August 6, 2021

Dear Suburu Parents/Guardians,

Welcome to the Lakeside Union School District. My name is Valerie Garcia and I am excited to start another wonderful school year here at Donald E. Suburu School. I am honored and blessed to be a part of the Lakeside Union School District, who is known for excellence in preparing students for the future through a strong partnership with parents, students, staff and community. This year, I will be spending a lot of time working with your child(ren) to get to know their learning styles and interests as well as our staff to support our district's mission and our school's vision.

This handbook has been created to help guide you through this school year. Please take time to thoroughly read and discuss its contents with your child(ren). Also, please refer to pages 6-9 of this handbook for important forms that need to be filled out and returned to your child's teacher by the end of the first full week of school.

Our vision is to ensure every student is college and career ready as an independent lifelong learner. This means we have a lot of ground to cover and your support will be crucial in supporting our teachers for the 2020-2021 school year. I assure you that Mrs. Carr, our Vice Principal, and I will be working closely together to continue cultivating our positive school environment where your child(ren) becomes a creative communicator, through collaboration and critical thinking needed for future success.

Sincerely,

Mrs. Valerie Garcia
Principal

According to law (E.C. section 48205), your child will be excused for absence when it is:

- A. Due to his or her illness.
- B. Due to quarantine under the direction of a county or city health officer.
- C. For the purpose of having medical, dental, optometrical, or chiropractic services rendered.
- D. For the purpose of attending the funeral services of a member of his or her immediate family, so long as the absence is not more than one day if the service is conducted in California and not more than three days if the service is conducted outside California.
- E. For the purpose of jury duty in the manner provided by law.
- F. Due to the illness or medical appointment during school hours of a child of whom the pupil is the custodial parent.
- G. For justifiable personal reasons, including but not limited to an appearance in court, attendance at a funeral service, observance of a holiday or ceremony of his or her religion, attendance at religious retreats, attendance at an employment conference, or attendance at an educational conference on the legislative or judicial process offered by a nonprofit organization when the pupil's absence is requested in writing by the parent/guardian and approved by the principal or a designated representative pursuant to uniform standards established by the governing board.
- H. For the purpose of serving as a member of a precinct board for an election pursuant to Section 12302 of the Elections Code.
- I. For the purpose of spending time with a member of his/her immediate family, who is an active duty member of the uniformed services, as defined in E.C. section 49701, and has been called to duty for, is on leave from, or has immediately returned from, deployment to a combat zone or combat support position. Such absences will be granted for a period of time to be determined at the discretion of the Superintendent of the school district.
- J. For the purpose of attending his/her naturalization ceremony to become a United States citizen.
- K. Authorized at the discretion of a school administrator, as described in subdivision (c) of Section 48260.

Obtaining Confidential Medical Services

(E.C. section 46010.1)

A pupil may be excused from the school for the purpose of obtaining medical services that are private in nature and scheduled confidentially, that is, without the consent of the pupil's parent or guardian.

Absence for Religious Purposes

(E.C. section 46014)

With your written permission, your child may be excused to attend religious exercises or to receive moral and religious instruction away from school. However, your child will be required to complete a certain number of minutes for that day. Such absences are limited to four days per month.

Absence to Care for a Sick Child

(E.C. section 46015)

Absence to care for a sick child is an excused absence and the school is prohibited from requiring a note from a doctor for such an absence.

No Grade Reduction or Loss of Academic Credit

(E.C. section 48205)

Your child shall not have his/her grade reduced or lose academic credit for any excused absence(s) if missed assignments and tests can be reasonably provided and are satisfactorily completed in a reasonable time.

SCHOOL ATTENDANCE OPTIONS

Enrollment in Neighborhood School

(E.C. section 48980)

Generally, children may attend a school run by the district in which their parents reside. Districts usually enroll children in their neighborhood school. Their neighborhood school is the school which the district has designated to serve the area in which their family resides.

In addition, the district tries to provide options so that parents who reside in one attendance area may choose to enroll their child in a school that is designated to serve another attendance area. Further, families may choose to enroll their child at a school run by another school district all-together instead of attending a school run by their own school district.

The rules governing enrollment/attendance options are designed to not only address the diverse needs and interests of district families, but also balance enrollment in order to maximize the efficient use of district facilities. There are limitations and requirements associated with each such option and transportation assistance to and from the receiving school receiving the student is generally not provided.

Intradistrict Open Enrollment

(E.C. section 35160.5(b))

The parents/guardians of any student who resides within district boundaries may apply to enroll their child in any district run school instead of their neighborhood school. However, no student currently residing within a school's attendance area may be displaced by another student transferring from outside the attendance area.

Enrollment priority is given to:

- The victim of an act of bullying (if there is no available school for an intradistrict transfer, the district cannot prohibit the student's interdistrict transfer). (E.C. section 46600(d)(2).)
- Students whose neighborhood school has been classified as “persistently dangerous.” (20 USC 7912; 5 CCR 11992-11993.)
- Any student who is a victim of a violent crime while on school grounds. (20 USC 7912; 5 CCR 11992-11993.)
- Any student enrolled in a district school receiving Title I funds that has been identified for program improvement (PI), corrective action, or restructuring. (20 USC 6316.)
- Any student enrolled in a district school that has been identified on the state's Open Enrollment List. (E.C. sections 48350-48361; 5 CCR 7400-4705.)
- Additional priorities are set forth in the school district's intradistrict open enrollment policy (BP/AR section 5116.1).

The district determines the number of spaces available for each grade level and/or program at each district school to which a student attending another district school may transfer. Except for priorities listed above, the school district uses a random, unbiased selection process to determine who shall be admitted whenever the school receives enrollment requests that are in excess of the school's capacity at the pertinent grade level or in the pertinent program.

The application and selection process is more fully explained in the school district's intradistrict open enrollment policy (BP/AR section 5116.1) and the Open Enrollment Act transfers policy (BP/AR section 5118).

Interdistrict Transfers

(E.C. section 46600(a)(b) and section 46601)

A. Interdistrict Attendance Agreements and Permits

A student who resides in one district may transfer to and enroll at a school in another district pursuant to a permit issued under an interdistrict attendance agreement between the two school districts. Both districts must consent to the transfer. The victim of an act of bullying, committed by a pupil of the district of residence, is given priority for interdistrict attendance.

Unless the interdistrict attendance agreement expressly provides otherwise, the student does not have to reapply annually, or at all, and must be allowed to continue to attend the school in which he or she first enrolls.

Neither the sending nor receiving districts are required to consent to the transfer. There is an appeal process if an application is denied. The appeal is to the county board of education with jurisdiction over the district denying the transfer.

The application and selection process is more fully explained in the school district's interdistrict enrollment policy (BP/AR section 5117). For more information, please contact the District Office at 661-836-6658.

B. Open Enrollment Act Transfers Pursuant to an Interdistrict Attendance Agreement (E.C. sections 48350-48361; 5 CCR 7400-4705)

A student may enroll in a school outside the district under an interdistrict attendance agreement in conjunction with the Open Enrollment Act. A student in a school on California's list of 1,000 lowest achieving schools may transfer to another school with a higher API in the school district or, if none, in a nearby district. Once enrolled at a school pursuant to an interdistrict transfer, the transferring student may remain at that school unless the interdistrict attendance agreement between the two school districts expressly provides otherwise. The sending district may not deny the transfer request. The receiving district, however, may deny the transfer request. The county board of education may overrule a denial.

The application and selection process is more fully explained in the school district's Open Enrollment Act transfer policy (BP/AR section 5118). Information regarding the application process and applicable deadlines can be obtained from the District office at 661-836-6658.

C. School District of Choice Program (E.C. section 48300-48316)

A school district may enact the School District of Choice Program. The program allows the receiving district to enroll non-district students without the agreement of their district of residence. Under this program, priority must be given to siblings of children already in attendance and the receiving district may also give priority to children of military personnel.

Once enrolled pursuant to the School District of Choice Program, the transfer is renewed automatically unless the governing board withdraws from the program. However, the student does not have a regulatory right to stay at the same school as in the case of a Section 46600 interdistrict attendance agreement. Additionally, the district of residence may impose a statutorily-set cap on the total number of students transferring out of the district, and the district of choice is required to give certain notices to districts of residence.

If a district has not chosen to become a School District of Choice, then a parent may not choose to transfer under the provisions of the program. The process is more fully explained in the school district's interdistrict enrollment policy (BP/AR section 5117).

Employment-Based Residency

(E.C. section 48204(b))

A school district may adopt a policy which permits non-district students to enroll, without the agreement of their district of actual residence, if the student's parent or guardian is physically employed for a minimum of at least 10 hours per week within the geographical boundaries of the school district. A district adopting such a policy is not required to enroll every such student.

Once a student has enrolled pursuant to the employment-based residency rule, the student must be allowed to continue to attend a school within the district. However, there is no regulatory requirement that the student be allowed to continue to attend any particular school as in the case of a Section 46600 interdistrict attendance agreement.

The process is more fully explained in the school district's interdistrict enrollment policy (BP/AR section 5111.12(a)). Information regarding the application process and applicable deadlines can be obtained from the District office at 661-836-6658 .

Students Residing with a Caregiving Adult

(E.C. section 48204(a)(5))

A student who lives in the home of a caregiving adult within the boundaries of the school district is a resident of the school district. If the caregiver provides an affidavit under penalty of perjury, pursuant to the California Family Code (commencing with Section 6550), that is a sufficient basis for determining the pupil lives in the home of the caregiver, unless the school district determines from actual facts that the pupil is not living in the caregiver's home.

The process is more fully explained in the school district's residency policy (BP/AR section 5111.1). Information regarding the application process and applicable deadlines can be obtained from the District office at 661-836-6658 .

Students Residing in a Licensed Children's Institution

(E.C. section 48204(a)(1))

A student placed in a regularly established licensed children's institution, or a licensed foster home, or a family home pursuant to a commitment or placement under Welfare and Institutions Code, located within the boundaries of the school district may attend a school run by the district.

