Parent/Student Handbook

YOUR SCHOOL IS WHAT YOU MAKE IT

The Lakeside School District Parent/Student Handbook will give you information about your school. Read the handbook carefully so you will know what is expected of you. Share this handbook with your parents so they will also know what to expect. Everything in this document is subject to change. Parents and students will be notified when significant changes are made.

A School Spirit Day is scheduled each month for Kindergarten through eighth grades. Lakeside School colors are red and white with black highlights and the mascot is the bulldog.

You, the student, come to school each year to further your education. This is prescribed by law because the people of our country believe that it is important that everyone be well educated in order to fulfill the responsibilities of citizenship in a democratic government such as we have in the United States.

By and large, you do not have a choice about the subjects you will study, the way classes are organized, and the rules and regulations you must abide by. Because of this, you may feel you do not have much to say about your school. This is not true because beyond the area where you do not have much of a choice is the area where you do have a choice and can have something to do and say about the running of your school. It is what you, the students; do with this area of choice that really makes the difference between having a school with a lot of spirit or one that is spiritless.

The Student Council is your organization for initiating those activities you would like to see in existence at Lakeside. To have a good Student Council is very important when it comes to having a good school. However, there is something still more important, and that is you.

Each of you has the responsibility to be the best Lakeside citizen possible. By accepting this responsibility, you, as Lakeside students, can feel pride in the fact that you helped make it that way.

ARRIVAL, DISMISSAL, AND SUPERVISION

Kindergarten through sixth grade students should not arrive at school before 7:50 am. 7th-8th grade students should not arrive before 8:40 am without daily written permission from the teacher who will be directly supervising the student once he/she arrives at school. Our playground supervisors come on duty at that time. All students will enter the school through the main entrance, or at the bus drop off zone. Dismissal for Kindergarten through fifth grade is at 2:22 pm. Dismissal for sixth through eighth grade is at 3:24 pm. Exceptions are for after school activities. Lakeside School utilizes surveillance systems throughout the school.

For safety purposes all Kindergarten-fifth grade students being picked-up from school are to be escorted to their vehicle by their parent/guardian. Students will not be allowed to enter the parking lot without a parent/guardian at their side.

Children Leaving During the School Day

No pupil shall leave the school unless their parent/guardian calls in person at the office and requests that he/she be excused. When possible, please phone or send a note ahead of time so the teacher can be notified and have assignments arranged. A note sent to school should first go to the office and then be taken to the classroom teacher in order that adults in charge are aware of any changes made.

No pupil will leave the classroom until the parent/guardian is at the office. Please make every effort to keep leaving school early at a minimum. It is very disruptive to the class when someone leaves early.

The principal shall not permit a student to leave school in the custody of a person other than the student's parent/guardian unless that person has the verified authorization of one of the parents.

Children Remaining at School

On Booster Club meeting days, during parent conferences, or during sporting activities children are not to remain on school grounds without parent supervision. A note must be sent to school requesting that your child stay if you plan to be at school for a particular function.

Extended Day Care

Extended day care is available at Suburu School to all students on a monthly or scheduled drop-in basis. Please contact the Boys and Girls Club, if you are interested in registering your child for this service.

EXCUSED ABSENCES

Procedure

Students who have been absent should report to the office as soon as they get off the bus (before class begins) to pick up their "Admit to Class" slip or bring a note stating the reason of absence for the teacher to send to the office.

State law requires that the district keep a record of the reason for absence. A telephone call to the office on the day of absence is the easiest way. If you are unable to call on the day of absence, please send a note with your child when he/she returns. The note **MUST** contain the date and reason for absence.

According to law (E.C. section 48205), your child will be excused for absence when it is:

- a. Due to the pupil's illness, including an absence for the benefit of the pupil's mental or behavioral health.
- b. Due to quarantine under the direction of a county or city health officer.
- c. For the purpose of having medical, dental, optometrical, or chiropractic services rendered.
- d. For the purpose of attending the funeral services of a member of the pupil's immediate family, so long as the absence is not more than one day if the service is conducted in California and not more than three days if the service is conducted outside California.
- e. For the purpose of jury duty in the manner provided by law.
- f. Due to the illness or medical appointment during school hours of a child of whom the pupil is the custodial parent, including absences to care for a sick child, for which the school shall not require a note from a doctor.
- g. For justifiable personal reasons, including but not limited to, an appearance in court, attendance at a funeral service, observance of a holiday or ceremony of pupil's religion, attendance at religious retreats, attendance at an employment conference, or attendance at an educational conference on the legislative or judicial process offered by a nonprofit organization when the pupil's absence is requested in writing by the parent/guardian and approved by the principal or a designated representative pursuant to uniform standards established by the governing board of the school district.
- h. For the purpose of serving as a member of a precinct board for an election pursuant to Section 12302 of the Elections Code.
- i. For the purpose of spending time with a member of pupil's immediate family, who is an active duty member of the uniformed services, as defined in E.C. section 49701, and has been called to duty for, is on leave from, or has immediately returned from, deployment to a combat zone or combat support position. Such absences will be granted for a period of time to be determined at the discretion of the Superintendent of the school district.
- j. For the purpose of attending pupil's naturalization ceremony to become a United States citizen.
- k. For the purpose of participating in a cultural ceremony or event.
- l. For the purpose of a middle school or high school pupil engaging in a civic or political event, provided that the pupil notifies the school ahead of the absence. Pupils will only be excused for only one schoolday-long absence per school year. Pupils may be permitted additional excused absences in the discretion of a school administrator.
- m. Authorized at the discretion of a school administrator, as described in subdivision (c) of Section 48260.

Health and Safety Services

General Health Students should be free from disease, fever, colds, sores, and skin rashes. If any of these are present, your child should be kept home until all signs and symptoms are gone. If your child is absent, either phone or send a note to tell the reason (see Attendance). When your child returns, he is to report to the office as soon as he gets off the bus and before school begins to pick up his "Admit to Class" slip. If your child has a communicable disease, a doctor should be consulted as to the care and when your child should return to school. A doctor's note is necessary before a student can be excused from physical education for more than two days. Parents should inform the classroom teacher, school nurse, or office staff concerning special health needs. A health record is on file for each student.

Obtaining Confidential Medical Services (E.C. section 46010.1)

A pupil may be excused from the school for the purpose of obtaining medical services that are private in nature and scheduled confidentially, that is, without the consent of the pupil's parent or guardian.

Absence for Religious Purposes (E.C. section 46014)

With your written permission, your child may be excused to attend religious exercises or to receive moral and religious instruction away from school. However, your child will be required to complete a certain number of minutes for that day. Such absences are limited to four days per month.

Absence to Care for a Sick Child (E.C. section 46015)

Absence to care for a sick child is an excused absence and the school is prohibited from requiring a note from a doctor for such an absence.

No Grade Reduction or Loss of Academic Credit (E.C. section 48205)

Your child shall not have his/her grade reduced or lose academic credit for any excused absence(s) if missed assignments and tests can be reasonably provided and are satisfactorily completed in a reasonable time.

SCHOOL ATTENDANCE OPTIONS

Enrollment in Neighborhood School (E.C. section 48980)

Generally, children may attend a school run by the district in which their parents reside. Districts usually enroll children in their neighborhood school. Their neighborhood school is the school which the district has designated to serve the area in which their family resides.

In addition, the district tries to provide options so that parents who reside in one attendance area may choose to enroll their child in a school that is designated to serve another attendance area. Further, families may choose to enroll their child at a school run by another school district all-together instead of attending a school run by their own school district.

The rules governing enrollment/attendance options are designed to not only address the diverse needs and interests of district families, but also balance enrollment in order to maximize the efficient use of district facilities. There are limitations and requirements associated with each such option and transportation assistance to and from the receiving school receiving the student is generally not provided.

Intradistrict Open Enrollment (E.C. section 35160.5(b))

The parents/guardians of any student who resides within district boundaries may apply to enroll their child in any district run school instead of their neighborhood school. However, no student currently residing within a school's attendance area may be displaced by another student transferring from outside the attendance area.

Enrollment priority is given to:

Students whose neighborhood school has been classified as "persistently dangerous." (20 USC 7912; 5 CCR 11992-11993.)

Any student who is a victim of a violent crime while on school grounds. (20 USC 7912; 5 CCR 11992-11993.)

Additional priorities are set forth in the school district's intradistrict open enrollment policy (BP/AR section 5116.1).

The district determines the number of spaces available for each grade level and/or program at each district school to which a student attending another district school may transfer. Except for priorities listed above, the school district uses a random, unbiased selection process to determine who shall be admitted whenever the school receives enrollment requests that are in excess of the school's capacity at the pertinent grade level or in the pertinent program.

The application and selection process is more fully explained in the school district's intradistrict open enrollment policy (BP/AR section 5116.1) and the Open Enrollment Act transfers policy (BP/AR section 5118).

Interdistrict Transfers (E.C. section 46600(a)(b) and section 46601)

A. Interdistrict Attendance Agreements and Permits

A student who resides in one district may transfer to and enroll at a school in another district pursuant to a permit issued under an interdistrict attendance agreement between the two school districts. Both districts must consent to the transfer.

The victim of an act of bullying, committed by a pupil of the district of residence, is given priority for interdistrict attendance. Until the district is at maximum capacity, the district shall accept any student whose interdistrict transfer application is based on being the victim of an act of bullying or a child of an active duty military parent/guardian. Unless the interdistrict attendance agreement expressly provides otherwise, the student does not have to reapply annually, or at all, and must be allowed to continue to attend

the school in which he or she first enrolls. Neither the sending nor receiving districts are required to consent to the transfer.

The application and selection process and appeals process are more fully explained in the school district's interdistrict enrollment policy (BP/AR section 5117).

B. School District of Choice Program (E.C. section 48300-48317)

A school district may enact the School District of Choice Program. The program allows the receiving district to enroll non-district students without the agreement of their district of residence. Under this program, priority must be given to siblings of children already in attendance and the receiving district may also give priority to children of military personnel.

Once enrolled pursuant to the School District of Choice Program, the transfer is renewed automatically unless the governing board withdraws from the program. However, the student does not have a regulatory right to stay at the same school as in the case of a Section 46600 interdistrict attendance agreement. Additionally, the district of residence may impose a statutorily-set cap on the total number of students transferring out of the district, and the district of choice is required to give certain notices to districts of residence.

If a district has not chosen to become a School District of Choice, then a parent may not choose to transfer under the provisions of the program. The process is more fully explained in the school district's interdistrict enrollment policy (BP/AR section 5117).

The District desires to offer enrollment options in order to provide children with opportunities for academic achievement that can meet their diverse needs. Such options are also provided to children who reside within another district's boundaries in accordance with law, Board policy, and administrative regulation.

A parent whose child is attending a district school on the Open Enrollment List and who wishes to have his/her child attend another school within the District must apply using the District's Intradistrict Open Enrollment policy. Information regarding the application process and applicable deadlines can be obtained from the District office.

Employment-Based Residency (E.C. section 48204(b))

A school district may adopt a policy which permits non-district students to enroll, without the agreement of their district of actual residence, if the student's parent or guardian is physically employed for a minimum of at least 10 hours per week within the geographical boundaries of the school district. A district adopting such a policy is not required to enroll every such student.

Once a student has enrolled pursuant to the employment-based residency rule, the student must be allowed to continue to attend a school within the district. However, there is no regulatory requirement that the student be allowed to continue to attend any particular school as in the case of a Section 46600 interdistrict attendance agreement.

The process is more fully explained in the school district's interdistrict enrollment policy (BP/AR section 5111.12(a)).

Students Residing with a Care-giving Adult (E.C. section 48204(a)(5))

A student who lives in the home of a caregiving adult within the boundaries of the school district is a resident of the school district. If the caregiver provides an affidavit under penalty of perjury, pursuant to the California Family Code (commencing with Section 6550), that is a sufficient basis for determining the pupil lives in the home of the caregiver, unless the school district determines from actual facts that the pupil is not living in the caregiver's home.

The process is more fully explained in the school district's residency policy (BP and AR section 5111.1).

Students Residing in a Licensed Children's Institution (E.C. section 48204(a)(1))

A student placed in a regularly established licensed children's institution, or a licensed foster home, or a family home pursuant to a commitment or placement under Welfare and Institutions Code, located within the boundaries of the school district may attend a school run by the district.

The process is more fully explained in the school district's residency policy (BP/AR section 5111.1).

Foster Youth (E.C. sections 48204(a)(2) and 48853.5)

Students who are or become "Foster" children must be permitted to continue their education at their "school of origin" through the end of the academic year and maybe longer if that placement is in their best interests. This rule applies as long as they remain "Foster" children. On the other hand, if the district's Educational Liaison and the Foster family agree that enrollment in a "new" school is in the best interest of the "Foster" child, the new school must immediately enroll the child. Foster children must be allowed to matriculate with their peers in accordance with the established feeder patterns of the school district when transitioning to middle school or high school.

The process is more fully explained in the school district's education for foster youth policy (BP/AR section 6173.1).

Emancipated Youth (E.C. section 48204(a)(4)); Fam. Code section 7000 and following)

An emancipated student whose residence is located within the boundaries of a school district is considered a resident of that district and may attend the district's schools. An emancipated student is a minor whose parent or legal guardian has been relieved of responsibility, control, and authority through an emancipation procedure in court.

The process is more fully explained in the school district's residency policy (BP/AR section 5111.1).

Students Residing in a State Hospital (E.C. section 48204(a)(6))

A student residing in a state hospital located within the boundaries of a school district is deemed a resident of that district.

The process is more fully explained in the school district's residency policy (BP/AR section 5111.1).

“Homeless” Students (42 USC 11413-114350)

A student whose parents come within the McKinney-Vento criteria for homelessness may, if they so choose, continue enrollment in the school they were attending prior to becoming homeless even if now living elsewhere in or outside of the district’s boundaries. Note that they may also choose the neighborhood school in their new district instead.

Also note that McKinney-Vento gives homeless students transportation rights. The new district and old district, together, must make transportation arrangements for the student.

The process is more fully explained in the school district’s education for homeless children policy (BP/AR section 6173).

Students Receiving Special Education Services Pursuant to an Individualized Education Program (IEP) or a 504 Plan (20 USC 1400 and following; 34 CFR 300.114-300.118)

IEP teams and the Individuals with Disabilities Education Act (IDEA), not district administrators and/or other federal/state legislation, determine the placement of IDEA eligible students. The requirements of IDEA necessitate placement where the student can receive a Free and Appropriate Public Education (FAPE) in the Least Restrictive Environment (LRE). LRE tends to create a preference favoring sites in relatively close proximity to the student’s home provided that the student can receive FAPE at that site.

The same is generally true of students receiving special education services pursuant to Section 504 of the Rehabilitation Act of 1973 (29 USC 794; CFR 104.33 and 104.34).

The process is more fully explained in the school district's policies on Identification and Education Under Section 504 and on Individualized Education Programs (BP/AR sections 6164.6 and 6159).

Individualized Instruction (E.C. sections 48206.3 and 48980(b))

If your child has a temporary disability which prevents your child from attending regular classes, the district will provide individual instruction when possible.

Students in Hospitals Outside of School District (E.C. sections 48206.3, 48207, 48208)

If, due to a temporary disability, your child is in a hospital or other residential health facility which is located outside your school district, your child may be eligible to attend the school district in which the hospital is located. If this situation should arise, you should notify both the district where you reside and the district where the hospital is located so that individualized instruction, if possible, can be provided.

