- Description of the safety, cleanliness, and adequacy of the school facility
- Description of any planned or recently completed facility improvements
- Description of any needed maintenance to ensure good repair

Lakeside School provides a safe, clean environment for learning through proper facilities maintenance and campus supervision. Original facilities were built in 1942; ongoing maintenance and improvements ensure campus facilities remain up to date and provide adequate space for students and staff.

2012-13 Campus Improvements:

- Roofing project completed
- Air conditioning platforms and venting

As students arrive on campus each morning, instructional aides, administrators, and teachers provide supervision on the play yard, in the hallways, and in the cafeteria. During K-5 recess, teachers, administrators, and instructional aides are stationed on the playground to monitor student activities. The principal, vice principal, and instructional aides share supervision of students in the cafeteria and on the playground during the lunch period. When students are dismissed at the end of the day, instructional aides, administrators, and teachers are strategically placed in exit areas and bus loading zones to ensure students leave campus in a safe and orderly manner.

The principal and vice principal are immediately available through cell phones. The custodians, school office, and individuals supervising students carry either cell phones or hand-held radios to quickly facilitate emergency as well as routine communications. Teachers monitoring playground activities also have a first-aid kit available to quickly and easily address minor injuries.

Lakeside School is a closed campus; when instruction starts there is a single entry onto the campus. Visitors are required to check in at the front office upon arrival, wear an identification tag while on campus, and then return to the school office upon departure.

Staff members are trained to activate lock down procedures in the event of an emergency. Fire, earthquake, or disaster drills are held monthly. Local law enforcement quickly responds to concerns as they arise.

School Inspections

Schools are required by state law to conduct a formal inspection annually of designated areas and systems and then prepare a report on the current condition of facilities. Lakeside School's most recent inspection took place on June 10, 2013; the School Facility Good Repair Status table illustrated in this report identifies the state-required inspection areas and discloses the operational status in each of those areas. During the 2012-13 school year, 100% of restrooms were fully operational and available for student use at all times.

School Site Safety Plan

The Comprehensive School Site Safety Plan was originally developed for Lakeside School in collaboration with local agencies and district administration to fulfill Senate Bill 187 requirements. Components of this plan include child abuse reporting procedures, teacher notification of dangerous pupil procedures, disaster response procedures, procedures for safe arrival and departure from school, sexual harassment policy, and dress code policy. Lakeside School's most recent school safety plan was reviewed, updated, and shared with school staff.

The district administers a scheduled maintenance program to ensure that all classrooms and facilities are well-maintained and in good repair. The district's maintenance department manages larger projects that may require third party contractors. School custodians are qualified and equipped to handle minor routine repairs and maintenance projects.

A universal work order process is used district-wide. The M&O Director reviews and approves all work orders before they are prepared by office staff and submitted to M&O for resolution. The district's maintenance department prioritizes incoming requests based upon the nature of the project. Safety issues are always given the highest priority and resolved immediately by either the site custodian or M&O staff. The principal or custodial staff contact M&O via cell phone or hand-held radio for urgent situations.

Lakeside School is proud of its high standards regarding campus maintenance and general housekeeping practices. Custodial staff are supervised by and collaborate with the district's Director of M&O to ensure classrooms and campus grounds are well-maintained and kept safe and functioning for students, staff, and visitors. Custodians follow a detailed set of cleaning standards, schedules, and policies for maintaining a clean and safe environment for learning. Upon hire, custodians participate in a formal training session that covers state mandated health and safety topics. Once a month, the Director of M&O meets with custodians to address safety issues, district policies, and school activities schedules.

The principal communicates frequently with custodians regarding school facilities and safety issues, custodial responsibilities, and housekeeping needs. Every morning before school begins, the day custodian secures the school gates and inspects school facilities for safety hazards and maintenance issues that require attention before staff and students arrive on campus. Any graffiti or signs of vandalism are removed immediately. All staff members share the responsibility to check restrooms frequently as a proactive measure in keeping facilities stocked, safe, and sanitary.

One full-time day custodian and two part-time day custodians are assigned to Lakeside School for routine maintenance, daily custodial duties, and special events. The day custodians' routine includes general maintenance duties; preparing facilities for mealtime activities; cleaning the cafeteria after meals are served; cleaning restrooms and classrooms; and fulfilling basic custodial needs for students and staff. Two full-time evening custodians are responsible for cleaning classrooms and restrooms. One full-time groundskeeper is responsible for maintaining landscaping and irrigation systems. The Director of M&O follows-up regularly to ensure custodians are following the district's cleaning standards and to survey campus facilities to identify deficiencies that should be corrected to maintain high safety and cleanliness standards.

Deferred Maintenance

Lakeside Union School District participates in the State School Deferred Maintenance Program which provides dollar-for-dollar matching funds to assist school districts with major repairs or replacement of existing school building components; these typically include roofing, plumbing, heating, air conditioning, electrical systems, interior/exterior painting, and floor systems. Lakeside Union School District allocates a portion of deferred maintenance funds to Lakeside School for building repairs.