The process is more fully explained in the school district's residency policy (BP/AR section 5111.1). Information regarding the application process and applicable deadlines can be obtained from the District office at 661-836-6658 .

Foster Youth

(E.C. sections 48204(a)(2) and 48853.5)

Students who are or become "Foster" children must be permitted to continue their education at their "school of origin" through the end of the academic year and maybe longer if that placement is in their best interests. This rule applies as long as they remain "Foster" children. On the other hand, if the district's Educational Liaison and the Foster family agree that enrollment in a "new" school is in the best interest of the "Foster" child, the new school must immediately enroll the child. Foster children must be allowed to matriculate with

their peers in accordance with the established feeder patterns of the school district when transitioning to middle school or high school.

The process is more fully explained in the school district's education for foster youth policy (BP/AR section 6173.1). Information regarding the application process and applicable deadlines can be obtained from the District office at 661-836-6658 .

Emancipated Youth

(E.C. section 48204(a)(4)); Fam. Code section 7000 and following)

An emancipated student whose residence is located within the boundaries of a school district is considered a resident of that district and may attend the district's schools. An emancipated student is a minor whose parent or legal guardian has been relieved of responsibility, control, and authority through an emancipation procedure in court.

The process is more fully explained in the school district's residency policy (BP/AR section 5111.1). Information regarding the application process and applicable deadlines can be obtained from the District office at 661-836-6658 .

Students Residing in a State Hospital

(E.C. section 48204(a)(6))

A student residing in a state hospital located within the boundaries of a school district is deemed a resident of that district.

The process is more fully explained in the school district's residency policy (BP/AR section 5111.1). Information regarding the application process and applicable deadlines can be obtained from the District office at 661-836-6658 .

"Homeless" Students

(42 USC 11413-114350)

A student whose parents come within the McKinney-Vento criteria for homelessness may, if they so choose, continue enrollment in the school they were attending prior to becoming homeless even if now living elsewhere in or outside of the district's boundaries. Note that they may also choose the neighborhood school in their new district instead.

Also note that McKinney-Vento gives homeless students transportation rights. The new district and old district, together, must make transportation arrangements for the student.

The process is more fully explained in the school district's education for homeless children policy (BP/AR section 6173). Information regarding the application process and applicable deadlines can be obtained from the District office at 661-836-6658 .

Students Receiving Special Education Services Pursuant to an Individualized Education Program (IEP) or a 504 Plan

(20 USC 1400 and following; 34 CFR 300.114-300.118)

IEP teams and the Individuals with Disabilities Education Act (IDEA), not district administrators and/or other federal/state legislation, determine the placement of IDEA eligible students. The requirements of IDEA necessitate placement where the student can receive a Free and Appropriate Public Education (FAPE) in the Least Restrictive Environment (LRE). LRE tends to create a preference favoring sites in relative close proximity to the student's home provided that the student can receive FAPE at that site.

The same is generally true of students receiving special education services pursuant to Section 504 of the Rehabilitation Act of 1973 (29 USC 794; CFR 104.33 and 104.34).

The process is more fully explained in the school district's policies on Identification and Education Under Section 504 and on Individualized Education Programs (BP/AR sections 6164.6 and 6159).

If you have reason to believe that your child, age 0-21 years, has a disability which requires special services or accommodations, bring this to the attention of the school office. You may request an assessment for eligibility for special education instruction or services through the school principal. Your child will be evaluated to determine whether he/she is eligible for special instruction or services.

Any request for assessment must be made in writing and received by the District. If a request for assessment is made via e-mail, the request will be considered received by the District when the email is opened.

You will be notified in writing of all district decisions regarding the identification, evaluation, or educational placement of your student if he/she has a disability or suspected disability. All such notifications will include a statement regarding procedural safeguards, including but not limited to, your right to examine relevant records, have an impartial hearing with an opportunity for participation by you and your counsel, and have a review procedure. [E.C. Section 56020, et seq. and 56301]

Individualized Instruction

(E.C. sections 48206.3 and 48980(b))

If your child has a temporary disability which prevents him/her from attending regular classes, the district will provide individual instruction when possible.

Independent Study

If your student must be absent from school for at least five days and no more than 10 days without a doctor's note, you may request Independent Study. Requests need to be written and submitted to the office a minimum of one week in advance. These packets, when completed by your student while away from school, can be used by us to ensure that learning is taking place. Also, the law allows us to use these contracts as proof that your student was still accountable to the school and we then can claim ADA for their absence. All you need do as a parent is make sure that the work is completed with high accuracy, signed, and returned to the school office on the day your child returns to school. If the Independent Study Contract is not returned the student will be given an unexcused absence.

Students in Hospitals Outside of School District

(E.C. sections 48206.3, 48207, 48208)

If, due to a temporary disability, your child is in a hospital or other residential health facility which is located outside your school district, he/she may be eligible to attend the school district in which the hospital is located. If this situation should arise, you should notify both the district where you reside and the district where the hospital is located so that individualized instruction, if possible, can be provided.

Alternative School or Class Group Within the District

A school district may establish and maintain an "alternative" school or a separate class group within the district, pursuant to E.C. section 58500 that is designed to maximize the opportunity for students to develop the positive values of self-reliance, self-motivation, initiative, kindness, spontaneity, resourcefulness, courage, creativity, responsibility, and joy.

Charter Schools

(E.C. sections 47600-47663; 5 CCR 11963)

Charter Schools are governed by the Education Code, but free of most of the code's restrictions. The two main forms of charter schools are classroom-based or non-classroom-based instruction.

Non-classroom-based instruction, commonly referred to as “independent study,” takes place primarily at home or outside the traditional classroom-based school setting.

Private Schools

Children may be instructed in a private full-time day school by persons qualified to teach in the State of California (E.C. sections 33190 and 33195). Private schools are selected and paid for by the student’s parents.

Mentally Gifted Students

(E.C. section 48223)

Children who are mentally gifted may be taught in a private full-time day school by persons qualified to teach in the State of California. Parents bear the costs of such schools.

Private Tutors

(E.C. section 48224)

As an alternative to a private school, children may be instructed by a private tutor, who must hold a valid state credential for the applicable grade level. Private tutors are selected and paid for by student’s parents.

Homeschooling

Homeschooling in California is either performed by a parent who files a private school affidavit, a parent who qualifies as a private tutor, or untrained parents who simply teach their child at home.

STUDENT MISCONDUCT AND DISCIPLINE

The Obligations of a Student While at School

(5 CCR 300)

Every student must:

- Attend school punctually and regularly;
- Conform to the regulations of the school;
- Obey promptly all the directions of his teacher and others in authority;
- Observe good order and propriety of deportment;
- Be diligent in study; respectful to his/her teacher and others in authority; kind and courteous to schoolmates; and refrain entirely from the use of profane and vulgar language.

Teachers Are Required to Hold Students to Strict Account for Misconduct

(E.C. section 44807)

Every teacher must hold students to a strict account for their conduct on the way to and from school, on the playgrounds, or during recess. Teachers may exercise that amount of physical control reasonably necessary to maintain order, protect property, or protect the health and safety of pupils, or to maintain proper and appropriate conditions conducive to learning.

Rules of the District Pertaining to Student Discipline

(E.C. section 35291)

Student discipline is regulated by the California legislature and by board policy and procedures. The student discipline rules are detailed and exhaustive. Their purpose is to give school officials the legal authority to

impose student discipline and also provide accused students with due process. The pertinent information is available either online or hard copies can be provided.

Prohibited Behavior

(E.C. section 48900 and following)

If a student engages in prohibited behavior, in addition to other forms of corrective action, he/she may be disciplined, including in school suspension, suspension from school and expulsion from the school district, depending on the circumstances.

Prohibited behavior includes volitional conduct amounting to or related to: assault, battery, threat, alcohol, drugs including Soma, firearms, knives, explosives, other dangerous objects, drug paraphernalia, robbery, extortion, destruction of property, stealing, receiving stolen property, tobacco, obscene acts, habitual profanity, disrupting school activities, defying the valid authority of teachers, administrators, or other school personnel, possessing an imitation firearm, sexual battery, sexual assault, intimidation of student witnesses, hazing, bullying sexual harassment, hate violence, harassment, intimidation and terroristic threats.

Classroom Correction and Non-Punitive in School Correction Preferred When Appropriate

(E.C. sections 48900.5, 48900.6 and 48900.9)

Other means of correction are always preferred over in-school suspension, suspension from school, expulsion and any other form of exclusionary discipline that results in a pupil being removed from his/her regular classroom.

Progressive Discipline Plan

Every student has the right to learn and be safe, and no one has the right to interrupt learning or make others feel unsafe. In order to achieve this goal it is necessary for students to behave in a safe orderly way for an effective learning environment.

Outlined below is Suburu School's Progressive Discipline Plan that stipulates behaviors that will not be allowed at school. Also outlined are the possible actions of engaging in such behaviors.

Our staff will utilize their classroom management system and give verbal warnings prior to progressing through the actions if appropriate.

Please read and discuss these with your child(ren). With your assistance, our school will strive to provide the best possible learning environment for all children.

Suspension from School

(E.C. section 48911)

A school principal (or the principal's duly assigned designee or the Superintendent) may suspend a pupil from school for any conduct prohibited by Section 48900. The maximum duration of any single suspension is five school days.

A teacher may suspend any pupil from his/her class, for any of the acts enumerated in Section 48900 for the day of the suspension and the day following. As soon as possible, the teacher shall ask the parent/guardian of the pupil to attend a parent-teacher conference regarding the suspension. A school administrator shall attend the conference if the teacher or parent/guardian so requests. The pupil shall not be returned to the class from which he/she was suspended, during the period of the suspension, without the concurrence of the teacher of the class and the principal. Teachers are allowed to require make-up work by suspended pupils. [EC 48901]

Expulsion from the School District

(E.C. section 48918)

When appropriate, the governing board may expel a student from the school district for any conduct proscribed by the Education Code, except 48900(k) disruption/defiance. The student is entitled to a hearing and due process. If expelled, the student is to receive a Rehabilitation Plan and a copy of the procedures to apply for readmission to the district.