Alternative School or Class Group within the District (E.C. section 58500)

A school district may establish and maintain an “alternative” school or a separate class group within the district that is designed to:

- (a) Maximize the opportunity for students to develop the positive values of self-reliance, self-motivation, initiative, kindness, spontaneity, resourcefulness, courage, creativity, responsibility, and joy.
- (b) Recognize that the best learning takes place when the student learns because of his desire to learn.
- (c) Maintain a learning situation maximizing student self-motivation and encouraging the student in his own time to follow his own interests. These interests may be conceived by him totally and independently or may result in whole or in part from a presentation by his teachers of choices of learning projects.
- (d) Maximize the opportunity for teachers, parents and students to cooperatively develop the learning process and its subject matter. This opportunity shall be a continuous, permanent process.
- (e) Maximize the opportunity for the students, teachers, and parents to continuously react to the changing world, including but not limited to the community in which the school is located.

In the event any parent, pupil, or teacher is interested in further information concerning, alternative schools, the county superintendent of schools, the administrative office of this district, and the principal's office in each attendance unit have copies of the law available for your information. This law particularly authorizes interested persons to request the governing board of the district to establish alternative school programs in each district.

Independent Study

If your student must be absent from school for five or more days, please call us and we will arrange an Independent Study Contract packet. Requests should be made at least one week in advance. These packets, when completed by your student while away from school, can be used by us to ensure that learning is taking place. Also, the law allows us to use these contracts as proof that your student was still accountable to the school and we then can claim ADA for their absence. All you need do as a parent is make sure that the *work is completed, signed, and returned to the school office on the day your child returns to school. If the Independent Study Contract is not returned the student will be given an unexcused absence.*

Charter Schools (E.C. sections 47600-47663; 5 CCR 11963)

Charter Schools are governed by the Education Code, but free of most of the code's restrictions. The two main forms of charter schools are classroom-based or non-classroom-based instruction. Non-classroom-based instruction, commonly referred to as "independent study," takes place primarily at home or outside the traditional classroom-based school setting.

Private Schools

Children may be instructed in a private full-time day school by persons qualified to teach in the State of California (E.C. sections 33190 and 33195). Private schools are selected and paid for by the student's parents.

Mentally Gifted Students (E.C. section 48223)

Children who are mentally gifted and who are being instructed in a private full-time day school by persons capable of teaching, where all or part of the courses of instruction required to be taught in the public schools of this state is taught in a world language with not less than 50 percent of the total daily instructional time taught in the English language, shall be exempted. The attendance of the pupils shall be kept pursuant to Section 48222.

Private Tutors (E.C. section 48224)

As an alternative to a private school, children may be instructed by a private tutor, who must hold a valid state credential for the applicable grade level. Parents and tutors are selected and paid for by student's parents.

Homeschooling (Jonathan L. v. Superior Court (2008) 165 Cal. APP. 4th 1074)

Homeschooling in California is either performed by a parent who files a private school affidavit or a parent who qualifies as a private tutor.

STUDENT MISCONDUCT AND DISCIPLINE

The Obligations of a Student While at School (5 CCR 300)

The Board of Trustees of the Lakeside Union School District believes that the conduct of students attending the school must establish an educational climate conducive to the furtherance of educational opportunities for youth and the promotion of learning. To assure this aim the people of the state have empowered local boards of education to regulate student conduct. A comprehensive discussion of the rules and offenses related to student discipline can be obtained at the school office.

"The governing board of any school district shall prescribe rules not inconsistent with law or with rules prescribed by the State Board of Education, for the government and discipline of the schools under its jurisdiction." [EC 35291]

Every student must:

- Attend school punctually and regularly;
- Conform to the regulations of the school;
- Obey promptly all the directions of his teacher and others in authority;
- Observe good order and propriety of deportment;
- Be diligent in study; respectful to his/her teacher and others in authority; kind and courteous to schoolmates; and refrain entirely from the use of profane and vulgar language.

Academic Integrity

Each student has a moral obligation to complete his/her own schoolwork. Cheating and plagiarism are wrong. Cheating is fraudulent or deceptive acts for the purpose of improving a grade or assisting another to do so. Plagiarism is a form of cheating, which consists of the misuse of published and/or unpublished works and presenting as your own. We view cheating as a serious offense and students who violate this policy will receive disciplinary action. Following are examples of Academic Dishonesty:

- Cheating on Exams
- Use of unauthorized materials or taking an exam for another student.
- Using answers obtained by observation of another student's test or any form of communication between students during an exam.
- Plagiarism
- Copying phrases or ideas from a source without giving credit to the author and presenting it as your own.
- Other types
- Working with another student when independent work is specified.
- Allowing someone to use your work and turn it in as his/her own.
- Unauthorized use of an electronic device. (Cell phone, camera phone, etc.)

Throughout the year, teachers will discuss in a positive manner the issues of academic integrity. Teachers will send a Disciplinary Referral to the Vice Principal for all incidents of cheating and plagiarism.

Teachers Are Required to Hold Students to Strict Account for Misconduct (E.C. section 44807)

Every teacher must hold students to a strict account for their conduct on the way to and from school, on the playgrounds, or during recess. Teachers may exercise that amount of physical control reasonably necessary to maintain order, protect property, or protect the health and safety of pupils, or to maintain proper and appropriate conditions conducive to learning.

"All pupils shall comply with the regulations, pursue the required course of study, and submit to the authority of the teachers of the schools." [EC 48921]

Rules of the District Pertaining to Student Discipline (E.C. section 35291)

Student discipline is regulated by the California legislature and by board policy and procedures. The student discipline rules are detailed and exhaustive. Their purpose is to give school officials the legal authority to impose student discipline and also provide accused students with due process. The pertinent information is available either on line or hard copies can be provided.

Disciplinary Referrals (Including Bus Referrals)

Disciplinary Referrals are not issued for academic reasons, but only for violating discipline rules. Penalties can be issued when school rules are broken or abused. Reminding the students of correct behavior does not necessarily mean that a referral will be issued. However, referrals can be issued on a severe offense. Students should not have to be reminded of correct behavior.

Those students whose behavior results in frequent referrals or a suspension may not be allowed to participate in regular school day events/activities or extracurricular activities such as: band, dances, plays, athletics, cheerleading, field trips etc. This will be at the discretion of the Principal in consultation with the teacher or teachers involved.

Rules and regulations are established to maintain an atmosphere conducive to learning. The reason for referrals being issued is to help the student realize that all society is governed by rules in the interest and safety of the public - in this case, our students. When a rule is broken it is hoped a referral will help the student remember before repeating the offense.

If your child commits an obscene act or engages in habitual profanity or vulgarity, disrupts school activities or otherwise willfully defies the authority of school personnel, and is suspended for such misconduct, you may be required to attend a portion of a school day in your child's classroom. [EC 48904 & 48900.1]

Students who fail to comply with these rules and regulations will be counseled, reprimanded, suspended or expelled and/or arrested as the laws are applied. This discipline policy applies while on school grounds and while going to or coming from school. You have the right to review the school rules regarding student discipline.

Disciplinary Referral Procedure

The teacher will notify the parent for each referral. Before issuing a referral, the teacher will:

- a. Give a verbal warning
- b. If the improper action continues, a referral will be given
- c. If a violation is serious enough, a referral or office referral may be given without warning.

Disciplinary Referral Consequences (Including Bus Referrals or a combination of both)

School Referral	Consequence	Bus Referral	Consequence
1 st Referral	1- detentions or Restorative Justice	1 Referral	Warning and 1-detention
2 nd Referral	2- detentions or 2 classes of Restorative Justice	2 Referral	1-day bus Transportation Suspension
3 rd Referral	3- detentions or 3 classes of Restorative Justice	3 Referral	5-day bus Transportation Suspension
4 th Referral	4- detentions	4 Referral	10-day bus Transportation Suspension
5 th Referral	5- detentions	5 Referral	Remainder of Semester Transportation Suspension
*6 or more	5- detentions and may lose extracurricular activities for the year.	6 Referral	Remainder of Year Transportation Suspension and may lose extracurricular activities for the year.

*6 or more Referrals or a combination of both may lead to loss of extracurricular activities for the year. School Referrals and Bus Referrals are considered a Referral and are accumulated for total referrals for all school activities.

After five (5) referrals the student will continue to have five (5) noon detentions or may be suspended. After six (6) referrals the principal may use disciplinary steps including suspension and/or expulsion. For

8th grade students, this may include the loss of the Reward Trip and possible loss of participating in commencement exercises.

Detention

Detention is a result of students choosing not to follow the district's disciplinary guidelines and receiving a Disciplinary Referral. *While in detention, students will be required to be quiet, and follow directions.* Students may have the opportunity to participate in community service as an option. Students who misbehave while in detention may have detention extended or face suspension.

Tardy

Students have an adequate amount of passing time (4 minutes) between classes. Students are given two warnings. On the third tardy, a referral will be issued and detention served. Each additional tardy is a referral. If excessive tardiness continues the principal or vice principal may suspend.

Hall Pass

Each middle school teacher may provide a hall pass. If you are in the hall without the pass, you may receive a referral.

Prohibited Behavior (E.C. section 48900 and following)

If a student engages in prohibited behavior, in addition to other forms of corrective action, he/she may be disciplined, including in school suspension, suspension from school and expulsion from the school district, depending on the circumstances.

Prohibited behavior includes volitional conduct amounting to or related to: assault, battery, threat, alcohol, drugs including Soma, firearms, knives, explosives, other dangerous objects, drug paraphernalia, robbery, extortion, destruction of property, stealing, receiving stolen property, tobacco, obscene acts, habitual profanity, disrupting school activities, defying the valid authority of teachers, administrators, or other school personnel, possessing an imitation firearm, sexual battery, sexual assault, intimidation of student witnesses, hazing, bullying sexual harassment, hate violence, harassment, intimidation and terroristic threats.

Classroom Correction and Non-Punitive in School Correction Preferred When Appropriate (E.C. sections 48900.5, 48900.6 and 48900.9)

Other means of correction are always preferred over in-school suspension, suspension from school, expulsion and any other form of exclusionary discipline that results in a pupil being removed from his/her regular classroom.

Classroom Rules

Following are essential basic student rules for proper classroom behavior. The first week of school, each teacher will send home their specific class rules.

- Students are required to arrive in class on time and with needed materials

- Students are to be cooperative with teachers/staff and conduct themselves in a quiet and civil manner at all times.
- Students are expected to do their assigned work and homework regularly, promptly, and thoroughly.
- Students must recognize the teacher as the ultimate authority in the classroom; acts of insubordination will not be tolerated.
- Walk quietly into all classrooms.
- There is no gum, seeds, candy or food in the classrooms at any time. Parties are exceptions.
- No caps, hats, hoods or headbands will be worn in the school building. Hats must be suitable for school.

- No toys or personal items are allowed unless you have special permission from your teacher.
- Any personal items taken from students will need to be claimed at school by parents only.

- No tree climbing, or hanging from branches. No playing in and around the shrubs.
- No playing around the drinking dispensers or playing with water.
- No playing inside or around the restroom areas. No playing or misuse of water or paper goods in the restrooms. Conserve paper at all times.
- No inappropriate materials (magazines, comic books, CD's, games, silly string, etc.)
- Passing periods to other classes: Students are expected to change classes in a quick and orderly manner. This is not a recess break. There should be no running or playing.
- Football - football fields. No tackle football.
- No roller-blades, skateboards, or scooters are allowed at school.

General rules for all games and play activities

Any student wishing to join in a game activity has that right if there is a position open. No student is to interfere with a game already started. You must wait for a turn.

Progressive Discipline Plan

The staff at Lakeside School believes that every student should have the opportunity to learn skills and values that are necessary for personal development and social order in a free society. In order

to achieve this goal, it is necessary for students to behave in a safe orderly way for an effective learning environment. *Every student has the right to learn and be safe, and no one has the right to interrupt learning or make others feel unsafe.*

Outlined below is Lakeside School's Progressive Discipline Plan that stipulates behaviors that will not be allowed at school activities, including off-campus activities. Also outlined are the possible consequences of engaging in such behaviors. Placement on this plan is determined by the nature and degree of offense, and is at the discretion of District Administration.

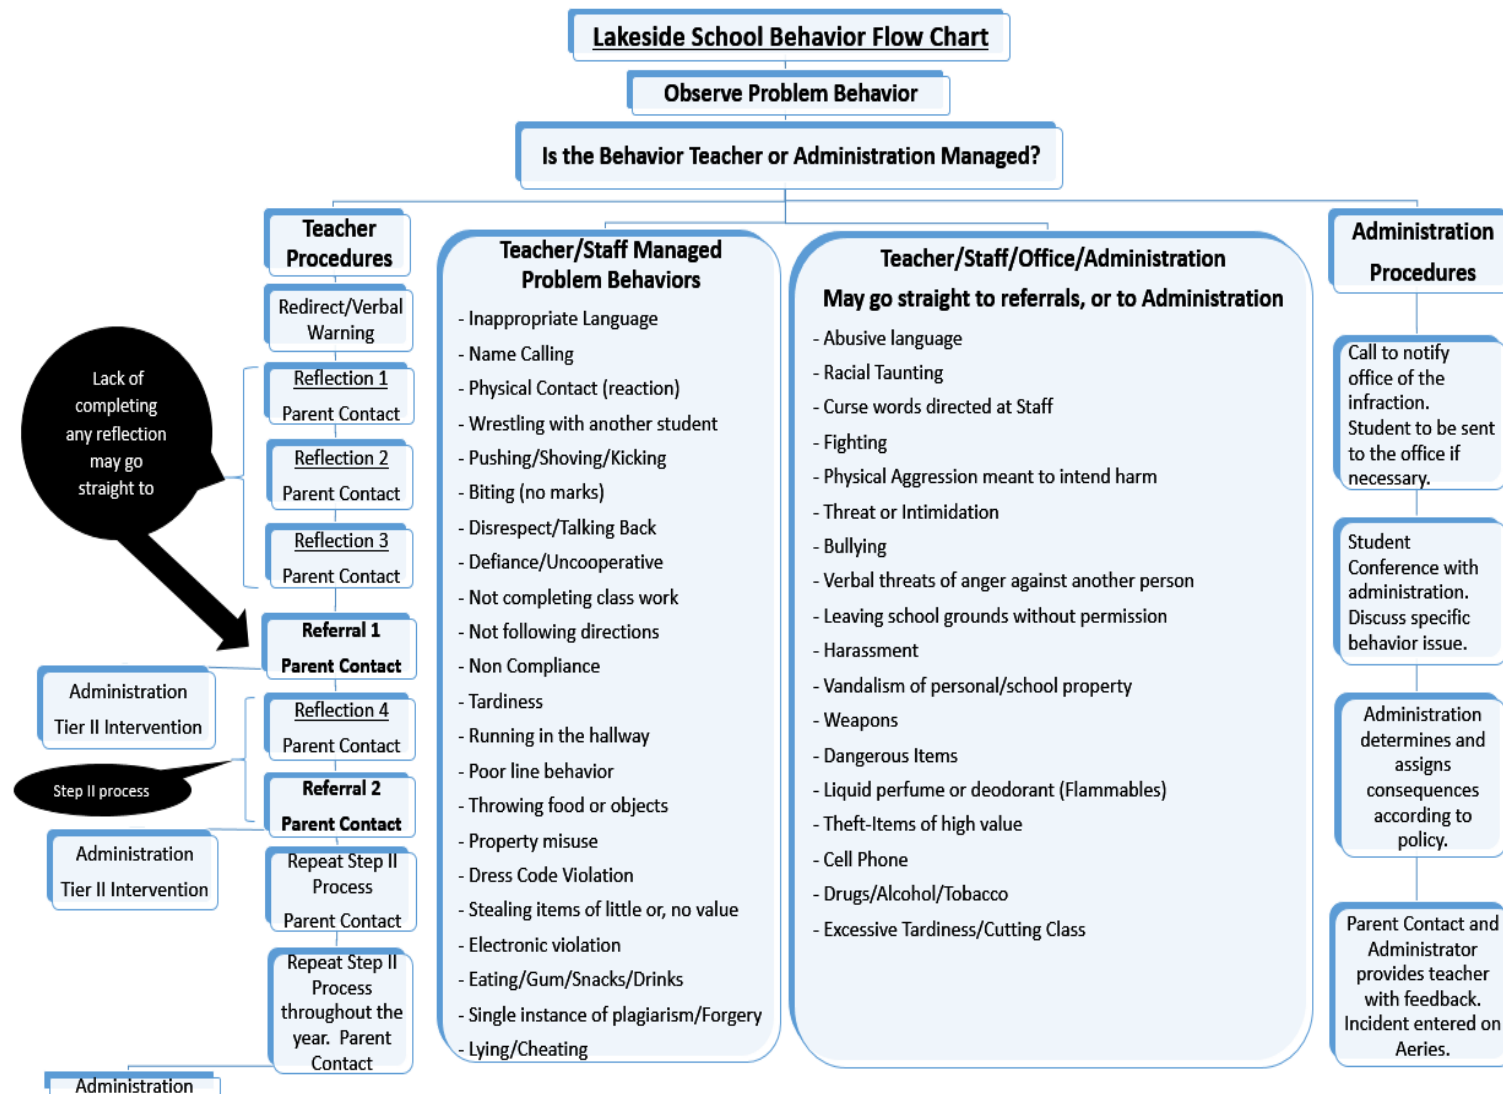

Each student will have a *Student Discipline Card* in which teachers will record each disciplinary incident. Staff members will utilize their classroom management system and give verbal warnings prior to progressing through the Consequences. Once verbal warnings have been presented teachers will give the student's a total of 3 reflection sheets to reflect upon their behavior. The students will receive a referral for their behavior after the third reflection sheet. The sequence of one reflection and one referral will then continue for the remaining year.