* Total Teacher Misassignments includes the number of Misassignments of Teachers of English Learners.

Core Academic Classes Taught by Highly Qualified Teachers (School Year 2012-13)

The federal ESEA, also known as NCLB, requires that core academic subjects be taught by Highly Qualified Teachers, defined as having at least a bachelor's degree, an appropriate California teaching credential, and demonstrated core academic subject area competence. For more information, see the CDE Improving Teacher and Principal Quality Web page at www.cde.ca.gov/nclb/sr/tq/.

Location of Classes	Percent of Classes In Core Academic Subjects

This School	100.0	0.0
All Schools in District	100.0	0.0
High-Poverty Schools in District	100.0	0.0
Low-Poverty Schools in District	0.0	0.0

Note: High-poverty schools are defined as those schools with student eligibility of approximately 40 percent or more in the free and reduced price meals program. Low-poverty schools are those with student eligibility of approximately 39 percent or less in the free and reduced price meals program.

VIII. Support Staff

Academic Counselors and Other Support Staff (School Year 2012-13)

Title	Number of FTE Assigned to School	Average Number of Students per Academic Counselor
Academic Counselor	0	0

Resource Specialist	2	---
Other	0	---

Note: One Full Time Equivalent (FTE) equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time.

IX. Curriculum and Instructional Materials

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2013-14)

This section describes whether the textbooks and instructional materials used at the school are from the most recent adoption; whether there are sufficient textbooks and instruction materials for each student; and information about the school's use of any supplemental curriculum or non-adopted textbooks or instructional materials.

Year and month in which data were collected: 10/8/2013

All textbooks used in the core curriculum are aligned to the California Content Standards and Frameworks. Instructional materials for grades K-8 are selected from the state’s most recent list of standards-based materials and adopted by the State Board of Education. The district follows the State Board of Education’s six-year adoption cycle for core content materials. District textbook review and adoption activities occur the year following the state’s adoption.

On September 11, 2012 and more recently October 8, 2013 the Lakeside Union School District’s Board of Trustees held a public hearing to certify the extent to which textbooks and instructional materials have been provided to students. The Board of Trustees adopted a Resolution which certifies as required by Education Code §60119 (1) that each pupil has a textbook or instructional materials, or both, to use in class and to take home, and (2) that sufficient textbooks and instructional materials were provided to each student, including English learners, that are aligned to the academic content standards and consistent with the cycles and content of the curriculum frameworks in math, science, history-social science, and English/language arts, including the English language development component of an adopted program, and (3) that sufficient textbooks or instructional materials were provided to each pupil enrolled in foreign language or health classes.

Library Resources

The library is open between 8:00 a.m. and 3:15 p.m. Students have access to a wide variety of books for all reading levels. Dictionaries, encyclopedias, maps, and charts are available to support current classroom lessons. Six Internet-accessible computers are used for title searches, research, and Accelerated Reader testing. Students visit the library a minimum of once a week with their class; middle school students visit the library regularly as a component of their language arts class.

Technology Resources

Lakeside School had a total of 70 computers; all of which were connected to the Internet. Lakeside School has one computer lab featuring 32 workstations. Students visit the computer lab weekly as a class for 45 minutes. Whole class instruction supports the core curriculum in the form of multimedia projects, writing assignments, research, student reports/projects, basic keyboarding and assessments. Teachers determine the best methods to integrate technology into reading and language arts lessons in accordance with district technology standards. All classrooms are equipped with televisions and video players; media content is aligned to state standards. All classrooms have access to LCD projectors, document cameras, and Promethian boards (interactive whiteboards) to enhance delivery of class lessons.

XI. Instructional Planning and Scheduling

Professional Development

This section provides information on the number of days provided for professional development and continuous professional growth in the most recent three year period. Questions that may be answered include:

- What are the primary/major areas of focus for staff development and specifically how were they selected? For example, were student achievement data used to determine the need for professional development in reading instruction?
- What are the methods by which professional development is delivered (e.g., after school workshops, conference attendance, individual mentoring, etc.)?
- How are teachers supported during implementation (e.g., through in-class coaching, teacher-principal meetings, student performance, and data reporting, etc.)?

Lakeside School makes every effort to meet the academic, emotional, and physical needs of our students. Counseling support is provided by school administrators and teachers.

Lakeside School acquires highly qualified nonteaching support staff as needed through the Kern County SELPA for: health services, speech and language therapy, occupational therapy, adapted and physical therapy, psychological services, deaf and hard of hearing services, and vision, orientation, and mobility services.

All training and curriculum development at Lakeside Union School District revolves around the California Content Standards and Frameworks. All training activities are focused on curriculum and driven by teacher and student needs. Staff development activities are selected through a collaborative effort of teaching staff and based upon assessment results, staff survey results, feedback from both teaching and administrative staff, school goals and through bi-weekly data team meetings.