Discipline of a Disabled Student Who Is Eligible for Special Education Pursuant to IDEA or Section 504

(E.C. section 48915.5 and 20 USC 1415(k))

Federal law governs the authority of school districts to suspend and expel disabled children from school. If the misconduct is a manifestation of the student's disability, after 10 days of suspension, the student must be returned to the pre-suspension placement unless his/her IEP team and parents agree otherwise. A disabled student may not be expelled for misconduct which is a manifestation of the student's disability.

Student Searches

(*New Jersey v. T.L.O.* (1985) 469 U.S. 325)

A warrant or probable cause is not necessary for searches of students by school officials and the level of suspicion to justify the search need not rise to the level of probable cause. Rather, such a search by school officials must be:

- Justified in its inception - it must be reasonable to suspect the items searched contain evidence of prohibited conduct;
- Reasonably related in scope to the circumstances which justified the search in the first place. That is, the measures adopted are reasonably related to the objectives of the search and not excessively intrusive in light of the age and sex of the student and the nature of the infraction.

Law Enforcement Notification

(E.C. section 48902)

The Education Code requires that the school principal to notify law enforcement in cases of student misbehavior involving:

- Assault with a deadly weapon or other instrument;
- Assault by means of force likely to produce serious bodily injury;
- Use, possession or sale of drugs and alcohol;
- Arranging for the sale of a substance represented to be drugs or alcohol;
- Possession of a firearm within a school zone;
- Possession of other weapons such as dirks or daggers at school; and
- Possession or furnishing of a firearm or an explosive at school.

Release of a Student to a Peace Officer

(E.C. section 48906)

If a school official releases your student from school to a peace officer for the purpose of removing him/her from the school premises, the school official will take immediate steps to notify you or a responsible relative of your child, except when a student has been taken into custody as a victim of suspected child abuse. In those cases, the peace officer will notify the parent or responsible relative that the child is in custody and the place where the child is being held, unless the child would be endangered by disclosure of the place.

Property Damage or Personal Injury - Parents Liable

(E.C. section 48904(a) and Civil Code section 1714.1)

Parents are liable for property damage or personal injuries caused by their child's willful misconduct in an amount up to \$25,000.00.

Damaged Library Materials - Parents Liable

(E.C. section 19910)

The parent or guardian of a minor who willfully and maliciously cuts, tears, defaces, breaks, or injures any book, map, chart, picture, engraving, statue, coin, model, apparatus, or other work of literature, art, mechanics, or object of curiosity, deposited in any public library, gallery, museum, collection, fair, or exhibition is liable for all damages so caused by the minor.

Overdue Library Materials - Parents Liable

(E.C. section 19911)

The parent or guardian of a minor who willfully and maliciously detains any book, newspaper, magazine, pamphlet, manuscript, or other property belonging to any public or incorporated library, reading room, museum, or other educational institution, for 30 days after notice in writing to return the article or property, given after the expiration of the time for which by the rules of the institution the article or property may be kept, is liable for all damages so caused by the minor.

Withholding Grades, Diploma, or Transcript

(E.C. section 48904(b))

When your child willfully damages school property or if school property is loaned to your child and he/she refuses to return it when due, grades, diplomas and transcripts may be withheld. A voluntary work program in lieu of the payment of money may be arranged.

Attendance by Parent for a Portion of the School Day

(E.C. 48900.1)

If your student willfully defies the authority of his/her teacher, disrupts classroom activity, commits an obscene act or habitually uses profanity or vulgarity, you may be required to attend school with your student for a portion of the school day.

Dress Code

(E.C. section 35183(d))

The purpose of our dress code is to help generate a positive learning environment for all students. The Education Code stipulates a student's dress should not interfere with the educational process, or that it should not provide a safety hazard. Students must be neat and clean upon entering school. In accordance with this legal section, we require that students adhere to the following:

Student dress should be appropriate for the learning environment and any school-sponsored activity. Students are not permitted to wear:

- “Spaghetti” straps, see-through, strapless or backless garments, midriffs, low-cut tops or dresses , tube-tops, halters, or similar types of clothing
- Undergarments cannot be visible.
- Short skirts, shorts or spandex that are too revealing. As a general rule, the bottom of the shorts should be at or past the fingertips when the student is standing with arms hanging down.
- Excessively baggy clothing or sagging pants (Pants are to be worn at the waist.)
- Tank tops, mesh tanks, or muscle shirts.
- Any clothing, accessory, or backpack which displays alcohol, tobacco products, drugs, gang affiliations, sexual content or offensive language.
- Any clothing or adornment that is distracting or potentially unsafe (i.e. sharp objects, safety pins, metal studs, wallet chains)
- Any footwear inappropriate for normal activities. Footwear must be securely attached to the heel of the student. Due to safety concerns, flip-flop type shoes are not allowed. (including bedroom slippers or moccasins)
- Head coverings, bandanas, or hair nets.
- Only Suburu hats are allowed on campus. Hats must be removed when entering classrooms and offices. All other hats are not permitted on campus. Any confiscated hats will be returned to parents only.
- Any clothing with excessive rips, tears, cuts, holes.

The Board and administration reserve the right to declare any mode of dress or appearance that in their reasonable estimation inhibits the educational process or threatens the safety and protection of all students as unacceptable. Final determination of acceptable dress will be made by the school administration.

If students are dressed in an unacceptable manner, parents will be notified and corrective measures must be taken before the student will be allowed to return to class. Parents may be required to pick up a student from school or bring appropriate clothes to school as requested by the administration. A student who continues to violate the dress code may be suspended on the grounds of defiance to authority.

It is not our purpose to prescribe specific dress for your child(ren). We are concerned, however that our best instruction can occur when there is little to no distraction. Your cooperation is appreciated.

Marking children’s clothing is an aid to you. Many articles of clothing are lost or remain unclaimed for lack of identification. Lost clothing and other articles are kept in a specific location for a short time. The school and/or school personnel are not responsible for lost items.

Student Sexual Harassment

(E.C. section 231.5; 5 CCR section 4917)

The district takes allegations of sexual harassment seriously. The district prohibits, at school or at school-sponsored or school-related activities, sexual harassment targeted at any student by anyone. The district also prohibits retaliatory behavior or action against any person who reports, files a complaint or testifies about, or otherwise supports a complainant in alleging sexual harassment. Students in grades 4 through 12 may be suspended or expelled for engaging in sexual harassment. A copy of the district's policy on student sexual harassment is enclosed for your review.

Students who engage in such harassment may be subject to disciplinary action up to and including expulsion (Education Code sections 212.5; 230; 48900.2). The principal or designee shall discuss the district’s sexual harassment policy with his/her students and employees and assure them that they are not required to endure sexually insulting, degrading or exploitative treatment or any other form of sexual harassment. The principal

or designee shall provide staff in-service or student instruction and counseling as needed (Title VIII of the Civil Rights Act of 1964; Title IX of the Education Amendments of 1972).

The district strongly encourages any student or staff who feels that he/she is being or has been sexually harassed on school grounds or at a school-sponsored or school-related activity by another student or an adult, or who has experienced off-campus sexual harassment that has a continuing effect on campus, to immediately contact his/her teacher, the principal, or any other available school employee. Any employee who receives a report or observes an incident of sexual harassment shall notify the principal or a district compliance officer. Once notified, the principal or compliance officer shall take the steps to investigate and address the allegation, as specified in BP and AR 5145.7.

Social Media Monitoring

(E.C. section 49073.6)

The district intends to and will collect data from pupils' social media, and may use such data in disciplinary actions involving students and/or district employees. The information gathered and/or maintained will pertain directly to school or student safety.

Pupils and their parents/guardians may inspect this information and request correction or deletion. The information will be deleted within one year of the pupil reaching the age of 18 or within one year of the pupil no longer being enrolled in the district, whichever comes first. The social media records of a pupil may be inspected by the pupil or the pupil's parent/guardian and corrections or deletion of the information may be requested. Requests to inspect a pupil's collected social media information, or to correct or delete the information, may be made to the principal or other site administrator who, within five school days, shall make the records available for inspection or respond to the request for correction or deletion of the information. Students and their parents/guardians also may have a district-level hearing to appeal the decision not to change or delete records.

Involuntary Transfer of a Student Convicted of a Violent Felony or Misdemeanor Where Victim Enrolled at Same School

(E.C. section 48929)

Pursuant to board policy, a student perpetrator who has been convicted of a violent felony or a misdemeanor involving a firearm may be involuntarily transferred to another school site if the victim of the offense is enrolled at the same school as the perpetrator. District policy provides that (i) the school first attempt to resolve their conflict using restorative justice or counseling, if the victim will participate; (ii) the student perpetrator be notified of his/her right to request a meeting with the school principal before the principal makes a recommendation; (iii) the Superintendent or his/her designee make a recommendation to the governing board; and (iv) the board deliberate in closed session as may be necessary to maintain the confidentiality of student information. The board's decision will be final.

STUDENT SERVICES

Services to Disabled Pupils

(E.C. section 56020 and following, 56301; 34 CFR 104.36)

If you have reason to believe that your child (ages 0 through 21 years) has a disability which requires special services or accommodations, bring this to the attention of the school office. You may request an assessment for eligibility for special education instruction or services through the school principal. Your child will be evaluated to determine whether he/she is eligible for special instruction or services.

Any request for assessment must be made in writing and received by the district. If a request for assessment is made via e-mail, the request will be considered received by the district when the email is opened.

You will be notified in writing of all district decisions regarding the identification, evaluation, or educational placement of your student if he/she has a disability or suspected disability. All such notifications will include a statement regarding procedural safeguards, including but not limited to your rights to (1) examine relevant records, (2) have an impartial hearing with an opportunity for participation by you and your counsel, and (3) a review procedure.