Please read and discuss these with your children. With your assistance, the school will strive to provide the best possible learning environment for all children.

Lakeside School behavior Flow Chart

Suspension from School (E.C. section 48911)

A school principal (or the principal's duly assigned designee or the Superintendent) may suspend a pupil from school for any conduct prohibited by Section 48900. The maximum duration of any single suspension is five school days. In a case where expulsion from a school or suspension for the balance of the semester from continuation school is being processed by the governing board of the school district, the district superintendent or other person designated by the district superintendent may extend the suspension in writing until the governing board of the school district has rendered a decision in the action.

Expulsion from the School District (E.C. section 48918)

When appropriate, the governing board may expel a student from the school district for any conduct proscribed by the Education Code, except 48900(k) disruption/defiance. The student is entitled to a hearing and due process. If expelled, the student is to receive a Rehabilitation Plan and a copy of the procedures to apply for readmission to the district pursuant to Education Code section 48916.

Grounds for Suspension or Expulsion

A pupil may not be suspended from school or recommended for expulsion, unless the superintendent or the principal of the school in which the pupil is enrolled determines that the pupil has committed an act as defined pursuant to any of Education Code 48900 subdivisions (a) to (s), inclusive:

- (a) (1) Caused, attempted to cause, or threatened to cause physical injury to another person.
- (2) Willfully used force or violence upon the person of another, except in self-defense.
 - In most cases of fighting, there will be an immediate suspension of all parties. Occasionally, a student may not be suspended or receive fewer days of suspension than other parties, if evidence clearly indicates he/she was not the aggressor and in fact was under an unprovoked attack and was acting strictly in self-defense. Self-defense means the student tries everything in his/her power to evade the attack, but cannot and must use force for self-protection. Generally, fighting will result in the following consequences:
 - 1st offense - 3 days of suspension
 - 2nd offense - 5 days of suspension
 - 3rd offense - 5 days of suspension and possible transfer to a Community School
- (b) Possession of a weapon or dangerous object
- (c) Unlawfully possessed, used, sold, or otherwise furnished, or been under the influence of a controlled substance
- (d) Unlawfully offered, arranged, or negotiated to sell a controlled substance, alcoholic beverage, or any intoxicant.

- (e) Committed or attempted robbery or extortion
- (f) Caused or attempted to cause damage to school or private property
- (g) Stolen or attempted to steal school or private property
- (h) Possession or use of tobacco
- (i) Habitual profanity or vulgarity or obscene act
- (j) Possession or sale of drug paraphernalia
- (k) Disrupted school activities or defiance of school authority
- (l) Received stolen property
- (m) Possession of imitation firearm
- (n) Committed or attempted to commit a sexual assault
- (o) Harass, threaten, or intimidate a witness
- (p) Sale of prescription drug Soma
- (q) Engaged in, or attempted to engage in hazing
- (r) Engaged in an act of bullying, including bullying by means of an electronic act (cyberbullying) directed toward pupil or school personnel
- (s) The acts in this section are related to school activity or attendance that occur at any time, including, but not limited to any of the following: While on school grounds, while going to or coming from school [EC 44807], During or while going to or coming from a school sponsored activity.

A teacher may suspend any pupil from his/her class, for any of the acts enumerated in Section 48900 for the day of the suspension and the day following. As soon as possible, the teacher shall ask the parent/guardian of the pupil to attend a parent-teacher conference regarding the suspension. A school administrator shall attend the conference if the teacher or parent/guardian so requests. The pupil shall not be returned to the class from which he/she was suspended, during the period of the suspension, without the concurrence of the teacher of the class and the principal. Teachers are allowed to require make-up work by suspended pupils. [EC 48901, 48910]

The principal may recommend a pupil's expulsion, which shall be defined as suspension from regular classroom instruction for a period exceeding five (5) school days or involuntary transfer to another school for any of the acts enumerated in Section 48900. Upon recommendation by the principal, the governing board may order a pupil expelled upon finding that the pupil violated Section 48900 and that other means of correction have repeatedly failed to bring about proper conduct, or due to the nature of the violation, the presence of the pupil causes a continuing danger to the physical safety of the pupil or others, and that other means of correction are not feasible. [EC 48904.5]

Also, student discipline includes mandatory expulsions for (a) Possession, sale or furnishing of firearms; (b) Brandishing a knife; (c) sale of controlled substances; (d) sexual assault; and or (e) possession of an explosive. [EC 48915]

Discipline of a Disabled Student Who Is Eligible for Special Education Pursuant to IDEA or Section 504 (E.C. section 48915.5 and 20 USC 1415(k))

Federal law governs the authority of school districts to suspend and expel disabled children from school. If the misconduct is a manifestation of the student's disability, after 10 days of suspension, the student must be returned to the pre-suspension placement unless his/her IEP team and parents agree otherwise. A disabled student may not be expelled for misconduct which is a manifestation of the student's disability.

Student Searches (*New Jersey v. T.L.O.* (1985) 469 U.S. 325)

A warrant or probable cause is not necessary for searches of students by school officials and the level of suspicion to justify the search need not rise to the level of probable cause. Rather, such a search by school officials must be:

- Justified in its inception - it must be reasonable to suspect the items searched contain evidence of prohibited conduct;
- Reasonably related in scope to the circumstances which justified the search in the first place. That is, the measures adopted are reasonably related to the objectives of the search and not excessively intrusive in light of the age and sex of the student and the nature of the infraction.
- The school principal or designee may search the person of a student (including backpack, purse, bag, etc.) or the student's locker if there is a reasonable suspicion to believe the student may have a concealed weapon, narcotics, stolen property, or contraband.
- Evidence gathered from video surveillance tape systems in posted areas is specifically admissible in discipline hearings, as no one has a reasonable expectation of privacy in those circumstances.

The rules governing search and seizure are more fully explained in board policy BP and AR 5145.12.

Lockers

Lockers may not be provided for the school year 2023-2024.

Students and parents are advised that students should not have any expectation of privacy associated with a school locker. Lockers are the property of the School District, and even if used by or assigned to an individual student, school officials may access and search the locker for any lawful reason. In particular, a locker will be accessed and searched if there is any reason to suspect that it may contain contraband.

Lockers are provided for middle school students to be used for the storage of books and other school supplies. Having a locker is a privilege and not a right. Damaging it in any way or defacing it with

stickers may result in denial of locker use. Students may be required to share a locker because there are not enough lockers for each student. Personal articles of value must not be kept in lockers; students do so at their own risk. The school is not responsible for content of students' lockers. The school reserves the right to make periodic inspection of student lockers to determine if they are being used properly.

- Students will be assigned lockers.
- Students may use lockers prior to 1st period.
- Students **will not** be allowed to go to their lockers during class time or during passing times without a teacher's approval.
- It is recommended that each student have a lock. Combination or key locks are acceptable, however if a student forgets the combination or loses the key the lock will be cut off.
- Students who violate any locker policy may lose locker privileges for one quarter.

Law Enforcement Notification (E.C. section 48902)

The Education Code requires that the school principal to notify law enforcement in cases of student misbehavior involving:

- Assault with a deadly weapon or other instrument;
- Assault by means of force likely to produce serious bodily injury;
- Use, possession or sale of drugs and alcohol;
- Arranging for the sale of a substance represented to be drugs or alcohol;
- Possession of a firearm within a school zone;
- Possession of other weapons such as dirk or dagger at school; and
- Possession or furnishing of a firearm or an explosive at school.

Release of a Student to a Peace Officer (E.C. section 48906)

In those cases, the peace officer will notify the parent or responsible relative that the child is in custody and the place where the child is being held, unless the child would be endangered by disclosure of the place.

Personal Items

Animals are not allowed on the bus and could be injured at school. Leave pets at home! Valuable items should never be brought to school. There is always a chance they may be broken or stolen at school. ***If this should happen, the school is not responsible.***

Electronic Devices

Students may possess electronic signaling devices *provided such devices do not disrupt the educational program or school activity*. Electronic devices are subject to the following:

Electronic devices may be used before or after the official instructional day only. **They must be turned off and put away during the official instructional day and at any time as directed by a district employee.** Additionally, District employees may require the electronic device to be put away in the student's backpack or locker. This includes class time, passing periods, recess and lunch.

Any student who violates the above procedure is subject to the following disciplinary action:

2nd Offense: Same as above; including the electronic device is banned from school for the remaining part of the year.

Textbooks

All textbooks are furnished. Students are required to pay for lost or damaged texts or library books. Under existing law, a school district whose real or personal property is damaged or improperly

returned by a pupil may withhold the grades, diploma, and transcripts of the pupil until the district is properly compensated. Students with lost or damaged textbooks will be issued another book, but remain financially responsible for all books provided.

Withholding Grades, Diploma, or Transcript (E.C. section 48904(b))

When your child willfully damages school property or if school property is loaned to your child and your child refuses to return it when due, grades, diplomas and transcripts may be withheld. A voluntary work program in lieu of the payment of money may be arranged.

If your student willfully defies the authority of his/her teacher, disrupts classroom activity, commits an obscene act or habitually uses profanity or vulgarity, you may be required to attend school with your student for a portion of the school day.

Dress Code or Uniforms (E.C. section 35183(d))

The purpose of the dress code is to help generate a positive learning environment for all students. The Education Code stipulates that a student's dress should not interfere with the educational process, or that it should not provide a safety hazard. Students must be neat, clean and within social norms as defined by school administration. ***Final determination of acceptable dress will be made by the school administration.*** In accordance with this legal section, we ask that students adhere to the following:

- No items, which cause reactions by students that disrupt orderly conduct in the class and prevent the teacher from instructional activities.
- No tattooing, or excessive body piercing
- No items or style that advocates or denotes gang affiliation.
- No excessively baggy clothing or sagging pants.
- Shoes must be worn at all times. Shoes must be securely attached to the heel of the student. Due to safety concerns, flip-flop type and open toed shoes are not allowed. Bare feet are not allowed.
- No clothing resembling pajamas, lounge pants, slippers, or underwear, etc.
- No clothing with excessive or disproportionate rips, tears, cuts, or holes. Pants should not have any of this above mid-thigh.
- No blankets.
- Excessively revealing or sexually suggestive clothing is unacceptable. This includes:
 - Clothing that is extremely tight fitting.
 - Mini-skirts, backless/strapless halter-tops or dresses, tube tops, tank tops (no less than 2" width strap) or muscle shirts cut low at armpits or neckline.
 - Clothing that shows a bare midriff. When a student's arms are raised, no midriff is to be shown.
 - Shorts shorter than mid-thigh. As a general rule, the bottom of the shorts should be at or past the fingertips when the student is standing with arms hanging down.
 - Clothing that is transparent or revealing (e.g. fishnet stockings).
 - Any clothing that does not conceal undergarments, including straps, and underwear.

- Headgear: Caps or hoods may be worn only outside. Caps must be worn facing forward. Words or pictures that are not appropriate may not appear on the cap. Bandanas, doo rags, sweatbands, and headbands are not allowed, with the exception of hair accessories.
- Words or pictures that are not appropriate for the school environment may not appear on clothing such as obscenities, sexually suggestive, symbols representing alcohol, drugs, tobacco, or racial, sexist references etc.
- Dangerous attire: No chains attached to clothing or items with spikes or studs.
- Cosmetics to the face and hair that distract from the educational process such as extreme face painting, glitter, stickers, extreme hairdos (mohawks) are not permitted. These may be acceptable on appropriate days declared by the administration.
- Writing on the body is not permitted.

The Board and administration reserve the right to declare any mode of dress or appearance that in their reasonable estimation inhibits the educational process or threatens the safety and protection of all students as unacceptable. If students are dressed in an unacceptable manner, parents will be notified and corrective measures must be taken before the student will be allowed to return to class. Parents may be required to pick up a student from school or bring appropriate clothes to school as requested by the administration. A student who continues to violate the dress code may be suspended on the grounds of defiance to authority.

It is not our purpose to prescribe specific dress for your students. We are concerned, however that our best instruction can occur when there is little distraction. We have tried to set a dress code that will accomplish this end, and yet provide parents with flexible guidelines. Your cooperation is appreciated.

Marking children's clothing is an aid to you. Many articles of clothing are lost or remain unclaimed for lack of identification. Lost clothing and other articles are kept in a specific location for a short time. The school and/or school personnel are not responsible for lost items.

[Student Sexual Harassment \(E.C. section 231.5; 5 CCR section 4917\)](#)

The district takes allegations of sexual harassment seriously. The district prohibits, at school or at school-sponsored or school-related activities, sexual harassment targeted at any student by anyone. The district also prohibits retaliatory behavior or action against any person who reports, files a complaint or testifies about, or otherwise supports a complainant in alleging sexual harassment. Students in grades 4 through 12 may be suspended or expelled for engaging in sexual harassment. A copy of the district's policy on student sexual harassment is enclosed for your review.

The district strongly encourages any student who feels that he/she is being or has been sexually harassed on school grounds or at a school-sponsored or school-related activity by another student or an adult, or who has experienced off-campus sexual harassment that has a continuing effect on campus, to immediately contact his/her teacher, the principal, or any other available school employee. Any employee who receives a report or observes an incident of sexual harassment shall notify the principal or a district compliance officer. Once notified, the principal or compliance officer shall take the steps to investigate and address the allegation, as specified in BP and AR 5145.7.