The rules governing the rights and obligations associated with Special Education are more fully explained in board policy BP and AR 6159-6259.4.

Prospectus of School Curriculum

(E.C. sections 49063, 49091.14)

The curriculum of every course offered by the schools of the district is compiled annually by each school in a prospectus which contains the titles, descriptions, and instructional aims of every course offered by each school. Each school prospectus is available for review upon request at each school site.

Pupil Nutrition/Notice of Free and Reduced Meal Prices

(E.C. sections 49510-49520; 42 USC 1758 and 1773)

Your child may be eligible for free and reduced meal prices. The application form and related information can be found and completed online via the district website.

All meals are to be paid in advance. Checks require a student name, and a \$10.00 fee will be charged for each returned check.

Fingerprinting

(E.C. section 32390)

Districts are authorized to offer fingerprinting programs for children enrolled in kindergarten or newly enrolled in the district. If the district has adopted such a program, on your child's initial enrollment you will be notified of procedures, any applicable fee, and your right to decline your child's participation.

Sex Equity in Course Selection and Career Counseling; Advance Notice

(E.C. section 221.5)

Commencing with the 7th grade, parents must be notified in advance of Course Selection and Career Counseling. Parents may participate in such counseling along with their child. Recommendations by counselors cannot differentiate between students on the basis of the student's sex and shall affirmatively explore with each student the possibility of careers and courses leading to careers that may be considered nontraditional for that student's sex.

HEALTH AND SAFETY SERVICES

Immunizations (E.C. sections 49403, 48216 and 48853.5; Health and Safety Code sections 120335, 120370, 120372, 120372.05 and 120375; 17 CCR 6025-6051, 6055 and 6070; 42 USC 11431.)

In order to protect the health of all students and staff and to curtail the spread of infectious diseases, the school district cooperates with state and local public health agencies to encourage and facilitate immunization of all district students against preventable diseases. Accordingly, parents must provide documentation of full immunization, in accordance with the age/grade and dose required by the California Department of Public Health (CDPH), against the following diseases:

1. Measles, mumps, and rubella (MMR);

2. Diphtheria, tetanus, and pertussis (whooping cough) (DTP, DTaP, or Tdap);
3. Poliomyelitis (polio);
4. Hepatitis B;
5. Varicella (chickenpox);
6. Haemophilus Influenza Type B (Hib meningitis); and
7. Any other disease designated by the CDPH.

Any first time newly admitted student who has not obtained the required immunization(s) within 10 school days following the parent/guardian's receipt of notice, must be excluded from school unless the student is exempt from immunization for medical reasons.

A medical exemption requires a written statement from a licensed physician to the effect that the physical condition or the medical circumstances of the child are such that immunization is not safe.

Beginning January 1, 2020, a medical exemption must be submitted using the standardized form developed by the California Department of Public Health (CDPH) and transmitted through the California Immunization Registry (CAIR). The information must include a description of the medical basis for which the exemption for each individual immunization is sought and whether the medical exemption is permanent or temporary.

A student who has a medical exemption issued prior to January 1, 2020, will be allowed to continue enrollment until the next grade span, except that after July 1, 2021, a student may not be admitted or advanced to grade 7 unless the student has been immunized or a medical exemption form filed as stated above.

A temporary exemption cannot exceed one year, and all medical exemptions cannot extend beyond the grade span.

If a student's medical exemption is revoked by CDPH on the basis that the exemption does not meet applicable criteria for medical exemptions, the student shall continue in attendance and, within 30 calendar days of the revocation, commence the immunization schedule required for conditional admittance.

The student's parent/guardian may appeal a revocation to the Secretary of California Health and Human Services. If a revocation is appealed, the student may continue in attendance and cannot be required to commence the immunization schedule required for conditional admittance provided the appeal is filed within 30 calendar days of the revocation.

If it is determined, however, that a child has been exposed to one of the 10 diseases named in the immunization requirements and does not have proof of immunization, the child may be temporarily kept out of school.

A student may also be exempt from the state immunization requirements if he/she is enrolled in an independent study program pursuant to Education Code sections 51745-51749.6 and does not receive any classroom-based instruction.

The "personal beliefs" exemption to the immunization requirements requires that parent submit a letter stating that they object to immunizations based on their personal beliefs and that letter must have been submitted no later than January 1, 2016. As most newly enrolling students were not born by January 1, 2016, this exemption is not available to them. For any continuing student, note that any

personal beliefs exemption granted prior to January 1, 2016 is only effective until the student enters the next grade span. For this purpose, Health and Safety Code 12335 defines three grade spans: birth through preschool, grades K-6 (including TK), and grades 7-12. For example, a student granted a personal beliefs exemption in preschool must be immunized when entering kindergarten, and a student granted such an exemption in grade 4 must be immunized when entering grade 7.

If the student has not been granted a valid exemption, the student must remain excluded from school until an immunization record is provided that certifies that he/she has received a dose of each required vaccine due at that time.

An immunization record must be either a personal record with entries made by a physician or agency performing the immunizations or a school record from the student's previous school documenting the student's immunizations.

A special education student who is not fully immunized must nevertheless continue to receive all his/her special education and related services. That is, the IEP must continue to be fully implemented.

Homeless children and foster youth must be immediately enrolled even if they are unable to produce records normally required for enrollment, including medical records.

Military families must be given 30 days from the date of enrollment to show that their children are fully immunized before being excluded. A transfer student must be given 30 days while his/her records are being transferred from a previous school before being excluded.

The rules governing the rights and obligations associated with immunizations and exclusion from school are more fully explained in board policy BP and AR 5141.31 and AR 5112.2.

If you have questions or concerns, you may contact and discuss those questions and concerns with the school nurse. If you are having financial difficulty fully immunizing your child or difficulty locating a medical provider, contact the school nurse for guidance. If you need a short extension of this timeline, also contact the school nurse.

Table A, “California Immunization Requirements for Pre-Kindergarten,” sets forth, according to age or grade, the required immunizations and number of doses for admission to and attendance at a pre-kindergarten facility.

Control of Communicable Disease

(E.C. section 49403)

The district cooperates with the local health office in the control and prevention of communicable disease in school-age children. If you consent in writing, the district may permit any person licensed as a physician and surgeon, or any person licensed as a registered nurse, to administer an immunizing agent to your child. You will be advised in writing before any immunization program is instituted.

Administering Medication and Monitoring Health Conditions

(E.C. sections 49414.5, 49414.7, 49423, 49423.1; 5 CCR 600-611; *American Nurses Association v. Torlakson* (2013) 57 Cal. 4th 570)

Any member of the school staff NEVER gives aspirin to any student. *All medications are to be turned in to the nurse or school office.*

The district recognizes that during the school day, some students may need to take medication prescribed or ordered by an authorized health care provider to be able to fully participate in the educational program. Upon your written request and with the approval of your child's authorized health care provider, together with a release by parents, foster parents, or guardians of civil liability for such self-administration, a student with a medical condition who requires frequent treatment, monitoring, or testing (including but not limited to diabetes and asthma) may be allowed to self-administer, self-monitor, and/or self-test. Your child must observe universal precautions in handling blood and other bodily fluids.

Any medication prescribed by an authorized health care provider, including an emergency anti-seizure medication for a student with epilepsy, may be administered by the school nurse or other designated school personnel only when the Superintendent or designee has received a written statement from you indicating your desire for the district to assist your child in taking the medication and a written statement from your child's authorized health care provider detailing the name of the medication, method, amount, and time schedules by which the medication is to be taken. If the medication, dosage, frequency of administration, or reason for administration changes at some point in the year, you must provide a new written statement from your child's authorized health care provider.

When unlicensed personnel are authorized by law to administer a medication, such as emergency anti-seizure medication, epinephrine auto-injector, glucagon, or insulin, the Superintendent or designee will ensure that school personnel designated to administer it to students receive appropriate training from qualified medical personnel before any medication is administered. Additionally, such unlicensed personnel will be supervised by, and provided immediate communication access to, a school nurse or physician. In an emergency situation, such as a public disaster or epidemic, a trained, unlicensed district employee may administer medication to a student.

If your child is on a continuing medication regime for a non-episodic condition, you must inform the school nurse or other designated employee of the medication being taken, the current dosage, and the name of the supervising physician. Necessary medications must be provided in properly labeled, original containers, along with the authorized health care provider's instructions. For prescribed or ordered medication, the container must have the name and phone number of the pharmacy, the student's identification, and the name and phone number of the authorized health care provider. With your consent, the school nurse or other designated employee, may communicate with your child's physician regarding the medication and its effects and may counsel school personnel regarding the possible effects of the medication on the student.

The District's BP 5141.21 more fully explains rights, obligations and policy regarding administering medication and monitoring health conditions.

School Safety Plans

(E.C. section 32280 and following)

Each school site has established a Safety Plan. Details of the Safety Plan are available to the public through the district office on request, and copies are provided to local law enforcement.

At the first notice of any community wide disaster, the Kern County Office of Emergency Services will notify our district office.

If there is a local emergency, i.e., loss of electricity or water and there is a need to close school early students will remain at school until an authorized parent/guardian picks them up, or is notified.

The following are the student release procedures in place: Release procedures will take place from an outdoor assembly area when buildings are unsafe, or from classrooms if buildings are judged safe.

- Teachers take students to the assigned areas on the playground if buildings are unsafe.
- Parents must report to the Reunification Gate and request to pick-up their child. If students are on the south playground, please use the Silver Creek Park parking lot to park your vehicle then proceed to

pick your child(ren) up at the southeast gate of the playground. The child(ren) will be escorted to the sign-out location at this gate and parents are to fill out the release form. The form shall require the identification, signature, address, destination and phone number of the adult to whom the child is released.