[Social Media Monitoring \(E.C. section 49073.6\)](#)

The district intends to and will collect data from pupils' social media, and may use such data in disciplinary actions involving students and/or district employees. The information gathered and/or maintained will pertain directly to school or student safety.

Pupils and their parents/guardians may inspect this information and request correction or deletion. The information will be deleted within one year of the pupil reaching the age of 18 or within one year of the pupil no longer being enrolled in the district, whichever comes first. The social media records of a pupil may be inspected by the pupil or the pupil's parent/guardian and corrections or deletion of the information may be requested. Requests to inspect a pupil's collected social media information, or to correct or delete the information, may be made to the principal or other site administrator who, within five school days, shall make the records available for inspection or respond to the request for correction or deletion of the information. Students and their parents/guardians also may have a district-level hearing to appeal the decision not to change or delete records.

Involuntary Transfer of a Student Convicted of a Violent Felony or Misdemeanor Where Victim Enrolled at Same School (E.C. section 48929)

Pursuant to board policy, a student perpetrator who has been convicted of a violent felony or a misdemeanor involving a firearm may be involuntarily transferred to another school site if the victim of the offense is enrolled at the same school as the perpetrator. District policy provides that (i) the school first attempt to resolve their conflict using restorative justice or counseling, if the victim will participate; (ii) the student perpetrator be notified of the pupil's right to request a meeting with the school principal before the principal makes a recommendation; (iii) the Superintendent or the Pupil's designee make a recommendation to the governing board; and (iv) the board deliberate in closed session as may be necessary to maintain the confidentiality of student information. The board's decision will be final.

STUDENT SERVICES

Services to Disabled Pupils (E.C. section 56020 and following, 56301; 34 CFR 104.36)

If you have reason to believe that your child (ages 0 through 21 years) has a disability which requires special services or accommodations, bring this to the attention of the school office. You may request an assessment for eligibility for special education instruction or services through the school principal. Your child will be evaluated to determine whether your child is eligible for special instruction or services.

Any request for assessment must be made in writing and received by the district. If a request for assessment is made via e-mail, the request will be considered received by the district when the e-mail is opened.

You will be notified in writing of all district decisions regarding the identification, evaluation, or educational placement of your student your child has a disability or suspected disability. All such notifications will include a statement regarding procedural safeguards, including but not limited to your rights to (1) examine relevant records, (2) have an impartial hearing with an opportunity for participation by you and your counsel, and (3) a review procedure.

The rules governing the rights and obligations associated with Special Education are more fully explained in board policy BP and AR 6159-6259.4.

Prospectus of School Curriculum (E.C. sections 49063, 49091.14)

The curriculum of every course offered by the schools of the district is compiled annually by each school in a prospectus which contains the titles, descriptions, and instructional aims of every course offered by each school. Each school prospectus is available for review upon request at each school site.

Home and School relations

Parents are always welcome to visit classrooms and discuss their student with the teacher. It is important, however, that such visits do not interrupt the instruction of the class. Please make arrangements with the school at least one day prior to requested appointment. The teacher will be able to visit with you before and after school by appointment. When there is a school problem, the following procedure is suggested:

1. First, discuss the problem with the teacher or other adult involved in the incident.
2. Second, arrange a meeting with the teacher.
3. Third, arrange a meeting with the Vice Principal or Principal

Do not expect a conference when the instructor is in a teaching situation. The instructor's first obligation is to the class in session. Please schedule an appointment so full attention can be given as well as records and reports shown and discussed.

Homework

The homework program will serve as an important link between home and school, keeping parents/guardians informed by reinforcing and extending school learning, experiences, and interests. Homework is also a way to help your child to develop work and study habits that will assist him/her

throughout the years spent in school, and communicate to students the idea that learning and success takes work at home and school. Homework should encourage family involvement as well. The daily amount of time for homework will vary depending upon the maturity, abilities, and individual needs of students as well as the requirements of the course/subject. Amounts may vary from student to student and class to class.

Kindergarten through 3rd grades may have approximately 30 minutes per night, 4th and 5th grades may have approximately 45 minutes per night, and 6th through 8th grades may have approximately 1 hour per night of homework. Purposes for homework are to:

- Complete class-work which if not completed at school.
- Reinforce school learning by encouraging students to assume the responsibility for the necessary and appropriate practice for mastery and application of basic skills and concepts.
- Provide students with opportunities to research, to investigate, to study, and to work independently, utilizing home and community resources.
- Provide opportunity for students to express themselves and receive recognition through various independent activities (i.e., science experiments, reading for pleasure, and special interest projects).
- The parent/guardian is encouraged to accept responsibility for their child's success by providing a suitable time and quiet place for home study, as well as encouraging the child to complete assignments.

Students have homework most nights. Teachers are not required to give make-up homework or tests when the absences have not been cleared. Requesting make up work is the student's responsibility. As a general rule student will be given the opportunity to make up work missed because of an excused absence to receive full or partial credit.

Since homework is an extension of the regular classroom learning process, its completion in a consistent, diligent, and timely manner is important. Failure to complete homework consistently will have an adverse effect on the student's academic achievement and grades. Students habitually choosing not to complete homework may be excluded from extracurricular activities and assigned to Homework Academy during Bulldog Day.

Student Binder

Each student in grades 6th through 8th should have a binder with the following items:

- Dividers to separate subject areas.
- Pens and pencils ready for use.
- Highlighter
- A zip lock bag for pens and pencils.
- An adequate supply of binder paper.
- A student assignment booklet that can be purchased at school or any school supply store.

In addition, students may be asked to have specialized materials for specific classes.

- Make sure all assignment are completed and turned in on time.

Parent's Responsibilities:

- Check your child's assignment book daily and make sure assignments are completed and turned in on time.

Follow supervisor's directions.

Fingerprinting (E.C. section 32390)

If the district has adopted such a program, on your child's initial enrollment you will be notified of procedures, any applicable fee, and your right to decline your child's participation.

Sex Equity in Course Selection and Career Counseling; Advance Notice (E.C. section 221.5)

Commencing with the 7th grade, parents must be notified in advance of Course Selection and Career Counseling. Parents may participate in such counseling along with their child. Recommendations by counselors cannot differentiate between students on the basis of the student's sex and shall affirmatively explore with each student the possibility of careers and courses leading to careers that may be considered nontraditional for that student's sex.

HEALTH AND SAFETY SERVICES

Accidents

In case of an accident that may require medical attention, the child is given first aid and every effort is made to contact the parent. For this reason, it is very important that you notify the school of any change in phone number or address.

The school carries an accident insurance policy on all students. This policy is designed to pay ONLY those costs not paid for by the parents' policy. If the parent has no insurance, it will pay all except the first \$20. The school must have all school related accidents reported immediately. The insurance company will not recognize any claim over 90 days old.

The school does not pay for broken glasses or orthodontic devices.

Immunizations (E.C. sections 49403, 48216 and 48853.5; Health and Safety Code sections 120335, 120370, 120372, 120372.05, and 120375; 17 CCR 6025-6051, 6055 and 6070; 42 USC 11431; also see district BP/AR 5141.31.)

In order to protect the health of all students and staff and to curtail the spread of infectious diseases, the school district cooperates with state and local public health agencies to encourage and facilitate immunization of all district students against preventable diseases. Accordingly, parents must provide documentation of full immunization, in accordance with the age/grade and dose required by the California Department of Public Health (CDPH), against the following diseases:

1. Measles, mumps, and rubella (MMR);
2. Diphtheria, tetanus, and pertussis (whooping cough) (DTP, DTaP, or Tdap);
3. Poliomyelitis (polio);
4. Hepatitis B;
5. Varicella (chickenpox);
6. Hemophilus Influenza Type B (Hib meningitis); and
7. Any other disease designated by the CDPH.

Any first time newly admitted student who has not obtained the required immunization(s) within 10 school days following the parent/guardian's receipt of notice, must be excluded from school unless the student is exempt from immunization for medical reasons.

A medical exemption requires a written statement from a licensed physician to the effect that the physical condition or the medical circumstances of the child are such that immunization is not safe.

Beginning January 1, 2020, a medical exemption must be submitted using the standardized form developed by the California Department of Public Health (CDPH) and transmitted through the California Immunization Registry (CAIR). The information must include a description of the medical basis for which the exemption for each individual immunization is sought and whether the medical exemption is permanent or temporary.

A student who has a medical exemption issued prior to January 1, 2020, will be allowed to continue enrollment until the next grade span, except that after July 1, 2021, a student may not be admitted or advanced to grade 7 unless the student has been immunized or a medical exemption form filed as stated above.

A temporary exemption cannot exceed one year, and all medical exemptions cannot extend beyond the grade span.

If a student's medical exemption is revoked by CDPH on the basis that the exemption does not meet applicable criteria for medical exemptions, the student shall continue in attendance and, within 30 calendar days of the revocation, commence the immunization schedule required for conditional admittance.

The student's parent/guardian may appeal a revocation to the Secretary of California Health and Human Services. If a revocation is appealed, the student may continue in attendance and cannot be required to commence the immunization schedule required for conditional admittance provided the appeal is filed within 30 calendar days of the revocation.

If it is determined, however, that a child has been exposed to one of the 10 diseases named in the immunization requirements and does not have proof of immunization, the child may be temporarily kept out of school.

A student may also be exempt from the state immunization requirements if he/she is enrolled in an independent study program pursuant to Education Code sections 51745-51749.6 and does not receive any classroom-based instruction.

The "personal beliefs" exemption to the immunization requirements requires that parent submit a letter stating that they object to immunizations based on their personal beliefs and that letter must have been submitted no later than January 1, 2016. As most newly enrolling students were not born by January 1, 2016, this exemption is not available to them. For any continuing student, note that any personal beliefs exemption granted prior to January 1, 2016 is only effective until the student enters the next grade span. For this purpose, Health and Safety Code 12335 defines three grade spans: birth through preschool, grades K-6 (including TK), and grades 7-12. For example, a student granted a personal beliefs exemption in preschool must be immunized when entering kindergarten, and a student granted such an exemption in grade 4 must be immunized when entering grade 7.

If the student has not been granted a valid exemption, the student must remain excluded from school until an immunization record is provided that certifies that the student has received a dose of each required vaccine due at that time.

An immunization record must be either a personal record with entries made by a physician or agency performing the immunizations or a school record from the student's previous school documenting the student's immunizations.

A special education student who is not fully immunized must nevertheless continue to receive all special education and related services. That is, the IEP must continue to be fully implemented.

Homeless children and foster youth must be immediately enrolled even if they are unable to produce records normally required for enrollment, including medical records.

Military families must be given 30 days from the date of enrollment to show that their children are fully immunized before being excluded. A transfer student must be given 30 days while his/her records are being transferred from a previous school before being excluded.

The rules governing the rights and obligations associated with immunizations and exclusion from school are more fully explained in board policy BP and AR 5141.31 and AR 5112.2.

If you have questions or concerns, you may contact and discuss those questions and concerns with the school nurse. If you are having financial difficulty fully immunizing your child or difficulty locating a medical provider, contact the school nurse for guidance. If you need a short extension of this timeline, also contact the school nurse.

Control of Communicable Disease (E.C. section 49403)

The district cooperates with the local health office in the control and prevention of communicable disease in school-age children. If you consent in writing, the district may permit any person licensed as a physician and surgeon, or any person licensed as a registered nurse, to administer an immunizing agent to your child. You will be advised in writing before any immunization program is instituted.

Diabetes Information (E.C. section 49452.6)

Pursuant to California Education Code Section 49452.6, type 1 diabetes informational materials are to be provided to the parent or guardian of a pupil when the pupil is first enrolled in elementary school.

Type 1 diabetes in children is an autoimmune disease that can be fatal if untreated, and the guidance provided in this information sheet is intended to raise awareness about this disease.

What is Type 1 Diabetes?

- The body turns the carbohydrates in bodies into glucose (blood sugar), which is the basic fuel for the body's cells
- The pancreas makes insulin. Insulin is a hormone that moves glucose from the blood into the body's cells.
- In type 1 diabetes, the body's pancreas stops making insulin, and the levels of glucose in the blood rise.
- Over time the glucose levels in the blood may become dangerously high. When this happens, it is called "hyperglycemia".

- If left untreated, hyperglycemia can result in diabetic ketoacidosis (DKA), which is a life-threatening complication of diabetes.
- Type 1 Diabetes usually develops in children and young adults but can occur at any age.

Risk factors Associated with Type 1 Diabetes

- Researchers do not completely understand why some people develop type 1 diabetes.
- Having a family history of type 1 diabetes can increase the likelihood of developing type 1 diabetes.
- Other risk factors may include environmental triggers, such as viruses.
- Type 1 diabetes is not caused by diet or lifestyle choices.

Warning Signs and Symptoms Associated with Type 1 Diabetes

Warning signs and symptoms may develop quickly, in weeks or months. If your child displays the warning signs below, contact your child's health care provider to determine if screening your child for type 1 diabetes is appropriate:

- Increased thirst
- Unexplained weight loss
- Feeling very tired
- Blurred vision
- Very dry skin
- Slow healing of sores or cuts
- Increased hunger, even after eating
- Moodiness, restlessness, irritability or behavior changes
- Increased urination, including bed-wetting after toilet training

DKA is a complication of untreated type 1 diabetes, and is a medical emergency. Symptoms include:

- Fruity breath
- Dry/flushed skin
- Nausea
- Vomiting
- Stomach pains
- Trouble breathing
- Confusion

Types of Screening Tests for Diabetes Type 1

- ***Glycated hemoglobin (A1C) test*** A blood test measures the average blood sugar level over two to three months. An A1C level of 6.5% or higher on two separate tests indicates diabetes.
- ***Random (non-fasting) blood sugar test*** A blood sample is taken without fasting. A random blood sugar level of 200 milligrams per deciliter (mg/dL) or higher suggests diabetes.
- ***Fasting blood sugar test*** A blood sample is taken after an overnight fast. A level of 126 mg/dL or higher on two separate tests indicates diabetes.
- ***Oral glucose tolerance test*** A test measuring the fasting blood sugar level after an overnight fast, with periodic testing over the next several hours after drinking a sugary liquid. A reading of more than 200 mg/dL after two hours indicates diabetes.

Type 1 Diabetes Treatments

There are no known ways to prevent type 1 diabetes. Once type 1 diabetes develops, medication is the only treatment.

If your child is diagnosed with type 1 diabetes, their health care provider will be able to help develop a treatment plan. Your child's health care provider may refer your child to an endocrinologist, a doctor specializing in the endocrine system and its disorders, such as diabetes.

If you have questions, contact your student's school nurse, school administrator, or health care provider.

Type 2 Diabetes Information

Pursuant to California Education Code Section 49452.7, this type 2 diabetes information is for local educational agencies to provide to parents and guardians of incoming seventh grade students.

Description:

Type 2 diabetes is the most common form of diabetes in adults.

- Until a few years ago, type 2 diabetes was rare in children, but is becoming more common, especially for overweight teens.
- According to the U.S Centers for Disease Control and Prevention (CDC), one in three American children born after 2000 will develop type 2 diabetes in his or her lifetime.

Type 2 diabetes affects the way the body is able to use sugar (glucose) for energy.

- The body turns the carbohydrates in food into glucose, the basic fuel for the body's cells.
- The pancreas makes insulin, a hormone that moves glucose from the blood to the cells.
- In type 2 diabetes, the body's cells resist the effects of insulin, and blood glucose levels rise.
- Over time, glucose reaches dangerously high levels in the blood, which is called hyperglycemia.
- Hyperglycemia can lead to health problems like heart disease, blindness, and kidney failure.