The student will not be released to anyone other than his/her parent or guardian except under the following conditions:

- Parent or guardian contacts the school directly requesting release to another person.
- Parent or guardian has given written permission to release the child to another person and the school can correctly identify that person. The school will not release a child to a person unknown to that child except with the above written permission and permission from the administration.
- When circumstances warrant, that in the best judgment of the staff member in charge, it is in the best interest of a child to place him/her in an alternate place of safety.

Parents should review the above procedures with their youngster regularly, emphasizing that the regular means of getting home from school will be used except in an extreme emergency.

Earthquake

The Lakeside District's earthquake emergency policy is based on the fact that the safest thing for young people in the event of a serious earthquake during the school day, is to remain at school. This is for the safety and welfare of the students until roads are safe to travel.

In the case of an earthquake, do not leave the building immediately, as the greatest danger exists from falling walls, debris, and unstable ground.

In buildings with a lot of glass, the greatest danger is from shattering glass. Students should protect themselves from falling glass by crawling under a desk or table when possible with back toward windows and face buried in the crook of the arm.

Procedure for "Drop" Command

1. If inside the school building, the student should:
 - a. Drop to knees with back to window, under a desk or table, and hold on to its leg.
 - b. Fold arms on the floor close to the knees.
 - c. Bury face in arms and close eyes tightly.
 - d. Remain until "as you were", command is given by the teacher in charge.
2. If outside the school building, the student should:
 - a. Find an open area.
 - b. Drop to the ground, and curl up.
 - c. Remain until "as you were", command is given by the staff member in charge.

Evacuation Procedures

Teachers will evacuate their students from the building as soon as all motion ceases and debris has stopped falling. Each teacher will use the safest route to get to the assembly area.

As it becomes safe, children will be released to parents by the principal or designee. Children must be signed out at the assembly area by the parent,/guardian or person on the emergency card.

Fire Drill

When the alarm sounds:

1. Students walk silently in single file from room to assembly area.
2. Students take a knee/kneel.

3. Students remain silent
4. Attendance will be taken outside by the teacher and reported to the administrative designee.
5. When the all clear sounds, students are to follow the direction of their teacher and return to the classroom or designated area.

Lock Down Drill

When notified:

1. Students are to clear the yard if outside.
2. Students are to follow the explicit directions of the adult employee supervisor.

Students are to walk their bike, scooter and/or skateboard on the sidewalk when moving between the street and the equipment rack. Students are not to ride their bike, scooter and/or skateboard in the parking lot or bus loading areas. All bike, scooter and/or skateboard must be placed on the equipment rack on the east side of our school. They must be locked-up with a strong chain or cable with a good lock before leaving the equipment rack. Tobacco-Free Schools/No Smoking Policy

(Health and Safety Code section 104420)

The district’s governing board recognizes that the health hazards associated with smoking and the use of tobacco products, including breathing second-hand smoke, are inconsistent with its goal to provide a healthy environment for students and staff. The law requires that all recipients of any state and/or federal grant or contract maintain tobacco-free school sites.

Use of tobacco products at any time by students, staff, parents, or visitors, is strictly prohibited in district-owned or leased buildings, on district property, and in district vehicles. This prohibition applies to all employees, students, and visitors at any school-sponsored instructional program, activity, or athletic event held on or off district property. Prohibited products include any product containing tobacco or nicotine, including but not limited to cigarettes, cigars, miniature cigars, smokeless tobacco, snuff, chew, clove cigarettes, betel, and nicotine delivery devices such as electronic cigarettes. Any other person who violates the district's policy on tobacco-free schools shall be informed of the district's policy and asked to refrain from smoking. If the person fails to comply with this request, the Superintendent or designee may direct the person to leave school property, request local law enforcement assistance in removing the person from school premises, and/or prohibit him/her from entering district property for a specified period of time.

(E.C. section 310(b)(2))

If your child is an English learner, he/she may be offered English language development instruction targeted to their English proficiency level and designed to ensure English acquisition as rapidly and effectively as possible. Such programs are designed to be aligned with the state content standards and curriculum framework. They are based on sound instructional theory, use standard-aligned instructional materials, and will assist students in accessing the full educational program.

You will be notified when your child is assessed for English language proficiency within 30 days after the start of the school year. The notice will include:

MISCELLANEOUS

Local Control and Accountability Plan

(E.C. sections 52060-52077)

The district is required to adopt a three-year Local Control and Accountability Plan (LCAP) and to update the LCAP on or before July 1 of each subsequent year. The LCAP is required to identify annual goals, and specific actions geared toward implementing those goals, and must measure progress for student subgroups across multiple performance indicators based on eight priorities set by the state. The priorities must be aligned to the district's spending plan. The LCAP must be approved before the annual district budget can be adopted. Once the budget and the LCAP are adopted at the local level, the plan will be reviewed by the county superintendent to ensure alignment of projected spending toward goals and services. The following are the eight state priorities:

1. Providing all students access to fully credentialed teachers, instructional materials that align with state standards, and safe facilities;
2. Implementation of and student access to state academic content and performance standards;
3. Parent involvement and participation;
4. Improving student achievement and outcomes along multiple measures;
5. Supporting student engagement;
6. Highlighting school climate and connectedness;
7. Ensuring all students have access to classes that prepare them for college and careers; and
8. Measuring other important student outcomes related to required areas of study.

The board of education is required to establish a parent advisory committee (PAC) and English learner parent advisory committee (ELPAC) to provide advice to the board of education and the Superintendent regarding the LCAP. (ELPACs are required if enrollment in the district includes at least 15 percent English learners and the district enrolls at least 50 pupils who are English learners. Districts are not required to establish a new ELPAC if an English learner parent committee has already been established). PACs must include parents or legal guardians of low income students, English learner students, and foster youth.

Each district is required to consult with its teachers, principals, administrators, other school personnel, local bargaining units, parents, and pupils in developing the LCAP. As part of this consultation process, districts must present their proposed plans to the PAC and ELPAC. The advisory committees can review and comment on the proposed plan. Districts must respond in writing to the comments of the PAC and ELPAC. Districts are also required to notify members of the public that they may submit written comments regarding the specific actions and expenditures proposed in the LCAP.

Districts must hold at least two public hearings to discuss and adopt (or update) their LCAPs. The district must first hold at least one hearing to solicit recommendations and comments from the public regarding expenditures proposed in the plan and then adopt (or officially update) the LCAP at a subsequent hearing.

Districts are required to post the LCAP approved by the board of education, and any updates or revisions to the LCAP, on the district's website, and establish policies for filing a complaint of noncompliance under E.C. section 52075 using the uniform complaint procedures. Information regarding the requirements for the LCAP and the complaint process must be provided to pupils, parents/guardians, and employees on an annual basis.

The Professional Qualifications of Your Student's Teacher(s)

(34 CFR 200.61)

Federal law requires that the district tell you about your right to request information about the professional qualifications of your student's teacher(s). The same right extends to information about any paraprofessional assigned to work with your student.

You are entitled to ask for the following information:

- Whether the teacher has met state credential or license criteria appropriate to the grade level and subject matter in the class.
- Whether the teacher serves under an emergency permit or other provisional authorization.
- Whether the teacher is teaching in the field of discipline of the certification of the teacher.
- Whether your student is provided services by a paraprofessional, and if so, that person's qualifications.

To submit a request for information about the qualifications of your student's teacher(s) or paraprofessional(s), please contact your student's school.

Technology, Use of the Internet and/or Online Sites and Online Advertising

(20 USC 6777; 17 USC 3601; E.C. sections 35182.5, 49073.1)

The district provides Internet connections for many students during the educational day, and those Internet connections are filtered using a software program or programs designed to eliminate access to visual depictions that are obscene, child pornography, or harmful to minors. While the filters are designed to prevent connections to such material, new websites and material are added to the Internet every day and the district is unable to ensure that each and every inappropriate website or all such material will be blocked.

The district provides technology to students in many educational programs, including computers or electronic devices such as tablets or iPads or similar devices, and also provides Internet access as required for an educational program. Student use of such technology is subject to an Acceptable Use Policy and Agreement which describes acceptable and unacceptable uses of both the Internet connections and the computers or devices. Acceptable uses include communications between teachers and students about class assignments and other classroom topics, and between students on cooperative or collaborative learning projects. During that communication, which may include the use of social media (such as a district-sponsored Facebook page or similar types of social media), personally identifiable information may be shared by your student with other students and the teacher. The district prohibits disclosure of such information outside the classroom assignment/environment but cannot ensure that recipients of the information will comply with the restrictions. Unauthorized disclosures may lead to disciplinary action. If you do not want your student to be subjected to the risk of unauthorized disclosure of personally identifiable information that is disclosed by your student in these classroom assignments/environment, you will have an opportunity to so declare when required to read and agree to the Acceptable Use Policy and Agreement for your student. Refusal to sign the

Acceptable Use Policy and Agreement will prevent your student's participation in such educational programs and may require transfer of your student to a technology-free classroom or environment.

The district may also permit personal devices to be used at school, which is also regulated by the Acceptable Use Policy and Agreement. Students' use of their personal devices may involve unintentional disclosure of personally identifiable information about your student via non-district software programs (apps) your student has on the personal device, or which other students may have on their personal devices, some of which are known to collect and use personal information for purposes having nothing to do with the district's educational program. Your permission for your student to bring and use a personal device on campus will be the subject of a written agreement and may be part of the Acceptable Use Policy and Agreement. Refusal to sign the Acceptable Use Policy and Agreement or other agreement will prevent your student's use of a personal device in such educational programs. If you do not consent to such disclosures via data collecting software present on the personal devices of other students, your student will not participate in such educational program and may be transferred to a technology-free classroom or environment.

The district does not intend to subject students to any advertising and will take steps to prevent advertising that targets students based on the advertiser's use of personally identifiable information. However, due to financial constraints under which the district is otherwise unable to provide the product or service which the advertising accompanies or to which it is attached, the district may be required to permit some advertising that is not targeted at individual students. Any such product or service will have been found by the district to be an integral component of pupil education. Parents/guardians of students in these programs may request that their student not be exposed to this advertising and the district will comply. This means your student will not participate in the educational program but will be required to obtain the educational benefit via a different method if the district is unable to block or otherwise avoid the advertising being presented to your student.

The district is using or contemplates using third-party vendors of data storage/ management products and services and educational software products and services from third-party vendors, including cloud-based services.

- Google Suite
- Illuminate
- Aeries

These third-party technology vendors are considered school officials with whom students' personally identifiable information can be shared without parental consent because they have a legitimate educational interest in the education records generated by or filtered through their software.

The district's contract with third-party vendors of products and services will include legally required contractual provisions, including requirements to maintain the confidentiality of pupil information and also including parental right to review pupil records and correct erroneous information.

Distance Learning

Distance learning can be a viable alternative instructional strategy that supports student achievement of academic goals. Distance learning opportunities may be offered to students participating in independent study, credit recovery courses, enrichment courses, or other courses identified by the Superintendent or designee, or in the event that a school site is physically closed due to widespread illness, natural disaster, or other emergency condition making a school site unsafe or otherwise interrupting the district's ability to effectively conduct operations at a school site.

The district may offer distance learning through a variety of delivery methods as appropriate for the grade level and subject matter. Distance learning opportunities may include video, audio, and/or written instruction in which the primary mode of communication between the student and teacher is online interaction, instructional television, live or prerecorded video, telecourses, and other instruction that relies on computer or communications technology. They may also include the use of print materials with written or oral feedback. As appropriate, courses may be self-directed to allow students to complete assignments at their own pace and/or may involve real-time interaction among the teacher and students.

To ensure that distance learning opportunities are available to all students, the district may contract with third parties for technological devices and the internet connections and, consistent with the district's budget and technology plan, may loan devices to students to use at home and/or assist families in identifying free service providers. Students are expected to use district technology responsibly in accordance with the district's Acceptable Use Agreement. In a distance learning environment, there may not be an option for you to elect a technology-free classroom or environment and personally identifiable information may be shared by your student with other students and the teacher, and any online vendors or service providers under contract with the district.

The district reserves the right to monitor student use of district technology within the jurisdiction of the district without advance notice or consent. Students' use of district technology including, but not limited to, computer files, email, text messages, instant messaging, and other electronic communications, is not private and may be accessed by the district for the purpose of ensuring proper use. Students have no reasonable expectation of privacy in use of the district technology. Students' personally owned devices used with any district technology shall not be searched except in cases where there is a reasonable suspicion, based on specific and objective facts, that the search will uncover evidence of a violation of law, district policy, or school rules.

Kern Integrated Data System

The district is participating, in the Kern Integrated Data System which is a database of student and other information from educational agencies of all types in Kern County, the purpose of which is to increase the rate of student achievement for Kern County students by providing structure and a framework for sharing personally identifiable student information, consistent with the terms, conditions, limitations, and exclusions on sharing information by primary, secondary, and postsecondary institutions set forth in law, for the purpose of studying, analyzing, tracking, and improving student progress in a manner compliant with both state and federal law on student data privacy.

- All children have the right to a free public education.
- All children ages 6 to 18 years must be enrolled in school.
- All students and staff have the right to attend safe, secure, and peaceful schools.
- All students have a right to be in a public school learning environment free from discrimination, harassment, bullying, violence, and intimidation.
- All students have equal opportunity to participate in any program or activity offered by the school, and cannot be discriminated against based on their race, nationality, gender, religion, or immigration status, among other characteristics.

Information Required for School Enrollment

- When enrolling a child, schools must accept a variety of documents from the student's parent or guardian to demonstrate proof of child's age or residency.
- You never have to provide information about citizenship/immigration status to have your child enrolled in school. Also, you never have to provide a Social Security number to have your child enrolled in school.

Confidentiality of Personal Information

- Federal and state laws protect student education records and personal information. These federal laws generally require that schools get written consent from parents or guardians before releasing student information, unless the release of information is for educational purposes, is already public, or is in response to a court order or subpoena.
- Some schools collect and provide publicly basic student "directory information." If they do, then each year, your child's school district must provide parents/guardians with written notice of the school's directory information policy, and let you know of your option to refuse release of your child's information in the directory.

Family Safety Plan if You Are Detained or Deported

- You have the option to provide your child's school with emergency contact information, including the information of secondary contracts, to identify a trusted adult guardian who can care for your child in the event you are detained or deported.
- You have the option to complete a Caregiver's Authorization Affidavit or a Petition for Appointment of Temporary Guardian of the Person, which may enable a trusted adult the authority to make educational and medical decisions for your child.

Right to File a Complaint

Your child has the right to report a hate crime or file a complaint to the school district if he or she is discriminated against, harassed, intimidated, or bullied on the basis of his or her actual or perceived nationality, ethnicity, or immigration status.

Programs to Encourage Parental Involvement/Annual Objectives (E.C. section 11503, 20 USC 6312 and 20 USC 6318)

To ensure that parents/guardians and family members of students are provided with opportunities to be involved in their children's education, each year the district endeavors to involve parents/guardians and family members by:

- Establishing district-level parent advisory committees;
- Inviting input from district committees and school site councils;

- Providing information about opportunities for parents/guardians and family engagement through the district newsletter, website, or other written or electronic means
- Providing copies of working drafts to parents/guardians;
- Providing a master calendar of district activities and district meetings;
- Ensuring that there is an opportunity at a public board meeting for public comment; and
- Assisting parents/guardians in understanding the state academic content standards and academic achievement standards, state and local academic assessments, and how to monitor a child's progress.

A more complete discussion may be found in board policy BP and AR 6020 and in the district's LCAP Annual Update posted on the district's website.

Procedures for Preventing Acts of Bullying, including Cyberbullying (E.C. section 234.1)

Any complaint of bullying must be investigated and, if determined to be discriminatory bullying, resolved in accordance with law and the district's uniform complaint procedures specified in board policy AR 1312.3. Discriminatory bullying includes bullying on the basis of race, color, national origin, sex, sexual orientation, gender identity or expression, age, disability, and/or another legally protected category. When "discriminatory bullying" is committed and the bullying is sufficiently serious to create a hostile educational environment for the alleged victim to otherwise deny or limit the student's educational benefits and services, including denial of a free appropriate public education, the a victim must be afforded the protections specified under relevant state and/or federal law.

If, during the investigation, it is determined that a complaint is about nondiscriminatory bullying, the principal or designee shall inform the complainant and shall take all necessary actions to resolve the complaint.

The district must develop strategies for addressing bullying in its schools and do so with the involvement of students, parents/guardians, and staff. District may also collaborate with social services, mental health services, law enforcement, courts, and other agencies and community organizations in the development and implementation of effective strategies to promote safety in schools and the community.

For more information regarding the district's general anti-bullying policy please review board policy BP and AR 5131.2 and 5145.3.

Child Health and Disability Prevention Program

(Health and Safety Code sections 124025–124110; E.C. section 49452.8)

Good health, including good oral health, is important to your child's learning and successful academic career. State law requires that students have a comprehensive health screening within 18 months prior to each child entering into the first grade or within 90 days thereafter. The parent must present evidence of the comprehensive health screening on the "Report of Health Examination for School Entry" certification form provided by the Department of Health Care Services, signed by the student's health examiner certifying that the student has completed a comprehensive health screening within 18 months prior to entry into first grade or within 90 days thereafter. Likewise, state law requires that by May 31 of your child's first school year in a public school, proof of an oral health assessment by a licensed dentist must be presented. You may file with the district a written objection or waiver stating the reasons if you are unable to obtain such services. Your child may be sent home if you fail to provide the certificate or waiver, or if your child is suspected to be suffering from a contagious disease. You may find it convenient to have your child immunized at the same

time that the comprehensive health screening is conducted. These services may be available to you at no cost through the Child Health and Disability Prevention Program (“CHDP”). For information, you may contact our office at 661-665-8190.

Vision Appraisal

(E.C. section 49455)

The district is required to appraise each student’s vision upon initial enrollment and in grades 2, 5, and 8, except that a student first enrolling in grade 4 or grade 7 will not be reappraised the following year. The appraisal will include tests for visual acuity and color vision; however, color vision will be appraised once and only on male students. The evaluation may be waived upon presentation of a certificate from a physician and surgeon, physician’s assistant, or optometrist setting out the results of a determination of the student’s vision, including visual acuity and color vision. The appraisal does not apply to a pupil whose parent/guardian files with the principal a written statement that they adhere to the faith or teachings of any well-recognized religious sect, denomination, or organization and in accordance with its creed, tenets, or principles depend on prayer for healing in the practice of their religion.

Type 2 Diabetes

(E.C. section 49452.7)

See informational sheet at back of handbook.

Birthday Celebrations

Birthday celebrations for the month can be celebrated on the last Friday of the month, the last 20 minutes of class. Another way to celebrate your child’s birthday is to donate one of their favorite books to our school library. Our Librarian will stamp the inside cover/page of the book noting the student’s name and what the donation was for.

Birthday treats are to be purchased from a store and the packaging is to remain unopened until the start of the celebration. Treats are not to be brought/delivered to school except on the last Friday of the month.

Classroom Parties

All classroom parties for Transitional Kindergarten through 5th grade are limited to two per year: Christmas, and Valentine’s Day.

--Balloons are not allowed at school, without prior administrative approval. Student deliveries of balloons, flowers, candy, etc. will not be accepted.

--All food items for parties must be professionally packaged and purchased from a store/bakery. The container must not have been opened prior to the party.

Bobcat Spirit Day

In order to promote and maintain school spirit, the last Friday of each month is designated “Bobcat Spirit Day”. All Suburu students are encouraged to wear a Suburu School shirt or a red shirt.

Picking Up Your Child Early

No pupil shall leave the school unless their parent/guardian comes in person to the office and requests that he/she be excused. When possible, please phone or send a note ahead of time so the teacher can be notified and have assignments arranged. A note sent to school should first go to the office and then be taken to the classroom teacher in order that adults in charge are aware of any changes made.