Risk Factors Associated with Type 2 Diabetes

It is recommended that students displaying or possibly experiencing the risk factors and warning signs associated with type 2 diabetes be screened (tested) for the disease.

Risk Factors: The following risk factors are associated with an increased risk of type 2 diabetes in children:

- **Being overweight.** The single greatest risk factor for type 2 diabetes in children is excess weight.
- **Family history of diabetes.**
- **Inactivity.** Being enactive further reduces the body's ability to respond to insulin.
- **Specific racial/ethnic groups.** Native Americans, African Americans, Hispanics/Latinos, or Asian/Pacific Islanders are more prone than other ethnic groups to develop type 2 diabetes.

- **Puberty.** Young people in puberty are more likely to develop type 2 diabetes than younger children, probably because of normal rises in hormone levels that can cause insulin resistance during this stage of rapid growth and physical development.

Warning Signs and Symptoms Associated with Type 2 Diabetes

Warning signs and symptoms of type 2 diabetes in children develop slowly, and initially there may be no symptoms. However, not everyone with insulin resistance or type 2 diabetes develops these warning signs, and not everyone who has these symptoms necessarily has type 2 diabetes.

- Increased hunger, even after eating.
- Unexplained weight loss
- Increased thirst, dry mouth, and frequent urination
- Feeling very tired
- Blurred vision
- Slow healing of sores or cuts
- Dark velvety or ridged patches of skin, especially on the back of the neck or under the arms
- Irregular periods, no periods, and/or excess facial and body hair growth in girls
- High blood pressure or abnormal blood fats levels

Type 2 Diabetes Prevention Methods and Treatments

Healthy lifestyle choices can help prevent and treat type 2 diabetes. Even with a family history of diabetes, eating healthy foods in the correct amounts and exercising regularly can help children achieve or maintain a normal weight and normal blood glucose levels.

- Eat healthy foods. Make wise food choices. Eat foods low in fat and calories.
- Get more physical activity. Increase physical activity to at least 60 minutes every day.
- Take medication. If diet and exercise are not enough to control the disease, it may be necessary to treat type 2 diabetes with medication.

Types of Diabetes Screening Tests that are available for type 2 diabetes:

- Glycated hemoglobin (A1C) test.
- Random (non-fasting) blood sugar test.
- Fasting blood sugar test.
- Oral glucose tolerance test.

The Seizure Safe Schools Act (E.C. sections 49468-49468.5)

If a student is diagnosed with seizures, a seizure disorder, or epilepsy, has been prescribed an emergency anti-seizure medication by a health care provider, the school, upon request from the student's parent or guardian, may designate one or more volunteers at the student's school to receive specific initial and annual refresher training regarding the emergency use of anti-seizure medication from a qualified person. Prior to administering any emergency anti-seizure medication or therapy, the district shall obtain from the pupil's parent or guardian a "Seizure Action Plan" as specified in Education Code section 49468.3.

Emergency anti-seizure medication prescribed to a student shall be provided to the school with the label affixed by the dispensing pharmacy intact.

A student who has been diagnosed with seizures, a seizure disorder, or epilepsy may qualify for services or accommodations pursuant to Section 504 of the federal Rehabilitation Act of 1973 (29 U.S.C. Sec. 794) or an individualized education program. The district shall assist the parent or guardian with the exploration of that option. The district may ask the parent or guardian to sign a notice verifying that the parent or guardian was given this information.

Administering Medication and Monitoring Health Conditions (E.C. sections 49414.1, 49414.5, 49423, 49423.1; 5 CCR 600-611; *American Nurses Association v. Torlakson* (2013) 57 Cal. 4th 570)

The district recognizes that during the school day, some students may need to take medication prescribed or ordered by an authorized health care provider to be able to fully participate in the educational program. Upon your written request and with the approval of your child's authorized health care provider, together with a release by parents, foster parents, or guardians of civil liability for such self-administration, a student with a medical condition who requires frequent treatment, monitoring, or testing (including but not limited to diabetes and asthma) may be allowed to self-administer, self-monitor, and/or self-test. Your child must observe universal precautions in handling blood and other bodily fluids.

Any medication prescribed by an authorized health care provider, including an emergency anti-seizure medication for a student with epilepsy, may be administered by the school nurse or other designated school personnel only when the Superintendent or designee has received a written statement from you indicating your desire for the district to assist your child in taking the medication and a written statement from your child's authorized health care provider detailing the name of the medication, method, amount, and time schedules by which the medication is to be taken. If the medication, dosage, frequency of administration, or reason for administration changes at some point in the year, you must provide a new written statement from your child's authorized health care provider.

When unlicensed personnel are authorized by law to administer a medication, such as emergency anti-seizure medication, epinephrine auto-injector, glucagon, or insulin, the Superintendent or designee will ensure that school personnel designated to administer it to students receive appropriate training from qualified medical personnel before any medication is administered. Additionally, such unlicensed personnel will be supervised by, and provided immediate communication access to, a school nurse or physician. In an emergency situation, such as a public disaster or epidemic, a trained, unlicensed district employee may administer medication to a student.

If your child is on a continuing medication regime for a non-episodic condition, you must inform the school nurse or other designated employee of the medication being taken, the current dosage, and the name of the supervising physician. Necessary medications must be provided in properly labeled, original containers, along with the authorized health care provider's instructions. For prescribed or ordered medication, the container must have the name and phone number of the pharmacy, the student's identification, and the name and phone number of the authorized health care provider. With your consent, the school nurse or other designated employee, may communicate with your child's physician regarding the medication and its effects and may counsel school personnel regarding the possible effects of the medication on the student.

The District's BP 5141.21 more fully explains rights, obligations and policy regarding administering medication and monitoring health conditions.

[Use of Sunscreen Permitted \(E.C. section 35183.5\)](#)

Students may carry and use sunscreen without a doctor's note or prescription, and may also wear sun-protective clothing.

[Health Care Coverage Information \(E.C. section 49452.9\)](#)

The district has information on health care coverage options and enrollment assistance. If interested, please contact the school office for this information.

[Physical Examinations \(E.C. section 49451; 20 USC 1232h\)](#)

Physical examinations and screenings may be conducted at various times throughout the year. If you want your child to be exempt from physical examinations at school, file a written statement signed by you with the school refusing such an exam. However, when there is a good reason to believe that your child is suffering from a recognized contagious or infectious disease, your child may be sent home and shall not be permitted to return to school until the contagious or infectious disease does not exist.

[Dental Fluoride Treatment \(Health and Safety Code section 104830\)](#)

Pupils may be provided the opportunity to receive topical application of fluoride or other decay-inhibiting agent to their teeth. Parents/guardians or eligible pupils should submit a written request for this treatment.

[Medical and Hospital Services \(E.C. section 49472\)](#)

The district provides coverage for immediate medical and surgical treatment of bodily injuries to a regularly enrolled student resulting from an accident occurring on school grounds or other facilities being used in the district's educational programs or during transportation to and from those places. This includes field trips and all interscholastic athletic competitions with the exception of tackle football. Coverage may be applicable for up to 52 weeks following the accident, with a limit of \$2,500, and the coverage applies for expenses that exceed the limit of, are less than the deductible of, or are simply not covered by, other insurance available to the student.

Scoliosis Screening (E.C. section 49452.5)

If your child is enrolled in grades 7 through 12 and is suspected of having curvature of the spine, please notify the school office. The district may screen female students in grade 7 and male students in grade 8 for the condition known as scoliosis. If the initial screening indicates the student may have scoliosis, additional screening may be required. You may request in writing that your student not be screened. If your child is identified at school as having this condition, you will be notified in accordance with the law.

Sight and Hearing Test (E.C. section 49452)

The district is required to provide for testing the sight and hearing of each student enrolled in its schools unless you submit a written denial of consent.

Information for Use in Emergencies (E.C. section 49408)

For protection of your child's health and welfare, we ask that you fill out and return the enclosed Emergency Information Card.

Emergency Preparedness/Comfort Pack

Comfort packs for our Emergency Preparedness Program are recommended for each student. These packs will be used in the event you are delayed in picking up your child after a civil disaster. This pack will also take the place of lunch or snack in the event of a power outage or other unforeseen calamity. **Please send the packs to school as soon as possible.**

1. 2 pop-top cans of juice (6 oz.)
2. 2 pop-top cans of protein (tuna, beans, peanut butter)
3. 2 cans fruit (4-6 oz.)
4. 2 granola bars (no chocolate)
5. Spoon
6. Chap stick
7. Picture of family for comforting younger children (optional).
8. Letter to your child (optional).

Other convenience foods may be substituted for your child's taste, but please check with the manufacturer to insure shelf life and that they are self-opening. Also, check all expiration dates.

Please place all items in an individual one-gallon zip lock bag. Write your child's and teacher's name on two large index cards and place the cards in the bag so it can be seen from both sides of the bag. The packs will be returned at the end of the school year.

We hope the comfort packs will never be used, but if the occasion arises, we know that being prepared is worth the extra effort and expense.

Confidential Medical Services Without Parental Consent (E.C. section 46010.1)

According to the law, school authorities may excuse any student in grades 7 through 12 from school for the purpose of obtaining confidential medical services without the consent of the pupil's parents.

Management Plan for Asbestos-Containing Material (40 CFR 763.84, 40 CFR 763.93)

A complete, updated management plan for asbestos-containing material in school buildings is available upon request at the District Office.

Pesticide Warnings (E.C. sections 17612, 48980.3)

The district has implemented an integrated pest management program designed to effectively control pests using a combination of techniques. Pesticides that pose the least possible hazard and are effective in a manner that minimizes risks to people, property, and the environment may be used according to established regulations and treatment thresholds.

Pursuant to the Healthy Schools Act of 2000, the district is required to notify staff and parents of the name of all pesticide products expected to be applied at the school facility during the upcoming year. Those products are as follows:

Name of Pesticide	Active Ingredient(s)
Nylar IGR	2-[1 Methyl-2(4-Phenoxyphenoxy)ethoxy] pyrdine
OptigardAnt Gel Bait	Thiamethoxam
Pendulum Aqua Cap	Pendimethalin
Ranger Pro	Glyphosate
Tempo SC Ultra	Beta-Cyfluthrin
Tempo Ultra WP	Beta-Cyfluthrin
Trimec	Dicamba
Vendetta Plus Cockroach Gel Bait	Abamectin B1
Wasp Freeze	d-Trans Allethrin

If you wish to receive notification of individual pesticide applications at the school facility, please contact the school. You will receive notification at least 72 hours prior to the application.

Information regarding pesticide information may be obtained at the California Department of Pesticide Regulation website: <http://apps.cdpr.ca.gov/schoolipm/>

School Safety Plans (E.C. section 32280 and following)

Each school site has established a Safety Plan. Details of the Safety Plan are available to the public through the district office on request, and copies are provided to local law enforcement.

At the first notice of any community wide disaster, the Kern County Office of Emergency Services will notify our district office. We will then alert our transportation department. If it is safe to do so, buses will start their regular runs to take students home that ordinarily ride the buses.

If there is a local emergency, i.e., loss of electricity or water and there is a need to close school early students will remain at school until an authorized guardian picks them up, or is notified.

The following are the student release procedures in place: Release procedures will take place from an outdoor assembly area when buildings are unsafe, or from classrooms if buildings are judged safe.

- Teachers take students to the assigned areas on each playground if buildings are unsafe.
- Parents walk on to campus to retrieve their children from classrooms or playground after checking in at the sign-out location. Parent must have release form in hand.

Parents will report to the sign-out location to fill out a release form. The form shall require the identification, signature, address, destination and phone number of the adult to whom the child is released.

The student will not be released to anyone other than his/her parent or guardian except under the following conditions:

- Parent or guardian contacts the school directly requesting release to another person.
- Parent or guardian has given written permission to release the child to another person. The school will not release a child to a person unknown to that child except with the above written permission.
- When circumstances warrant that, in the staff member in charge best judgment, it is in the best interest of a child to place him/her in an alternate place of safety.

Parents should review the above procedures with their youngster regularly, emphasizing that the regular means of getting home from school will be used except in an extreme emergency.

[Safe Storage of Firearms \(E.C. sections 49390-49392 and 48986\)](#)

Parents and legal guardians of all students in the Lakeside Union School district are responsible for keeping firearms out of the hands of children as required by California law. There have been many news reports of children bringing firearms to school. In many instances, the child obtained the firearm(s) from his or her home. These incidents can be easily prevented by storing firearms in a safe and secure manner, including keeping them locked up when not in use and storing them separately from ammunition.

Below are the laws in California regarding the storage of firearms. Please take some time to review them and evaluate your own personal practices to assure that you and your family are in compliance with California law.

- With very limited exceptions, California makes a person criminally liable for keeping any firearm, loaded or unloaded, within any premises that are under their custody and control where that person knows or reasonably should know that a child is likely to gain access to the firearm without the permission of the child's parent or legal guardian, and the child obtains access to the firearm and thereby (1) causes death or injury to the child or any other person: (2) carries the firearm off the premises or to a public place, including to any preschool or school grades kindergarten through twelfth grade, or to any school-sponsored event, activity, or performance: or (3) unlawfully brandishes the firearm to others. (California Penal Code sections 25100 through 25125 and 25200 through 25220)
 - Note: The criminal penalty may be significantly greater if someone dies or suffers great bodily injury as a result of the child gaining access to the firearm.

- With very limited exceptions, California also makes it a crime for a person to negligently store or leave any firearm, loaded or unloaded, on their premises in a location where the person knows or reasonably should know that a child is likely to gain access to it without the permission of the child's parent or legal guardian, unless reasonable action is taken to secure the firearm against access by the child, even where a minor never actually accesses the firearm. (California Penal Code section 25100 (c))
- In addition to potential fines and terms of imprisonment, as of January 1, 2020, a gun owner found criminally liable under these California laws faces prohibitions from possessing, controlling, owning, receiving, or purchasing a firearm for 10 years. (California Civil Code Section 29805)
- Finally, a parent or guardian may also be civilly liable for damages resulting from the discharge of a firearm by that person's child or ward. (California Civil Code Section 1714.3)

Note: Your county or city may have additional restrictions regarding the safe storage of firearms.

*Remember that the easiest and safest way to comply with the law is to keep firearms in a locked container or secured with a locking device that renders the firearm inoperable.

Earthquake

The District's earthquake emergency policy is based on the fact that the safest thing for young people in the event of a serious earthquake during the school day is to remain at school. This is for the safety and welfare of the students until roads are safe to travel.

In the case of an earthquake, do not leave the building immediately, as the greatest danger exists from falling walls and debris.

In buildings with a lot of glass, the greatest danger is from shattering glass. Students should protect themselves from falling glass by crawling under a desk or table when possible with back toward windows and face buried in the crook of the arm.

Procedure for "Drop" Command

1. If inside the school building, the student should:
 - a. Drop to knees with back to window.
 - b. Fold arms on the floor close to the knees.
 - c. Bury face in arms and close eyes tightly.
 - d. Remain until "as you were", command is given by the teacher in charge.
2. If outside the school building, the student should:
 - a. Find an open area.
 - b. Drop to the ground, and curl up.
 - c. Remain until "as you were", command is given by the teacher in charge.

Evacuation Procedures

Teachers will evacuate their students from the building as soon as all motion ceases and debris has stopped falling. Each teacher will use the safest route to get to the assembly area.

As it becomes safe, children will be bused home or released to parents by the principal. Children must be signed out at the assembly area by the parent, guardian or person on the emergency card.

Fire Drill

1. When the alarm sounds:
2. Students walk silently in single file from room.
3. Students stand silently or kneel.
4. Attendance will be taken outside by the teacher and reported to the administrative designee.
5. When the all clear sounds, students shall return to the classroom.