No pupil will leave the classroom until the parent/guardian is at the office. Please make every effort to keep leaving school early at a minimum. Your child’s education is important and leaving early can have a negative impact on their learning. It is also very disruptive to the student’s in the class when someone leaves early.

The principal shall not permit a student to leave school in the custody of a person other than the student's parent/guardian unless that person has the verified authorization of one of the parents. Names on the emergency card are considered as authorized. A photo I.D. may be required. Students may not be released to anyone under the age of 18.

Supervision of Students

Children are not to remain on school grounds without parent supervision after their dismissal time. Kindergarten students are dismissed at 2:00pm on M,T,Th,F and at 12:45 pm on Wednesday. A parent or guardian must physically meet the child at the exit gate and check in with the gate attendant to receive their child. First through third grades are dismissed at 2:30pm on M,T,Th,F and at 1:15pm on Wednesdays. Students may wait five minutes to meet-up with an older student in 4th or 5th grade who will be dismissed at 2:35pm on M,T,Th,F and 1:20 pm on Wednesdays. Any student staying after school is to be under the direct supervision of their parent/guardian or enrolled in the Boys and Girls Club on campus. Child care is not provided by staff after dismissal.

Extended Day Care

Extended day care is available at Donald E. Suburu School to all students on a monthly or scheduled drop-in basis. Please contact the Boys & Girls Club office (661) 205-1909 if you are interested in registering your child for this service.

Student Recognition

During each school year, eligible students will receive recognition for outstanding achievement shown in scholarship, citizenship, leadership, and participation in school activities.

- **Student of the Month** – Each month we celebrate a Student of the Month in every 4th and 5th grade classroom. These students are also recognized during our district's monthly board meetings.
- **Perfect Attendance** –
 - Semester Perfect Attendance: Each student who has perfect attendance for a semester will qualify for the Perfect Semester Attendance Award. Two doctor/dentist appointments per semester will not count against student as long as they are at school for at least half of that school day.
 - Full Year Perfect Attendance: Each student who has perfect attendance for the entire year (180 school days) will qualify for the Perfect Year Attendance Award. He/She has not missed anytime at school for any reason, excused or unexcused (every day and every minute the student was present at school and in attendance). Students will be recognized during the end of the school year award assembly.
- **Accelerated Reader Goal Celebration** – Students who meet or exceed their Accelerated Reader Point Goal at 85% overall comprehension accuracy will be invited to the end of the quarter celebration.
- **AR STAR Celebration** – Students who have improved on their STAR Test by a minimum of three months from the previous quarter or who have a reading comprehension of one grade level or more above their current grade, are eligible to participate in our STAR celebration.
- **Honor Roll** –4th & 5th grade students who have a grade point average between 3.00 and 3.49 will be on the Honor Roll. At the end of the year the students are rewarded with a special scholarship recognition awards assembly.
- **Principal's Award** – 4th and 5th grade students who maintain a 3.5 grade point average in all four quarters. At the end of the year the students are rewarded with a special scholarship recognition awards assembly.

All attendance awards are subject to available school funds

Report Cards

A report card can never give a parent/guardian all of the information they should have regarding their child's progress in school. Our report cards will give you a good idea of what your child(ren) is accomplishing. We hope you will attend parent-teacher conferences that are held at the end of the first and third quarters. The first conference period is at the end of 1st quarter, and the second period usually comes at the end of 3rd quarter. Schedules can be arranged by the parent/guardian or by teacher request. Report cards are given at the end of each quarter. Please remember that report cards will not be released if your child willfully damages school property or if school property is loaned to your child and he/she refuses to return it when due, grades, diplomas and transcripts may be withheld.

Progress Reports

Progress reports are given out at mid-quarter intervals. Weekly progress reports are also available, upon request. Parents are strongly encouraged to speak to the teacher if they have any concerns.

Some suggestions regarding student progress at school are:

- Visit the school and the teacher regarding your child's progress.
- Praise your child for good academic grades and good citizenship grades or improved grades.
- Show an interest in your child's schoolwork.
- Support your child's teacher, especially in the child's presence.
- See that your child does his/her homework and has time to do it.
- Have your child read in their Accelerated Reader book every day.

Some don'ts for parents are:

- Do not compare last year's grades with this year. Each grade level has specific standards and expectations. Do make an effort to find out what the present teacher expects of your child.
- Do not compare brothers, sisters, relatives or neighbors' grades with your child's.

Electronic Devices

Students may possess electronic signaling devices provided such devices do not disrupt the educational program or school activity. This includes but not limited to cell phones, i-Pods, PSPs, personal cameras etc. Electronic devices are subject to the following:

- Electronic devices may be used before or after the official instructional day. They may be used during the school day only with the exception of teacher directed instruction with "Bring Your Own Device," having prior parent permission and a signed Internet Use Agreement.

Devices must be turned off and put away during the official instructional day and at any time directed by a district employee. This includes class time, recesses, and lunch.

Any student who violates the above procedure is subject to the following disciplinary action:

1st Offense

- Electronic device will be confiscated by district employee.
- Parent/guardian notified and may pick up phone or other device.

2nd Offense

- Electronic device will be confiscated by district employee.
- Student Behavior Report is completed and provided to administration.
- Parent/guardian notified and may pick up phone or other device.

3rd Offense

- Electronic device will be confiscated by district employee.
- Student Behavior Report is completed and provided to administration.
- Parent/guardian notified and may pick up phone or other device.
- Electronic device may be banned for a semester
- Student may be suspended

No student shall be prohibited from possessing or using an electronic signaling device that is determined by a licensed physician to be essential for the student's health and the use of which is limited to health related purposes. [EC 48901.5] Parent/guardians must submit a written request for electronic use permission.

The district is not responsible for retrieval, replacement or any charges incurred as a result of lost, stolen or damaged electronic devices.

No electronic listening or recording device may be used by any person in a classroom without the teacher and principal's permission. [EC 51512]

Field Trips

Our teachers arrange field trips that are intended to extend and enhance the curriculum. You will be advised in advance of any field trip. Your written permission will be required before your child will be allowed to participate. You are encouraged to return permission slips promptly in order for your child to participate.

If the field trip return time is past the normal dismissal time, parents need to promptly pick up their child. If the child is not picked up within 15 minutes after the scheduled return time, he/she may not be eligible for the next field trip.

Each student will be held to behavioral standards. Students who have previously exhibited behavioral problems may not be eligible to attend a trip; it will be at the Principal's discretion

Fog Delay

The local radio and television stations will carry the announcement starting between 6:30 a.m. and 7:00 a.m. You may also want to log on to the Internet <http://alertline.kern.org>

In the event of a fog delay, breakfast will not be served. School will start and instruction will begin at 10:15am. Students are not to arrive before 10:00am as there will not be supervision for them. Students are to report directly to their regular classroom upon arrival. Should the fog be severe enough, school will be closed for the day. Continue to listen to the radio and television stations for announcements concerning delays and/or closures. Students may be required to make up any day lost due to fog. Dismissal time will be at the regular time. If a Minimum Day is scheduled and a Fog Delay is declared, the Minimum Day will be cancelled and students will be dismissed at their regular time.

Fund Raising

Students will have opportunities to participate in various fundraising activities to support our school. Only school related/approved items may be sold. The selling of candy or any products that are not school related is against school policy. Disciplinary action will be taken on those who choose to violate this policy.

Physical Education

A physical education program is provided at every grade level. This becomes a more formal program and requirements increase beginning with the 4th grade level.

A doctor's certified note is required to be excused from physical education classes for more than two days for health reasons. Since law requires physical education, no other excuse is accepted.

For safety all students are to wear shoes appropriate for running and exercising during their physical education activity.

Our student's safety is our top priority. Our student's safety is our top priority. All staff, especially our Physical Education Educators, constantly monitor our Real-Time Air Advisory Network (RAAN) throughout the school day. If our Real-Time Outdoor Activity Risk (ROAR) reaches Level 5, all prolonged or heavy outdoor exertion will be canceled.

Snacks

We encourage all snacks from home to be healthy snacks like fruit and vegetables. All snacks are to be eaten during recess at the designated areas. All snacks are to be eaten in the designated area for Kindergarten students, and only at the outside picnic tables for 1st – 5th graders. No food is to be taken or eaten on the yard.

Visitors

During regular business hours, all visitors, including governing board members and representatives of county and state school offices, must check in at the school office with a valid California ID before visiting any school location or employee. Visitors under the age of 18 must be accompanied by an adult.

To ensure the safety of students and staff and minimize interruption of the instructional program, visits during school hours should be arranged with the principal or designee. When a visit involves a conference with a teacher, the vice principal, or the principal, an appointment should be scheduled during non-instructional time. When a visit involves having lunch with your child, other students may not accompany you without administrative approval. Children not enrolled at Donald E. Suburu School are not to play on the yard or use the play equipment during school hours.

Student Internet Acceptable Use Policy Agreement

We are pleased to offer students in the Lakeside Union School District access to the Internet. **To gain access to the Internet, all students under the age of 18 must obtain parental permission and must sign and return this form.** Access to the Internet will enable students to explore thousands of libraries, databases, and bulletin boards throughout the world. Families should be warned that some material accessible via the Internet may contain items that are illegal, defamatory, inaccurate or potentially offensive to some people. While our intent is to make Internet access available to further educational goals and objectives, students may find ways to access other materials as well. We believe that the benefits to students from access to the Internet, in the form of information resources and opportunities for collaboration, exceed any disadvantages. But ultimately, parents and guardians of minors are responsible for setting and conveying the standards that their children should follow when using media and information sources. To that end, the Lakeside Union School District supports and respects each family's right to decide whether or not to apply for access.

School Internet Rules

Students are responsible for good behavior on school computer networks just as they are in the classroom or a school hallway. Communications on the network are often public in nature. General school rules for behavior and communications apply. The network is provided for students to conduct research. Access to network services is given to students who agree to act in a considerate and responsible manner. **Parent permission is required. Access is a privilege – not a right. Access entails responsibility.**

Individual users of the school computer networks are responsible for their behavior and communications over those networks. It is presumed that users will comply with school standards and will honor the agreements they have signed. We endeavor to block inappropriate matter through content filtering software on the Internet. Anyone caught trying to bypass the filtering software in order to access denied sites, may result in cancellation of the privilege of working on school computers.

Network storage areas may be treated like school lockers. Network administrators may review files to maintain system integrity and ensure that users are using the system responsibly. Users should not expect that files stored on district servers will always be private. The district reserves the right to monitor any files that may be inappropriate.

The Lakeside School District uses Google Apps for Education to support learning in the classrooms. Google Apps for Education Information FAQ's pamphlet can be found on our website and the back of this policy agreement for review.

Within reason, freedom of speech and access to information will be honored. During school, teachers of younger students will guide them toward appropriate materials. Outside of school, families bear the same responsibility for such guidance as they exercise with information sources such as television, telephones, movies, radio, and other potentially offensive media.

This form is a condensed version of the School Board Policy entitled Internet Acceptable Use Policy, which is available at the Lakeside Union School District Office.

The following are not permitted:

- Sending or displaying offensive messages or pictures
- Using obscene language
- Harassing, insulting or attacking others (Cyber Bullying)
- Damaging computers, computer systems or computer networks
- Violating copyright laws
- Using another's password or login
- Trespassing into another's folders, work or files
- Intentionally wasting limited resources
- Employing the network for commercial purposes
- Violations may result in a loss of access as well as other disciplinary action.

Consent for the California Healthy Kids Survey

Dear Parent/Guardian:

If your child is a 5th or 7th grade student this year, he/she is being asked to be a part of our school's Healthy Kids Survey, sponsored by the school district and the California Department of Education. This is a very important survey that will help us promote better health among our community's youth and combat problems such as drug abuse and violence. The survey has also been approved by the Department of Alcohol and Drug Programs, Office of the Attorney General, and Department of Health Services. Your written permission on this form is required for your 5th grade child to participate in the survey. If your child is a 7th grade student and you don't want your child to participate, contact your child's school. The following are facts to help you make your decision:

Survey Content. The survey will gather information on health-risk behaviors such as physical activity and nutritional habits; alcohol, tobacco, and other drug use; and violence, gang membership, and delinquency. There are no questions about family values. You may examine the questionnaire in the school office. It will take about one class period to complete.

Student Selection. Your child is being asked to be in the survey only because he/she is in a 5th or 7th grade class.

It is Voluntary. Your child does not have to take the survey. There will be no action or penalty against you or your child for not participating. Students only have to answer the questions they want to answer and they may stop taking it at any time. Before the survey begins, the survey's purpose, content, and procedures will be explained again. Your child will be able to ask questions and decline to participate.

It is Anonymous & Confidential. Your child's privacy is protected. No names will be recorded or attached to the survey. No information will permit your child to be identified or connected with his/her answers. Survey administrators have signed pledges of confidentiality.

Potential Risks. There are no risks of physical harm to your child. The school's staff will answer any questions or concerns that students might have from the survey.

Where to Turn for Further Information. If you have questions about this survey, or about your rights, you may call the Healthy Kids Survey Center at no charge at (888) 841-7536. The survey is being conducted by WestEd, a public, non-profit educational institution.

APPLYING FOR BENEFITS

An application for free or reduced-price meals cannot be reviewed unless all required fields are completed. A household may apply at any time during the school year. If you are not eligible now, but your household income decreases, household size increases, or a household member becomes eligible for CalFresh, California Work Opportunity and Responsibility to Kids (CalWORKs), or Food Distribution Program on Indian Reservations (FDPIR) benefits, you may submit an application at that time.

DIRECT CERTIFICATION

An application is not required if the household receives a notification letter indicating all children are automatically certified for free meals. If you did not receive a letter, please complete an application.

VERIFICATION:

School officials may check the information on the application at any time during the school year. You may be asked to submit information to validate your income or current eligibility for CalFresh, CalWORKs, or FDPIR benefits.

WIC PARTICIPANTS

Households that receive Special Supplemental Nutrition Program for Women, Infants, and Children (WIC) benefits, may be eligible for free or reduced-price meals by completing an application.

HOMELESS, MIGRANT, RUNAWAY, AND HEAD START

Children who meet the definition of homeless, migrant, or runaway, and children participating in their school's Head Start program are eligible for free meals. Please contact school officials for assistance at 661-834-4189.

FOSTER CHILD

The legal responsibility must be through a foster care agency or court to qualify for free meals. A foster child may be included as a household member if the foster family chooses to apply for their nonfoster children on the same application and must report any personal income earned by the foster child. If the nonfoster children are not eligible, this does not prevent a foster child from receiving free meals.

FAIR HEARING

If you do not agree with the school's decision regarding your application's determination or the result of verification, you may discuss it with the hearing official. You also have the right to a fair hearing, which may be requested by calling or writing to the following: Kimberly Scogin, 14535 Old River Road, Bakersfield, CA 93311, 661-836-6658.

ELIGIBILITY CARRYOVER

Your child's eligibility status from the previous school year will continue into the new school year for up to 30 operating days or until a new determination is made. When the

carryover period ends, your child will be charged the full price for meals, unless the household receives a notification letter for free or reduced-price meals. School officials are not required to send a reminder or expired eligibility notices.

Type 2 Diabetes Information

Type 2 diabetes is the most common form of diabetes in adults.

- Until a few years ago, type 2 diabetes was rare in children, but it is becoming more common, especially for overweight teens.
- According to the U.S. Centers for Disease Control and Prevention (CDC), one in three American children born after 2000 will develop type 2 diabetes in his or her lifetime.

Type 2 diabetes affects the way the body is able to use sugar (glucose) for energy.

- The body turns the carbohydrates in food into glucose, the basic fuel for the body's cells.
- The pancreas makes insulin, a hormone that moves glucose from the blood to the cells.
- In type 2 diabetes, the body's cells resist the effects of insulin, and blood glucose levels rise.
- Over time, glucose reaches dangerously high levels in the blood, which is called hyperglycemia.
- Hyperglycemia can lead to health problems like heart disease, blindness, and kidney failure.

Risk Factors Associated with Type 2 Diabetes

It is recommended that students displaying or possibly experiencing the risk factors and warning signs associated with type 2 diabetes be screened (tested) for the disease.

Risk Factors

Researchers do not completely understand why some people develop type 2 diabetes and others do not; however, the following risk factors are associated with an increased risk of type 2 diabetes in children:

- **Being overweight.** The single greatest risk factor for type 2 diabetes in children is excess weight. In the U.S., almost one out of every five children is overweight. The chances are more than double that an overweight child will develop diabetes.
- **Family history of diabetes.** Many affected children and youth have at least one parent with diabetes or have a significant family history of the disease.
- **Inactivity.** Being inactive further reduces the body's ability to respond to insulin.
- **Specific racial/ethnic groups.** Native Americans, African Americans, Hispanics/Latinos, or Asian/Pacific Islanders are more prone than other ethnic groups to develop type 2 diabetes.
- **Puberty.** Young people in puberty are more likely to develop type 2 diabetes than younger children, probably because of normal rises in hormone levels that can cause insulin resistance during this stage of rapid growth and physical development.

Warning Signs and Symptoms Associated with Type 2 Diabetes

Warning signs and symptoms of type 2 diabetes in children develop slowly, and initially there may be no symptoms. However, not everyone with insulin resistance or type 2 diabetes develops these warning signs, and not everyone who has these symptoms necessarily has type 2 diabetes.

- Increased hunger, even after eating
- Unexplained weight loss
- Increased thirst, dry mouth, and frequent urination
- Feeling very tired
- Blurred vision

- Slow healing of sores or cuts
- Dark velvety or ridged patches of skin, especially on the back of the neck or under the arms
- Irregular periods, no periods, and/or excess facial and body hair growth in girls
- High blood pressure or abnormal blood fats levels

Type 2 Diabetes Prevention Methods and Treatments

Healthy lifestyle choices can help prevent and treat type 2 diabetes. Even with a family history of diabetes, eating healthy foods in the correct amounts and exercising regularly can help children achieve or maintain a normal weight and normal blood glucose levels.

- **Eat healthy foods.** Make wise food choices. Eat foods low in fat and calories.
- **Get more physical activity.** Increase physical activity to at least 60 minutes every day.
- **Take medication.** If diet and exercise are not enough to control the disease, it may be necessary to treat type 2 diabetes with medication.

The first step in treating type 2 diabetes is to visit a doctor. A doctor can determine if a child is overweight based on the child's age, weight, and height. A doctor can also request tests of a child's blood glucose to see if the child has diabetes or pre-diabetes (a condition which may lead to type 2 diabetes).

Types of Diabetes Screening Tests That Are Available

- **Glycated hemoglobin (A1C) test.** A blood test measures the average blood sugar level over two to three months. An A1C level of 6.5 percent or higher on two separate tests indicates diabetes.
- **Random (non-fasting) blood sugar test.** A blood sample is taken at a random time. A random blood sugar level of 200 milligrams per deciliter (mg/dL) or higher suggests diabetes. This test must be confirmed with a fasting blood glucose test.
- **Fasting blood sugar test.** A blood sample is taken after an overnight fast. A fasting blood sugar level less than 100 mg/dL is normal. A level of 100 to 125 mg/dL is considered pre-diabetes. A level of 126 mg/dL or higher on two separate tests indicates diabetes.
- **Oral glucose tolerance test.** A test measuring the fasting blood sugar level after an overnight fast with periodic testing for the next several hours after drinking a sugary liquid. A reading of more than 200 mg/dL after two hours indicates diabetes.

Type 2 diabetes in children is a preventable/treatable disease and the guidance provided in this information sheet is intended to raise awareness about this disease. Contact your student's school nurse, school administrator, or health care provider if you have questions.