Lock Down

1. When the alarm sounds or intercom announcement is made for a lockdown:
2. Teacher locks the doors.
3. Students hide in the classroom, so they are less visible from windows.
4. Students remain quiet.
5. When the all clear sounds, or intercom announcement is made teachers and students are to follow directions.

School Buses and Passenger Safety (E.C. section 39831.5)

Lakeside School transports nearly all of their students. We begin each year with the intention of transporting your child. The stop you chose at the beginning of the school year will become your child's assigned bus stop. It is imperative that your child ride their assigned bus. However, if you would like to request either a permanent or temporary change to your child's assigned transportation schedule, a parent/guardian needs to submit a signed note for administration review *at least two days prior to the requested date of change*. The request may be approved or denied by administration based on the number of students already on a bus and behavior concerns on buses and bus stops. If approved, the student will be issued a Bus Pass. If denied, office staff will call and notify the parent/guardian. Transportation requests made by students will not be approved.

No students are allowed to remain at school after 3:30 pm without prior administrative authorization (ex. recreation activities). Any parent/guardian planning to pick-up their child from school must do so prior to the buses departing from school. Any student wanting to remain at school because they are expecting a ride will be directed to ride the bus home. There is no general student supervision after 3:30 pm.

The most recent bus routes will be published on the school website at www.lakesideusd.org and available upon request at the school office.

2023-2024 Bus Schedule

Bus Driver Training

Lakeside School District requires drivers with a high level of competency and skill to insure the safe transportation of your child. In addition, drivers are tested for both drug and alcohol use prior to employment and are subject to periodic random testing through employment.

To help assure safe drivers for the children; in accordance with state law Lakeside School District requires all drivers to attend in-service training sessions to improve their skills. In addition state law requires each driver to have a valid School Bus Driver Certificate, first aid training, pass a physical examination and obtain traffic and criminal clearances.

Bus Equipment

To assure use of safe equipment, all school buses are inspected daily by the driver, at scheduled intervals by qualified mechanics and annually by the California Highway Patrol. In case of an emergency all buses are equipped with two-way radios.

Bus Riding Passenger Safety Regulations

All transportation shall be subject to the appropriate provisions and policies of the California Education Code, California Administrative Code and policies of Lakeside School District. Students riding buses are expected to conduct themselves properly, or they may be denied transportation. [EC 39831.5]

Whenever there is to be a change in the normal routine, i.e., going home on a different bus, or not getting on the bus because a parent is picking up the student, the school office MUST be notified in the morning by a note with the stop and route number of where the student will be dropped off. A temporary bus pass will be given to the student. For certain occasions, we may not be able to accommodate requests because of near capacity bus runs.

It is easy for students to get messages mixed up. To avoid confusion, the school must be advised of such changes by the parent, not the child.

If a child arrives at your home without your authorization, please call the school immediately. The school can notify that child's parent.

Title 5 C.C.R. Section 14103 "Pupils transported in a school bus shall be under the authority of and responsible directly to the driver of the bus, and the driver shall be held responsible for the orderly conduct of the pupils while they are on the bus or being escorted across a street or highway."

Bus Rules

(Please discuss these with your child)

- Sit down at once and remain seated.
- No loud noises, profanity, or obscene gestures.
- No eating or chewing gum.
- No fighting, playing or teasing.
- Keep all body parts inside the bus.
- No writing on/destroying any part of the bus.
- Follow the driver's instructions at all times.
- No throwing objects, in or out of the bus.
- Board and depart the bus at your scheduled stop.
- Never cross the street without being escorted.
- No horseplay at the bus stop.
- No personal articles on the bus without approval.

Discipline Procedure

At the beginning of the year, bus rules and procedures will be explained to the students. Bus referrals are also treated as disciplinary referrals. Students will be held accountable under the Disciplinary Referrals rules as well as the transportation rules. Since the violation of these rules might result in injury to large numbers of students, they must be strictly enforced. Prior to any disciplinary action taken, a student will be verbally reminded of the rules. The bus driver initiates bus referrals. Following are the general disciplinary procedures. However, it is at the discretion of administration as to what step of discipline the student receives depending on the severity of the misconduct:

1st Referral

Written warning

2nd Referral	One day loss of bus transportation
3rd Referral	Five days loss of bus transportation
4th Referral	Ten days loss of bus transportation
5th Referral	Loss of transportation for the remainder of semester
6th Referral	Loss of transportation for the remainder of the year

All referrals require a parent signature and must be returned the following day. If a student neglects to bring back the signed copy of a referral, the next step will be taken. This policy includes all field trips or after school activity trips.

A video camera will be installed and used on our buses on a random basis. When in use, it will survey the activity on the bus. The recorded information may be reviewed, as appropriate, by district and school personnel. Students are not required to ride the bus. Students riding the bus in our district are subject to participate in the random use of the video camera.

Red Light Cross Instructions

When students unload and cross the street upon which the bus is stopped, the driver shall escort him/her across the street.

1. After the driver has the bus stopped and secure, the students will exit the bus and stand at the curb or road edge in front of the bus and wait for the driver's instructions. Never cross the street at the rear of the bus.
2. After the driver has the traffic stopped and it is safe for the students to cross, the driver will tell the students to cross the street. The student must cross between the driver and the bus.

Community Members Transporting Students

A "school bus" is any motor vehicle while being used for the transportation of any school pupil at or below the 12th grade level to and from a public or private school or to and from public or private school activities, except the following:

Tobacco-Free Schools/No Smoking Policy (Health and Safety Code section 104420)

The district's governing board recognizes that the health hazards associated with smoking and the use of tobacco products, including breathing second-hand smoke, are inconsistent with its goal to provide a healthy environment for students and staff. The law requires that all recipients of any state and/or federal grant or contract maintain tobacco-free school sites.

Use of tobacco products at any time by students, staff, parents, or visitors, is strictly prohibited in district-owned or leased buildings, on district property, and in district vehicles. This prohibition applies to all employees, students, and visitors at any school-sponsored instructional program, activity, or athletic event held on or off district property. Prohibited products include any product containing tobacco or nicotine, including but not limited to cigarettes, cigars, miniature cigars, smokeless tobacco, snuff, chew, clove cigarettes, betel, and nicotine delivery devices such as electronic cigarettes. Exceptions may be made for use or possession of prescription nicotine products.

Any employee or student who violates the district's tobacco-free schools policy shall be asked to refrain from smoking and shall be subject to disciplinary action as appropriate. Any other person who violates the district's policy on tobacco-free schools shall be informed of the district's policy and asked to refrain from use of tobacco products. If the person fails to comply with this request, the Superintendent or designee may direct the person to leave school property, request local law enforcement assistance in removing the person from school premises, and/or prohibit him/her from entering district property for a specified period of time.

A parent or guardian of a pupil has the right to excuse their student from all or part of comprehensive sexual health education, HIV prevention education, and assessments related to that education through a written "opt-out" process. You may opt out by so advising the district in writing.

The written and audiovisual educational materials used in comprehensive sexual health education and HIV prevention education are available for inspection.

Comprehensive sexual health education or HIV prevention education may be taught by school district personnel or by outside consultants.

You will also be notified of the date of the instruction, the name of the organization or affiliation of each guest speaker, if any, and your right to request a copy of the law pertaining to such instruction.

You may request a copy of Education Code sections 51934-51939.

If arrangements for this instruction are made after the beginning of the school year, notice shall be made by mail or another commonly used method of notification, no fewer than 14 days before the instruction is delivered.

Anonymous, voluntary, and confidential research and evaluation tools to measure pupils' health behaviors and risks, including tests, questionnaires, and surveys containing age-appropriate questions about the pupil's attitudes concerning or practices relating to sex, may be administered to any pupil in grades 7 to 12, inclusive. A parent or guardian has the right to excuse their child from the test, questionnaire, or survey through a written "opt-out" process. You may opt out by so advising the district in writing. You will be notified in writing if and when such a test, questionnaire, or survey is to be administered. You have the right to review the test, questionnaire, or survey.

If the school has received a written request from the student's parent or guardian excusing the pupil from participation in comprehensive sexual health education, HIV prevention education, and assessments related to that education, the student may not attend any class in comprehensive sexual health education or HIV prevention education, or participate in any anonymous, voluntary, and confidential test, questionnaire, or survey on pupil health behaviors and risks.

parents or guardians have requested that they not receive the instruction or participate in the test, questionnaire, or survey.

Physical Education

A physical education program is carried on at every grade level. This becomes a more formal program and requirements increase beginning with the 4th grade level. Students are required to dress out for PE (wear appropriate clothing and rubber sole shoes for physical activity).

A doctor's certified note is required to be excused from physical education classes for more than two days for health reasons. Since law requires the class, no other excuse is accepted.

Athletic Programs and Eligibility

Additional Recreation Programs

Additional programs include but are not limited to drum line and cheerleading. These programs have the same GPA and Conduct eligibility policies as noted above.

Fundraising

Students will have opportunities to participate in various fund raising activities for programs. Events will vary but can include the following: student store sales, car washes, can or paper collecting, food sales at festivals and tournaments, etc. The Booster Club may assist with parent help when and where it is needed on these special projects.

Only school related/approved items may be sold. The selling of candy or any products that are not school related is against school policy. Disciplinary action will be taken on those who choose to violate this policy.

With regards to fund raising for 6th grade Camp KEEP, each student has an opportunity to participate in fund raising events and all money earned is credited to each student's KEEP account. If at a later date a student chooses not to attend KEEP, all money raised by that student will be donated to a KEEP scholarship account to help students in need.

Field Trips

Our teachers arrange field trips that are intended to extend and enhance the curriculum. You will be advised in advance of field trips. Your *written permission* will be required before your child will be allowed to participate. You are encouraged to return permission slips promptly in order for your child to participate.

If the field trip return time is past the normal dismissal time, parents need to promptly pick up their child. If the child is not picked up within 15 minutes after the scheduled return time, he/she may not be eligible for the next field trip or after school activity.

Each student will be held to behavioral standards. Students who have exhibited behavioral problems may not be eligible to attend a trip; it will be at the Principal's discretion.

As part of the 6th grade science curriculum, students take an annual 5-day field trip to Kern Environmental Education Program, Camp KEEP. Due to the length of the trip, the living arrangements, and overall nature of outdoor learning, good conduct is of utmost importance. Therefore, each student will be held to behavioral standards in order to attend the trip. These standards may consist of no more than three disciplinary referrals and no more than one suspension prior to the Camp KEEP trip. Students who do not meet these standards may not attend the Camp KEEP trip; it will be at the Principal's discretion.

LIMITED ENGLISH PROFICIENT STUDENTS AND AVAILABLE LANGUAGE ACQUISITION ISSUES

English Learners/Available Language Acquisition Programs (E.C. section 310(b) (2), 313.1, 313.2 and 440)

If your child is an English learner, your child may be offered English language development instruction targeted to their English proficiency level and designed to ensure English acquisition as rapidly and effectively as possible. Such programs are designed to be aligned with the state content standards and curriculum framework. They are based on sound instructional theory, use standard-aligned instructional materials, and will assist students in accessing the full educational program.

You will be notified when your child is assessed for English language proficiency within 30 days after the start of the school year. The notice will include:

1. Whether the child is a long-term English learner or English learner at risk of becoming a long-term English learner, as those terms are defined in Section 313.1.

- (3) A structured English immersion program for English learners in which nearly all classroom instruction is provided in English, but with curriculum and a presentation designed for pupils who are learning English.

SCHOOL RECORDS

Pupil Records/Notice of Privacy Rights of Parents and Students (E.C. sections 49060, 49061, 49062, 49063, 49064, 49068, 49069, 49070, 49073, 49076, 49077; 20 USC 1232g; 20 USC 1232h; 34 CFR 99.3; 34 CFR 99.7; 34 CFR 99.30; 34 CFR 99.31; 34 CFR 99.33; 34 CFR 99.34; 34 CFR 99.35)

With certain exceptions, pupil records are confidential and will not be disclosed without your consent. If you have completed and signed a Caregiver's Authorization Affidavit for the purpose of enrolling a minor student in school, you have the right to access the student records of the child for whom you provide care. If you are 14 years old or older and are identified as both homeless and an unaccompanied youth, you may access your student records without parental consent.

Pupil records are any items of information (in handwriting, print, tape, film, microfilm, or other medium) that are directly related to an identifiable student, other than "directory information," and are maintained by the district or required to be maintained by an employee in the performance of his/her duties. Pupil records include the student's health record. District officials are responsible for maintaining your child's records.

When your child enrolls or intends to enroll in another district, agency, or institution, we will forward his or her records to that district, agency, or institution within 10 school days of receiving a request as long as the disclosure is for purposes related to the student's enrollment. Various original records or copies of those records shall be retained permanently by the district.

Additionally, your child's records may be shared with school officials and employees of the district, and other persons connected with the district who have a legitimate educational interest, or other legally authorized purpose, and who may need your child's records to perform his or her tasks. "School officials and employees" are individuals whose duties and responsibilities to the district, whether routine or as a result of special circumstances, require that they have access to student records. A "legitimate educational interest" is an interest held by a school official, employee, or person outside the district, as further defined here and in board policy, whose duties, responsibilities or contractual obligations to the district, whether routine or as a result of special circumstances, require him/her to have access to student records. Persons outside the district who may have access to particular records that are relevant to their legitimate educational interest, or other legally authorized purpose, include those with a formal written agreement or contract with the district regarding the provision of services or functions outsourced to him/her by the district, including: contractors, consultants, insurance carriers, claims adjusters, accountants, attorneys, investigators, or other parties to whom the district has outsourced institutional services or functions, including third-party vendors and service providers who provide online educational software and/or services that are part of the district's educational program or who manage certain data stored in a secure cloud computing or web-based system for the district. The district uses the following outside vendors and may contract in the future to add similar products or services: Aeries Student Information, and Google Application Systems

For additional information, please see E.C. section 49076 and 34 Code of Federal Regulations section 99.1 and following, or contact Lakeside District Superintendent at (661) 836-6658, or the Family Policy Compliance Office, U. S. Department of Education, 600 Independence Avenue, SW, Washington, DC 20202-4605.

Pursuant to E.C. section 49064, a log or record must be maintained for your child's records listing all persons, agencies, or organizations requesting or receiving information from the records and legitimate interests for that information. This log can be inspected at your child's school.

As a parent, you have a right to inspect and review your child's school records, including records possessed by a vendor under contract with the district to provide online services or products, and also including any information about your child collected from social media if the district is operating a social media collection program. To access individual student records, please contact your child's school. You also have a right to challenge the contents of your child's records, have an administrator assist you in interpreting the records, request amendment to ensure they are not inaccurate, misleading, or otherwise in violation of your child's privacy rights, seek expungement of those records, have a district-level hearing to appeal the decision not to change records, and file a complaint with the state and/or United States Department of Education if the district fails to comply with state and federal law with regard to your child's records. If your child's records include information concerning any disciplinary action taken in connection with your student, you have the right to include in the record a written statement or response concerning the disciplinary action. To review policies related to the review and/or expungement of your child's records, please contact your child's school. You also have the right to inspect all instructional materials which will be used in connection with any survey, analysis, or evaluation as part of any applicable program. If you would like a copy of your

child's records, the cost of such duplication is set by the District. Charges will apply, contact Lakeside Union District Office for current charges, 836-6658.

Release of Pupil Directory Information (E.C. sections 49061(c)), 49070, 49073, 51938; 34 CFR 99.37; 20 USC 7908; 20 USC 1232h)

With certain exceptions, the law requires that the district obtain your written consent prior to disclosure of personally identifiable information from your child's education records. However, the district may disclose appropriately designated "directory information" without written consent, unless you have advised the district that you do not wish this information to be released in accordance with district procedures. The primary purpose of directory information is to allow the district to include this type of information from your child's education records in certain school and/or district publications. Outside organizations to which directory information may be disclosed include but are not limited to companies that sell class rings, school photography, graduation attire, and/or publish school yearbooks; news media; including but not limited to newspapers, magazines, and radio and television stations; nonprofit organizations; military recruiters; employers; and institutions of higher education.

Directory information is defined by district policy as information contained in a student record that would not generally be considered harmful or an invasion of privacy if disclosed. Such student information may include a student's name, address, phone number, email address, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, degrees and awards received, and the most recent previous school attended by the student.

By law, the district must give notice to parents of the district's decision to release designated directory information, and must allow a parent to inform the district in writing that any or all of the information designated as directory information should not be released without parent consent. **THIS IS YOUR NOTICE.** If you do not want directory information about your student to be disclosed without your written consent, you must inform your child's school within thirty (30) days from the date of receiving this notification.

Directory information regarding a student identified as a homeless child or youth will not be released unless a parent, or student accorded parental rights, has provided written consent that directory information may be released.

School Accountability Report Card (E.C. section 35256)

The School Accountability Report Card is available on request and is accessible at the following website: www.lakesideusd.org. This contains information regarding the quality of the district's programs and its progress toward achieving stated goals.

Report Cards

A report card can never give a parent all of the information they should have regarding their child's progress in school. Our report cards will give you a good idea of what your child is accomplishing. We hope you will attend parent-teacher conferences that are held at the end of the first and third quarters. The first conference period is at the end of 1st quarter, and the second period usually comes at the end of 3rd quarter. Schedules can be arranged by the parent or by teacher request.

Report cards are given at the end of each quarter. *Please remember that report cards will not be released to the student if there are any outstanding charges for lunches, library, textbooks or etc.*

Progress reports are given out at mid-quarter intervals. Weekly progress reports are also available, however it is the responsibility of the student to bring the form to each of his/her teachers to fill out and sign. Parents are strongly encouraged to speak to the teacher if they have any concerns.

Some suggestions regarding student progress at school are:

- Visit the school and the teacher regarding your child's progress.
- Praise your child for good academic grades and good citizenship grades or improved grades.
- Show an interest in your child's schoolwork.
- Support your child's teacher, especially in the child's presence.
- See that your child does his/her homework and has time to do it.

Some don'ts for parents are:

- Do not compare last year's grades with this year. Teachers grade differently. Do make an effort to find out what the present teacher expects of your child.
- Do not compare brothers, sisters, relatives or neighbors grades with your child's.

MISCELLANEOUS

Local Control and Accountability Plan (E.C. sections 52060-52077)

The district is required to adopt a three-year Local Control and Accountability Plan (LCAP) and to update the LCAP on or before July 1 of each subsequent year. The LCAP is required to identify annual goals, and specific actions geared toward implementing those goals, and must measure progress for student subgroups across multiple performance indicators based on eight priorities set by the state. The priorities must be aligned to the district's spending plan. The LCAP must be approved before the annual district budget can be adopted. Once the budget and the LCAP are adopted at the local level, the plan will be reviewed by the County Superintendent to ensure alignment of projected spending toward goals and services. The following are the eight state priorities:

1. Providing all students access to fully credentialed teachers, instructional materials that align with state standards, and safe facilities;
2. Implementation of and student access to state academic content and performance standards;
3. Parent involvement and participation;
4. Improving student achievement and outcomes along multiple measures;
5. Supporting student engagement;
6. Highlighting school climate and connectedness;
7. Ensuring all students have access to classes that prepare them for college and careers; and
8. Measuring other important student outcomes related to required areas of study.

The board of education is required to establish a parent advisory committee (PAC) and English learner parent advisory committee (ELPAC) to provide advice to the board of education and the Superintendent regarding the LCAP. (ELPACs are required if enrollment in the district includes at least 15 percent English learners and the district enrolls at least 50 pupils who are English learners. Districts are not required to establish a new ELPAC if an English learner parent committee has already been established). PACs must include parents or legal guardians of low-income students, English learner students, and foster youth.

Each district is required to consult with its teachers, principals, administrators, other school personnel, local bargaining units, parents, and pupils in developing the LCAP. As part of this consultation process, districts must present their proposed plans to the PAC and ELPAC. The advisory committees can review and comment on the proposed plan. Districts must respond in writing to the comments of the PAC and ELPAC. Districts are also required to notify members of the public that they may submit written comments regarding the specific actions and expenditures proposed in the LCAP.

Districts must hold at least two public hearings to discuss and adopt (or update) their LCAPs. The district must first hold at least one hearing to solicit recommendations and comments from the public regarding expenditures proposed in the plan and then adopt (or officially update) the LCAP at a subsequent hearing.

Districts are required to post the LCAP approved by the board of education, and any updates or revisions to the LCAP, on the district's website, and establish policies for filing a complaint of noncompliance under E.C. section 52075 using the uniform complaint procedures. Information regarding the requirements for the LCAP and the complaint process must be provided to pupils, parents/guardians, and employees on an annual basis.

Federal Race and Ethnicity Data Collection Reporting

Based on guidance from the U.S. Department of Education, the California Department of Education requires districts to comply with the California Pupil Achievement Longitudinal Data System (CALPADS). CALPADS is a longitudinal data system used to maintain individual-level data including student demographics, course data, discipline, assessments, staff assignments, and other data for state and federal reporting.

15. To question, and receive an answer regarding, items in your child's record that appear inaccurate, misleading, or that invade privacy.
16. To be notified, as early in the school year as practicable, if your child is identified as being at risk of retention and of your right to consult with school personnel responsible for a decision to promote or retain your child and to appeal a decision to retain or promote your child.

17. Parents and guardians whose primary language is not English shall have the opportunity to work together in a mutually supportive and respectful partnership with schools, and to help their children succeed in school.

Parent Student Telephone Calls

Students are NOT to use the school telephone to make calls without their teacher's permission. Students will not be called from the classroom to speak on the phone. Please do not ask your student to call home with a message. Students are not to use cell phones during school hours (Refer to Electronic Devices). Parents may call the school and leave messages for their children. *This should be done only in emergency situations.*

Visitors

All visitors, including governing board members and representatives of county and state school offices must check in at the school office before visiting any school location or employee.

When a student's friend or relative comes to visit you from out of town, please do not send them to school to visit. These children will be sent home. Liability limits do not allow us to accommodate any student visitors.

The Professional Qualifications of Your Student's Teacher(s) (34 CFR 200.61)

Federal law requires that the district tell you about your right to request information about the professional qualifications of your student's teacher(s). The same right extends to information about any paraprofessional assigned to work with your student.

You are entitled to ask for the following information:

- Whether the teacher has met state credential or license criteria appropriate to the grade level and subject matter in the class.
- Whether the teacher serves under an emergency permit or other provisional authorization.
- The baccalaureate degree, college major, and any other graduate certification or degree held by the teacher.
- Whether your student is provided services by a paraprofessional, and if so, that person's qualifications.

To submit a request for information about the qualifications of your student's teacher(s) or paraprofessional(s), please contact your student's school.

Technology, Use of the Internet and/or Online Sites and Online Advertising (20 USC 6777; 17 USC 3601; E.C. sections 35182.5, 49073.1)

The district provides internet connections for many students during the educational day, and those internet connections are filtered using a software program or programs designed to eliminate access

to visual depictions that are obscene, child pornography, or harmful to minors. While the filters are designed to prevent connections to such material, new websites and material are added to the internet every day and the district is unable to ensure that each and every inappropriate website or all such material will be blocked.

The district provides technology to students in many educational programs, including computers or electronic devices such as tablets or iPads or similar devices, and also provides Internet access as required for an educational program. Student use of such technology is subject to an Acceptable Use Policy and Agreement which describes acceptable and unacceptable uses of both the Internet connections and the computers or devices. Acceptable uses include communications between teachers and students about class assignments and other classroom topics, and between students on cooperative or collaborative learning projects. During that communication, which may include the use of social media (such as a district-sponsored Facebook page or similar types of social media), personally identifiable information may be shared by your student with other students and the teacher. The district prohibits disclosure of such information outside the classroom assignment/environment but cannot ensure that recipients of the information will comply with the restrictions. Unauthorized disclosures may lead to disciplinary action. If you do not want your student to be subjected to the risk of unauthorized disclosure of personally identifiable information that is disclosed by your student in these classroom assignments/environments, you will have an opportunity to so declare when required to read and agree to the Acceptable Use Policy and Agreement for your student. Refusal to sign the Acceptable Use Policy and Agreement will prevent your student's participation in such educational programs and may require transfer of your student to a technology-free classroom or environment.

The district may also permit personal devices to be used at school, which is also regulated by the Acceptable Use Policy and Agreement. Students' use of their personal devices may involve unintentional disclosure of personally identifiable information about your student via non-district software programs (apps) your student has on the personal device, or which other students may have on their personal devices, some of which are known to collect and use personal information for purposes having nothing to do with the district's educational program. Your permission for your student to bring and use a personal device on campus will be the subject of a written agreement and may be part of the Acceptable Use Policy and Agreement. Refusal to sign the Acceptable Use Policy and Agreement or other agreement will prevent your student's use of a personal device in such educational programs. If you do not consent to such disclosures via data collecting software present on the personal devices of other students, your student will not participate in such educational program and may be transferred to a technology-free classroom or environment.

The district does not intend to subject students to any advertising and will take steps to prevent advertising that targets students based on the advertiser's use of personally identifiable information. However, due to financial constraints under which the district is otherwise unable to provide the product or service which the advertising accompanies or to which it is attached, the district may be required to permit some advertising that is not targeted at individual students. Any such product or service will have been found by the district to be an integral component of pupil education. Parents/guardians of students in these programs may request that their student not be exposed to this advertising and the district will comply. This means your student will not participate in the educational program but will be required to obtain the educational benefit via a different method if the district is unable to block or otherwise avoid the advertising being presented to your student.

The district is using or contemplates using third-party vendors of data storage/ management products and services and educational software products and services from third-party vendors, including cloud-based services. Those products and services will include legally required contractual provisions, including requirements to maintain the confidentiality of pupil information and also including parental right to review pupil records and correct erroneous information.

The district is to have the acceptable use policy/agreement attached to the end of this Annual Notice. The following policy governs student use of the Internet. “Before anyone may take advantage of the Internet access provided by the district, we will require that they receive appropriate orientation and instruction.” If harmful, obscene, and/or inappropriate sites are visited as defined by Penal Code 313(a) the student must follow the appropriate procedure prescribed below and in the Internet Use Agreement attached in the back of this book. Also, students are prohibited to use chat rooms, student e-mail or unauthorized web site addresses, and do commercial transactions. All student users’ parent/guardians will be required to sign an Internet Use Agreement. In addition, all users must review this Internet Policy; Rules for Internet Etiquette and the list of prohibited uses, and agree to abide by them. All reasonable policies will guard the identity and pictures of individual students. Access to the Internet is a privilege and it will be withheld or withdrawn from anyone who fails to abide by this policy and the applicable rules. [20 USC 6777;17 USC 3601; E.C sections 35182.5, 49073.1]

Students may receive disciplinary consequences if the following procedures are not followed when an inappropriate site is encountered.

1. The student should immediately turn off the monitor.
2. The student should raise his or her hand and quietly inform the teacher.

Google Apps for Education Information FAQ's

What is Google Apps for Education?

Google Apps for Education is a suite of web-based software applications that allows for the creation of documents, spreadsheets, presentations, websites, and much more. The benefits for teachers and students include the ability for students to collaborate on projects and assignments in real time online. They will also be able to access their files in Google Apps anywhere they have internet access at any time on just about any type of device. As an added benefit to the district, Google Apps provides free, reliable online collaboration tools for teachers and students to use. Google Applications are virtually maintenance free and always updated, so our teachers and students are always using the latest versions of the software.

What is the difference between a Google Apps for Education account and a personal Google Apps account?

Google Apps for Education accounts are unlike personal Google accounts as all student and staff accounts are controlled by the Lakeside Union School District. With that, we have control over services that are accessible to students and all data created using Google Apps for Education is owned by the Lakeside Union School District. We reserve the right to remove our data off of Google’s servers any time we want as it states in our terms of service. Google Apps for Education services are free of advertisements and are governed by a detailed privacy policy that ensures personal information placed on their systems will not be inappropriately used or shared. For this initial rollout, we will only be allowing students to access Google Drive, which allows the students to create and collaborate on documents, spreadsheets and presentations. In the future we may open other services to students and staff. Students will have a Gmail account for the purpose of logging in to Google Apps for Education; they will not have an activated email account.

Do other school districts use Google Apps for Education?

There are hundreds of K-12 school districts, colleges and universities across the country that has been using Google Apps for Education for years.

Will Parents and Guardians have Google Apps for Education Accounts?

No, parents will not be given their own accounts to access Google Apps for Education. However, we encourage parents to ask their children to show them what they are doing in their Google Apps accounts.

Students need to know:

Students will follow school policies for appropriate use when using Internet based services like Google Apps. These services are considered an extension of the school's network. Students have no expectation of privacy in their use as school and service administrators have the right and ability to monitor user accounts for policy and security enforcement. Students should never share personal information online in public spaces. Google Apps for Education is included in the Student Acceptable Use Policy that will be signed by staff, parents and students.

Parents need to know:

The student Acceptable Use Policy will be enforced. School staff will monitor student use of applications when students are at school. Parents are responsible for monitoring their child's use of applications when accessing programs from home. Students are responsible for their own behavior at all times. Inappropriate communication and behavior will not be tolerated and may result in disciplinary action per the Lakeside Union School District policies.

Distance Learning

Distance learning can be a viable alternative instructional strategy that supports student achievement of academic goals. Distance learning opportunities may be offered to students participating in independent study, credit recovery courses, enrichment courses, or other courses identified by the Superintendent or designee, or in the event that a school site is physically closed due to widespread illness, natural disaster, or other emergency condition making a school site unsafe or otherwise interrupting the district's ability to effectively conduct operations at a school site.

The district may offer distance learning through a variety of delivery methods as appropriate for the grade level and subject matter. Distance learning opportunities may include video, audio, and/or written instruction in which the primary mode of communication between the student and teacher is online interaction, instructional television, live or prerecorded video, telecourses, and other instruction that relies on computer or communications technology. They may also include the use of print materials with written or oral feedback. As appropriate, courses may be self-directed to allow students to complete assignments at their own pace and/or may involve real-time interaction among the teacher and students.

To ensure that distance learning opportunities are available to all students, the district may contract with third parties for technological devices and the internet connections and, consistent with the district's budget and technology plan, may loan devices to students to use at home and/or assist families in identifying free service providers. Students are expected to use district technology responsibly in accordance with the district's Acceptable Use Agreement. In a distance learning

environment, there may not be an option for you to elect a technology-free classroom or environment and personally identifiable information may be shared by your student with other students and the teacher, and any online vendors or service providers under contract with the district.

The district reserves the right to monitor student use of district technology within the jurisdiction of the district without advance notice or consent. Students' use of district technology including, but not limited to, computer files, email, text messages, instant messaging, and other electronic communications, is not private and may be accessed by the district for the purpose of ensuring proper use. Students have no reasonable expectation of privacy in use of the district technology. Students' personally owned devices used with any district technology shall not be searched except in cases where there is a reasonable suspicion, based on specific and objective facts, that the search will uncover evidence of a violation of law, district policy, or school rules.

Kern Integrated Data System

The district is participating, or will participate in the future, in the Kern Integrated Data System which is a database of student and other information from educational agencies of all types in Kern County, the purpose of which is to increase the rate of student achievement for Kern County students by providing structure and a framework for sharing personally identifiable student information, consistent with the terms, conditions, limitations, and exclusions on sharing information by primary, secondary, and postsecondary institutions set forth in law, for the purpose of studying, analyzing, tracking, and improving student progress in a manner compliant with both state and federal law on student data privacy.

The district's acceptable use policy/agreement is attached in the Appendix.

Code of Conduct for Employee-Pupil Interactions (E.C. section 44050 and BP sections 4219.21, 4119.21 and 4319.21)

The district has a code of conduct for employees that includes employee interaction with pupils. Inappropriate employee conduct toward students includes, but is not limited to:

1. Engaging in any conduct that endangers students, staff, or others, including, but not limited to, physical violence, threats of violence, or possession of a firearm or other weapon.
2. Engaging in harassing or discriminatory behavior towards students, parents/guardians, staff, or community members, or failing or refusing to intervene when an act of discrimination, harassment, intimidation, or bullying against a student is observed.
3. Physically abusing, sexually abusing, neglecting, or otherwise willfully harming or injuring a child.
4. Engaging in inappropriate socialization or fraternization with a student or soliciting, encouraging, or maintaining an inappropriate written, verbal, or physical relationship with a student.
5. Possessing or viewing any pornography on school grounds, or possessing or viewing child pornography or other imagery portraying children in a sexualized manner at any time.

6. Using profane, obscene, or abusive language against students, parents/guardians, staff, or community members.
7. Willfully disrupting district or school operations by loud or unreasonable noise or other action.
8. Using tobacco, alcohol, or an illegal or unauthorized substance, or possessing or distributing any controlled substance, while in the workplace, on district property, or at a school-sponsored activity.
9. Being dishonest with students, parents/guardians, staff, or members of the public including, but not limited to, falsifying information in employment records or other school records.
10. Divulging confidential information about students, district employees, or district operations to persons or entities not authorized to receive the information.
11. Causing damage to or engaging in theft of property belonging to students, staff, or the district.
12. Wearing inappropriate attire.
13. An employee who observes or has evidence of another employee's inappropriate conduct shall immediately report such conduct to the principal or Superintendent or designee. An employee who has knowledge of, but fails to report, inappropriate employee conduct may also be subject to discipline.
14. The district prohibits retaliation against anyone who files a complaint against an employee or reports an employee's inappropriate conduct. Any employee who retaliates against any such complainant, reporter, or other participant in the district's complaint process shall be subject to discipline.

Know Your Rights

Your Child Has the Right to a Free Public Education

- All children in the United States have a Constitutional right to equal access to free public education, regardless of immigration status and regardless of the immigration status of the students' parents or guardians.
- In California:
 - All children have the right to a free public education.
 - All children ages 6 to 18 years must be enrolled in school.
 - All students and staff have the right to attend safe, secure, and peaceful schools.
 - All students have a right to be in a public-school learning environment free from discrimination, harassment, bullying, violence, and intimidation.
 - All students have equal opportunity to participate in any program or activity offered by the school, and cannot be discriminated against based on their race, nationality gender, religion, or immigration status, among other characteristics.

Information Required for School Enrollment

- When enrolling a child, schools must accept a variety of documents from the student's parent or guardian to demonstrate proof of child's age or residency.
- You never have to provide information about citizenship/immigration status to have your child enrolled in school. Also, you never have to provide a Social Security number to have your child enrolled in school.

Confidentiality of Personal Information

- Federal and state laws protect student education records and personal information. These federal laws generally require that schools get written consent from parents or guardians before releasing student information, unless the release of information is for educational purposes, is already public, or is in response to a court order or subpoena.
- Some schools collect and provide publicly basic student "directory information." If they do, then each year, your child's school district must provide parents/guardians with written notice of the school's directory information policy, and let you know of your option to refuse release of your child's information in the directory.

Family Safety Plan if You Are Detained or Deported

- You have the option to provide your child's school with emergency contact information, including the information of secondary contacts, to identify a trusted adult guardian who can care for your child in the event you are detained or deported.
- You have the option to complete a Caregiver's Authorization Affidavit or a Petition for Appointment of Temporary Guardian of the Person, which may enable a trusted adult the authority to make educational and medical decisions for your child.

Right to File a Complaint

Your child has the right to report a hate crime or file a complaint to the school district if he or she is discriminated against, harassed, intimidated, or bullied on the basis of his or her actual or perceived nationality, ethnicity, or immigration status.

Programs to Encourage Parental Involvement/Annual Objectives (E.C. section 11503, 20 USC 6312 and 20 USC 6318)

To ensure that parents/guardians and family members of students are provided with opportunities to be involved in their children's education, each year the district endeavors to involve parents/guardians and family members by:

- Establishing district-level parent advisory committees;
- Inviting input from district committees and school site councils;
- Providing information about opportunities for parents/guardians and family engagement through the district newsletter, website, or other written or electronic means
- Providing copies of working drafts to parents/guardians;
- Providing a master calendar of district activities and district meetings;
- Ensuring that there is an opportunity at a public board meeting for public comment; and

- Assisting parents/guardians in understanding the state academic content standards and academic achievement standards, state and local academic assessments, and how to monitor a child's progress.

A more complete discussion may be found in board policy BP and AR 6020 and in the district's LCAP Annual Update posted on the district's website.

Procedures for Preventing Acts of Bullying, including Cyberbullying (E.C. section 234.1)

Any complaint of bullying must be investigated and, if determined to be discriminatory bullying, resolved in accordance with law and the district's uniform complaint procedures specified in board policy AR 1312.3. Discriminatory bullying includes bullying on the basis of race, color, national origin, sex, sexual orientation, gender identity or expression, age, disability, and/or another legally protected category. When "discriminatory bullying" is committed and the bullying is sufficiently serious to create a hostile educational environment for the alleged victim to otherwise deny or limit the student's educational benefits and services, including denial of a free appropriate public education, a victim must be afforded the protections specified under relevant state and/or federal law.

If, during the investigation, it is determined that a complaint is about nondiscriminatory bullying, the principal or designee shall inform the complainant and shall take all necessary actions to resolve the complaint.

The district must develop strategies for addressing bullying in its schools and do so with the involvement of students, parents/guardians, and staff. District may also collaborate with social services, mental health services, law enforcement, courts, and other agencies and community organizations in the development and implementation of effective strategies to promote safety in schools and the community.

For more information regarding the district's general anti-bullying policy please review board policy BP and AR 5131.2 and 5145.3.

Child Health and Disability Prevention Program (Health and Safety Code sections 124025-124110; 323.5, 324.2, 324.3; E.C. sections, 49452.8)

Good health, including good oral health, is important to your child's learning and successful academic career. State law requires that students have a comprehensive health screening within 18 months prior to each child entering into the first grade or within 90 days thereafter. The parent must present evidence of the comprehensive health screening on the "Report of Health Examination for School Entry" certification form provided by the Department of Health Care Services, signed by the student's health examiner certifying that the student has completed a comprehensive health screening within 18 months prior to entry into first grade or within 90 days thereafter. Likewise, state law requires that by May 31 of your child's first school year in a public school, proof of an oral health assessment by a licensed dentist must be presented. You may file with the district a written objection or waiver stating the reasons if you are unable to obtain such services. Your child may be sent home if you fail to provide the certificate or waiver, or if your child is suspected to be suffering from a contagious disease. You may find it convenient to have your child immunized at the same time that the comprehensive health screening is conducted. These services may be available to you at no cost through the Child Health and Disability Prevention Program ("CHDP").

Vision Appraisal (E.C. section 49455)

The district is required to appraise each student's vision upon initial enrollment and in grades 2, 5, and 8, except that a student first enrolling in grade 4 or grade 7 will not be reappraised the following year. The appraisal will include tests for visual acuity and color vision; however, color vision will be appraised once and only on male students. The evaluation may be waived upon presentation of a certificate from a physician and surgeon, physician's assistant, or optometrist setting out the results of a determination of the student's vision, including visual acuity and color vision. The appraisal does not apply to a pupil whose parent/guardian files with the principal a written statement that they adhere to the faith or teachings of any well-recognized religious sect, denomination, or organization and in accordance with its creed, tenets, or principles depend on prayer for healing in the practice of their religion.

IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER

Este informe contiene información muy importante sobre su agua potable.

Por favor hable con alguien que lo pueda traducir

Lakeside School Has Levels of Arsenic Above Drinking Water Standards

Our water system failed a drinking water standard. Although this is not an emergency, as our customers, you have a right to know what you should do, what happened and what we are doing to correct this situation.

We routinely monitor for the presence of drinking water contaminants. Testing results collected on April 26, 2021 show that our system exceeds the standard, or maximum contaminant level (MCL), for arsenic. The standard for arsenic is 10 ug/L (micrograms per liter). The average level of arsenic was 15 ug/L.

What should I do?

- **You do not need to use an alternative (e.g. , bottled) water supply.** However, if you have specific health concerns, consult your doctor.
- This is not an emergency. If it had been, you would have been notified immediately. However, *some people who drink water containing arsenic in excess of the MCL over many years may experience skin damage or circulatory system problems, and may have an increased risk of getting cancer.*
- If you have other health issues concerning the consumption of this water, you may wish to consult your doctor.

What happened? What was done?

[We are currently working with the City of Bakersfield and the State Water Resources Control Board, so we may possibly consolidate with the city for drinking water.](#) We anticipate resolving the problem soon.

For more information, please contact Barry Lant at 661-831-3503 or at the following mailing address: [14535 Old River Road, Bakersfield CA 93311](#).

Please share this information with all the other people who drink this water, especially those who may not have received this notice directly (for example, people in apartments, nursing homes, schools, and businesses). You can do this by posting this notice in a public place or distributing copies by hand or mail.

Secondary Notification Requirements

Upon receipt of notification from a person operating a public water system, the following notification must be given within 10 days [Health and Safety Code Section 116450(g)]:

- **SCHOOLS:** Must notify school employees, students, and parents (if the students are minors).
- **RESIDENTIAL RENTAL PROPERTY OWNERS OR MANAGERS** (including nursing homes and care facilities): Must notify tenants.
- **BUSINESS PROPERTY OWNERS, MANAGERS, OR OPERATORS:** Must notify employees of businesses located on the property.

This notice is being sent to you by Lakeside School.

Date distributed: 05/20/2021.

INFORMACIÓN IMPORTANTE SOBRE SU AGUA POTABLE

Este aviso contiene información muy importante sobre su agua potable.

El agua de Lakeside School tiene altos niveles de Arsénico que exceden el estándar para agua potable

Nuestro sistema de agua recientemente violó un estándar para agua potable. Aunque esto no es una emergencia, como cliente nuestro, usted tiene el derecho de saber qué debería hacer, lo que pasó, y qué estamos haciendo para corregir ésta situación.

Nosotros rutinariamente hacemos monitoreo para detectar la presencia de contaminantes en el agua potable. Los resultados de pruebas de muestras que recibimos Abril 26, 2021 indicaron niveles de promedio de 15 miligramos por litro (mg/L). Estos niveles exceden el estándar o MCL (nivel máximo de contaminantes) de 10 miligramos por litro (mg/L).

¿Qué debo hacer?

- **Usted no tiene que usar un suministro de agua alternativo (por ejemplo, agua embotellada).**
- Esto no es una emergencia. Si esto hubiera sido una emergencia, se le hubiera notificado de inmediato. No obstante, *algunas personas que beben agua que contiene arsénico arriba del nivel máximo de contaminantes (MCL) a lo largo de muchos años, pueden experimentar daños a la piel o problemas del sistema circulatorio, y pueden tener un riesgo mayor de tener cáncer.*
- Si tiene otros problemas de salud respecto al consumo de ésta agua, usted debería consultar con su doctor.

¿Qué sucedió? ¿Qué se está haciendo al respecto?

Estamos trabajando con la Ciudad de Bakersfield para evaluar la conexión de la escuela al sistema de agua de la ciudad, así como investigar otras opciones para corregir el problema.

Para obtener más información, póngase en contacto con Gilbert Garcia de la Unión Lakeside al (661) 831-3503 o por correo a 14535 Old River Road Bakersfield, CA 93311.

Por favor comparta esta información con todas las demás personas que tomen de esta agua, especialmente aquellos que no hayan recibido éste aviso directamente (por ejemplo, las personas en apartamentos, asilos, escuelas, y negocios). Puede hacerlo poniendo este aviso en un lugar público o distribuyendo copias en persona o por correo.

.Requisitos de Notificación Secundaria

Al recibir la notificación de alguien que opere un sistema de agua público, se debe dar la siguiente notificación dentro de 10 días conforme a la Sección 116450(g) del Código de Salud y Seguridad:

- **ESCUELAS:** Deben notificar a los empleados de la escuela, estudiantes, y a los padres (si los estudiantes son menores).

Lakeside Union School District Student Internet Acceptable Use Policy Agreement

(Please return this form to your attended school)

We are pleased to offer students in the Lakeside Union School District access to the Internet. **To gain access to the Internet, all students under the age of 18 must obtain parental permission and must sign and return this form.** Access to the Internet will enable students to explore thousands of libraries, databases, and bulletin boards throughout the world. Families should be warned that some material accessible via the Internet may contain items that are illegal, defamatory, inaccurate or potentially offensive to some people. While our intent is to make Internet access available to further educational goals and objectives, students may find ways to access other materials as well. We believe that the benefits to students from access to the Internet, in the form of information resources and opportunities for collaboration, exceed any disadvantages. But ultimately, parents and guardians of minors are responsible for setting and conveying the standards that their children should follow when using media and information sources. To that end, the Lakeside Union School District supports and respects each family's right to decide whether or not to apply for access.

School Internet Rules

Students are responsible for good behavior on school computer networks just as they are in the classroom or a school hallway. Communications on the network are often public in nature. General school rules for behavior and communications apply. The network is provided for students to conduct research. Access to network services is given to students who agree to act in a considerate and responsible manner. **Parent permission is required. Access is a privilege – not a right. Access entails responsibility.**

Individual users of the school computer networks are responsible for their behavior and communications over those networks. It is presumed that users will comply with school standards and will honor the agreements they have signed. We endeavor to block inappropriate matter through content filtering software on the Internet. Anyone caught trying to bypass the filtering software in order to access denied sites, may result in cancellation of the privilege of working on school computers. Network storage areas may be treated like school lockers. Network administrators may review files to maintain system integrity and ensure that users are using the system responsibly. Users should not expect that files stored on district servers will always be private. The district reserves the right to monitor any files that may be inappropriate.

The Lakeside School District uses Google Apps for Education to support learning in the classrooms. Google Apps for Education Information FAQs pamphlet can be found on our website for review.

Within reason, freedom of speech and access to information will be honored. During school, teachers of younger students will guide them toward appropriate materials. Outside of school, families bear the same responsibility for such guidance as they exercise with information sources such as television, telephones, movies, radio, and other potentially offensive media.

This form is a condensed version of the School Board Policy entitled Internet Acceptable Use Policy, which is available at the Lakeside Union School District Office.

The following are not permitted:

- **Sending or displaying offensive messages or pictures**
- **Using another's password or login**

- **Damaging computer systems, computer networks or equipment**
- **Employing the network for commercial purposes**
